[Despatch Abstract.]

Salt, Abkari and Customs officers for Home
Duty.

According, with remarks, Board's Prop^s &
submitting to Government a list of —.

3. The maximum pay of Circle is Rs 70 (vide Section 40 Inspectors ~~under the Code~~ of the Code). Recently the Board

✓

appointed certain stock and agricultural inspectors (Rs 100) for the forests, and the Govt has taken exception to the Code scale being exceeded without its sanction and has called for a report from the Board on the subject. If the Code scale is to be adhered to, Nos 15 to 35 on the list could only be employed in connexion with relief works. The Board recommends that the scale laid down in section 40 for the various kinds of sub appointments be held applicable only to men not in Govt service. Considering the extreme difficulty of getting ~~substantially~~ suitable men for the posts enumerated in section 40, the recommendation may be accepted. Then in regard to the recommendation to ~~not~~ ^{extra} grant allowances to these men. The A. G. has ruled that Civil officers employed on ^{in their own province} famine duty are not entitled to any extra allowance and that art 98 of the C. S. R. does not apply to them. He has however

This will be for his to my uncomfortable position. For example many men in Govt service have been appointed as such already. What is to be their position. I think that is the answer. 11/9/17. This distinction is based on an old rule of 1877 since superseded by the C.S.R. and I doubt if Govt will maintain it. 11/9/17.

I think that this list is one of new men to the RD (Dep. Rev. Dept) recommends for employment in case the main com fails. It seems he said to have failed, but there is urgent need of some of the men, & they must be taken. 3 Relief Officers are wanted in Bangalore & 4 in Vijayapatnam. I will leave it to Mr Han Sir H. R. who will be acquainted with the need of the P. L. Dept. to select fit men. I am for the Govt that the Govt of Bangalore & Mysore.

has recommended as locally available help Enayat Ali, Insp 3rd Grade, P. L. Enayat Ali, Rs 300, and P. L. Insp 4th Grade, Mysore P. L. Rs 250. P. L. Enayat Ali is in Vijayapatnam & Mysore P. L. in Kistna, or I don't know why the Govt thinks there locally available ^{are} work, but perhaps they ^{are} have. If not, they should not be nominated, unless the Comm. consents. So far as the pay is concerned, I do not think the present pay of any of the men on the list is too great for a Relief Officer. Whether we can give them or other men higher pay than they now get, when they are employed as Relief, is a question we cannot be determined till we see the papers referred to in para 4 of the note. If we cannot give them any thing additional under existing rules, I think we shall have to ask India to let us do so. As the men have now in a position we must think to be taken Relief Officers or P. L. inspectors.

curiously enough allowed famine appointments under art 95 of the C. S. R. and section 30 of the famine code on any salary the Local Govt chose to grant. The effect of these rulings is that the Local Govt is at liberty to grant extra (without any limitation as to time) allowances when the aggregate pay and allowances do not exceed Rs 250 a month, and for a period of six months when they exceed Rs 250 a month - provided in both cases it calls the appointment a temporary appointment under article 95; in the latter case ~~when the~~ ^{on the expiry of the six months} ~~the Code~~ ^{the Code} would seem to suffer, or the L. G. may, if it chooses, make the report under the section when making the appointment. It has however, been contended that the A. G. is wrong in both his rulings & that we should not take advantage of his misinterpretation of the Govt of Financial Codes and exceed the powers

properly needed in us, A note
has been prepared in the R.D. giving
the history of articles 95 & 98
of the C.B.R. and Section
30 of the Famine Code and
detailing the results noted above
of the A.C.'s rulings, and will
~~be~~ he circulated shortly
by the C.B. The Govt will
then have to consider whether
we are not exceeding our powers
and if so, to decide
whether we are or not to act
upon the A.C.'s rulings; and
the Famine Commr's recommenda-
tion may lie over till then.

we shall have to decide if any
can take two pieces of overalls
& suppers works. If so, the
last one is given to the C.B.
Apparently he has room for all
his needs were specially referred
to me by G.O. who called for
his list.

