REVENUE DEPARTMENT.

C No. 9277 of 1896

From the Board of Rev (Settlement)

8/7/11

Dated 3rd November 1896.

FOR ORDERS.

The Hon. Mr. Davis C.D.E

This is not an application made hands for addl work. That I could understand - but it is an application to raise the pay of a man without change of work. In the present state of poverty, I have no option but to say 'No'

21/1/97

To the Hon. the Chief Secretary for favour of counterinitals.

The man ought to be paid more & it is only by an accident that his pay was not increased some 5 years ago, but I agree that in the present state of the finances the application cannot be supported.

25/1/97

G.O. The Govt agrees with the Board, ~~the Board's recommendations are~~ approved and the proposition statements will be transferred to the Financial Dept.

15/1/97

* These words shall I think go into the Board (Settle) 15/1/97. Financial Dept with Prop. statements. From orders.

Submitted to the Hon. Mr. Gurn for information & remarks if desired.

22/1/97 mis. 4.0574 d. 29.1.97. In the present state of the finances, the Govt. is unable to sanction the increased pay recommended by the Board of Rev. To the Board (Settle) 15/1/97.

FOR ORDERS.

Revenue (1896.) Department.

CURRENT No. 9277

Revenue Settlement, Land
Records and Agriculture
Madras

No. 5423. Misc.

Order

The ~~Met~~ Meteorological Reporter to the
Gov. of Madras states that work in connection
with the registration of rainfall has been
increasing of late, and she accordingly
asks for an increased local allowance
for herself and increased pay for a clerk
viz. Rs 40 rising to Rs 60.

Dated 3rd November 1896

2. The Board does not recommend the first
prayer. In the case of the clerk, it considers
a monthly pay of Rs 40 to be sufficient.

3. May orders issue accordingly.

KD
8/11/97

The Board's recommendation
may be accepted.

SUBJECT

Recommending to
Government the increase
of pay for the Rainfall
Clerk in the Meteorological
Reporter's Office.

Dated 3rd November 1896.

No. 5423. Mis.

READ

the following letter from the
Meteorological Reporter
to the Government of
Madras, dated 24th September
1896 No 901. :—

I have the honor to —
submit the following for
favourable consideration and
sanction of the Board of
Revenue (Revenue Settlement,
Land Records and Agriculture).
Owing to the various changes
made of late years regarding
the new scheme of Rainfall
Registration, there has been
a considerable increase in
the

the Rain work of this Office.
When the work was originally transferred to me from the Government Astronomer in 1886, there were only 314 Rain Recording stations. This number has now gradually increased by nearly half as many again, including those of the Native States of Pudukota, Coorg, Cochin and Travancore recently added as well as those of the Salt Factories, ordered to be included in the authorised list, vide Board's Proceedings No 137 dated 18th June 1896, Revenue Settlement, Land Records and Agriculture. Instead of only the monthly figures, the daily details of each station, together with the Daily Totals and Averages for each District are now published. The Annual Table usually published was for the calendar year only, but at the Board's desire, another Table for the Official year has also been

1181-2
24-3-96

1249
22-3-95

been added. The transfer of Rain gauge Inspection duties from the District Surgeons to the Revenue Divisional Officers has also increased the general correspondence which had already grown heavier as instructions and advice had to be given on all doubtful points, regarding the selection of sites and various other matters.

In February 1894, I applied for an increase of to my Local Allowance as well as to the pay of my clerk; but at that time the Board was of opinion that the increase granted in 1892 was sufficient. Two and a half years have since elapsed and I now beg to renew my request, trusting that the Board will take the matter into favourable consideration and obtain sanction of the Government.

As

As regards my Clerk, he has
not only had far heavier
and more exacting work
but as he writes the best,
neatest and most suitable
hand for the Weather Chart
Summary for the transfer
to the Lithographic Stone,
I always apportion this work
to him, and while from the
date of the introduction of the
Daily Weather Report in October
1893, all other Clerks have
been enjoying extra allowances,
by some accidental mistake,
his name was not included
and he has consequently
never had any extra pay.
I would therefore most
earnestly request that the
Board will kindly recommend
and obtain sanction of
Government for an increase
in his pay grading it from
Rs 40-60. which would in
my opinion, be an ample
reward for the extra duties he
has had to perform and
would

would doubtless encourage
him to continue to discharge
his duties with more energy
and satisfaction in future.

Resolution.

In the above letter, Miss Poyon
applies for an increase to
her local allowances on
the ground that her work
in connection with Rain-
fall registration has
considerably increased
of late. She also recommends
that the pay of the clerk
attending to rainfall statis-
tics, be graded from Rs 40-60.
2. The Board observes that
the Clerical work of the
Meteorological Reporter's
office has been increased
owing to the recent additions
to the number of rain record-
ing stations and the
transfer

transfer of the supervision
of the inspection of rain gauges
from District Surgeons to
Revenue Divisional Officers.

The pay of the clerk employed
on this work, was in 1892,
raised from Rs 15 to Rs 20
rising by annual incre-
ments of Rs 5 to Rs 30.

Considering the recent
increase to his work, the
Board would recommend
that his pay be now raised
to Rs 40 per mensem, which
seems adequate. The increase
may take effect from 1st
April next.

3. The Board regrets that it
is unable to recommend
an increase to the local
allowance drawn by the
Meteorological Reporter
for Supervising Revenue
Rainfall Stations. She is
now paid Rs 150 per mensem
for

for this work and that seems
to be sufficient.

4. The usual Proposition State-
ment is submitted.
