Note

With the silence the Board (separate Rev) forwards six statements showing the exports of grain by sea in April – October 1896 in comparison with the figures for the corresponding months of 1895.

2. The grains dealt with in the statements are (1) Gram, (2) Wheat, (3) paddy, (4) Oats, Jowari, Bajra and grain, Other sorts, (5) rice and (6) pulse. As they are at present, the statements do not convey a clear idea as to whether there has been an increase in the exports from this Presidency during the current year. But before preparing an abstract, orders are requested as to the form of the abstract.

3. May the countries in column one of the statements being be grouped under (1) To places within the Presidency, (2) To British India beyond the Presidency and (3) To all other countries. No ports in col. 2 and the value of the exports may perhaps be omitted.

The object of these returns is to obtain some idea how far the stocks & resources of the Presidency are being drawn upon to supplement the needs of other places. I think only heads (2) & (3) are needed.

for the above purpose both (1) the also be taken into for check purposes and because it may throw light on the general question.