9/7/97

My recollection is that H.R. said
yesterday in C. that the 3 Taluk Rs.
required for the 5 to be provided by
Asst Commr there & that 4 Taluk Relief
offices were to be provided for 1000, of whom two were
to come from the J.A. Dept. & two to be provided
from somewhere else. I don't recollect however
whether the latter two were to come from
the Taluk or from somewhere else. I will
take it therefore that 4 T.R.O.s are to come
from the J.A. Dept. - I should select Messrs. Tillard
(first mentioned in the April formation but which
had been 4 or 5 miles off, but which has
not yet appeared in the Gazette - why I don't
think), Warner, Brown and Wroughton.
Tillard, J. Brown and Wroughton are all
J.A. Dept. Tillard & Wroughton are not just now
asking for telegraph but as in charge
for a long time of Relief O.S. they
must have a working knowledge
of it. Warner is a long way off
but is in the field - Men moved in
for famine duty should not take their
families.

Why Messrs. & Stone have not been
named, I don't know. No doubt the
Commr has his reasons.
As to the other men who are put
down as fit to be O.S.s, the matter
is so, I think the C.B. should
arrange direct with the Commr to
take as many as he wants to provide
for the Famine Commr & take the number
wanted as O.S.s.

I don't think that in the case of
Govt servants we should adhere to the Rs.
limit of pay for O.S.s - we must
see what we can get.

As to giving the men some
extra remuneration, we must do the
best we can for them when the famine
is over. It should be expedited.

Resolution:

As desired in the Government Orders read above the Board begs to submit the enclosed list of officers in the Salt & Customs Department and its own office whom it recommends for employment, in case the monsoon should fail, in Famine Relief work.

2. Of the men named one Inspector and seventeen Sub Inspectors are already engaged.

engaged on Famine work, the former in Bengal and the latter in the Ceded Districts. The deputation of the men now named would give Government an additional twenty-eight tank Relief Officers twenty-three Circle Inspectors and five Pay Masters or Poor House Superintendents. The Deputy Commissioners will be directed to report the names of more men for employment in the latter grade and as Kitchen Superintendents or Poor House Store Keepers to Collectors direct.

3. The Board takes this opportunity of bringing to the notice of Government the hardship that is entailed upon Officers of the Department, more particularly those in the lower grades, who draw no travelling allowance by transferring them to Famine Districts where they are separated from their people.

people and have at the same time to purchase provisions at enhanced rates. It would request that, at any rate in the case of Sub Inspectors and clerks, some additional allowance may be granted as a compensation.

Proceedings of the Board of Revenue,
Separate Revenue, dated 17th June 1897.
His. No 2583.

Resolution

Submitted to Government with
reference to G. O. Nos. 314 of 97 and
410 of 97.

2. Men should be taken as far
as possible from the districts in which
they are required. Several of the men
are unfitted for service in the hilly districts
or the northern districts by reason of their
being unacquainted with Telugu. The Govern-
ment will be able to give but little aid
in the Koya tract of Gajum.

3. The Commissioner of Salt
and Akari asks that some Con-
cessions may be made in favour
of

of the lower paid officers of his Department. Officers of, and below the Grade of Sub-Inspectors draw no travelling allowance, and Famine Commissioner considers that when such officers are deputed for famine duty, they should receive ^{some} allowance to meet the expense that their constant touring will involve.

4. Taluk Relief Officers are superior to Tahsildars (Section 53 Famine Code). They should therefore draw pay of not less than Rs 250. The next appointment provided by the Famine Code below that of Famine Relief Officer is that of Circle Inspector. The pay of such an officer is fixed at a maximum of Rs. 70 (inclusive of travelling allowance).

It will thus be seen that there must be a large number of Government servants on pay from Rs 70 to Rs. 150 for whom no employment can be found under the Famine Code. The Famine Commissioner therefore ventures to suggest that if Section 40 of the Code may be held to apply only to men not previously in the employment of Government,

and that Collectors may be empowered to employ as Circle Inspectors men who are permanently in the Service of Government and draw a higher pay than Rs. 70. This would allow the employment, as Circle Inspectors, of Acting Assistant Inspectors of the Salt & Akari Department, and would permit of Sub-Inspectors on Rs. 70 being given a travelling allowance while on Famine duty.

The Famine Commissioner begs to quote the case of the Stark Inspectors employed in 1891-92 and again recently. If Section 40 is to be rigidly adhered to, no employment on famine duty can be found for such men, ^{unless} ~~unless~~ they have training as Engineers.

The Famine Commissioner understands from the Commissioner of Salt and Akari that Assistant Inspectors should be competent to carry on the ^{ordinary} ~~others~~ duties of Overseers, and receive on pay from
