Resolution.

The attention of the Famine Commissioner has been given in his present tour to the extent to which Ragi has been displacing Cholam as an article of diet in the districts of Cuddapah and Anantapur, and he finds that, owing to the pressure of the last 8 months, the rise of price in Cholam and the bad quality of much of the latter staple in the market, Ragi is now consumed to a considerable extent in those districts. This is a fact which must not be ignored in fixing wages, though it must not be pushed too far, as the means of grinding Ragi are not so generally available as in the Tamil districts. As the result of his enquiries the Collector of Cuddapah will in future fix his prices on the basis of one half Cholam and one half Ragi; the Collector of Anantapur will do so on a basis of two thirds Ragi and one third Cholam - This will produce an appreciable saving in wages, and will also act as a check to prevent persons, not really destitute, from resorting to the works.
