GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

READ—again the following G.O., Mis. No. 3724, Revenue, dated 20th July 1897:—

Read—the following Proceedings of the Board of Revenue (Revenue Settlement, Land Records and Agriculture), dated 14th July 1897, Mis. No. 5330:—

Resolution—dated 14th July 1897, Mis. No. 5330.

The fact that the ordinary course of business will require the presence of the Sanitary Commissioner at Adóni at the end of this week suggests that it would be well if he were to continue his tour into the Deccan districts of Bombay, and study the effects of the Code rations in that Presidency, the classification of workers and the mode of administration of gratuitous relief. Some valuable hints might be gathered, in the course of such a tour, which would be of use in this Presidency in which Mr. Ozanne, the present Famine Commissioner of Bombay, served on relief during the famine of 1876—78. As much of the country in which Surgeon-Lieutenant King would have to tour is occupied by a Canarese-speaking population, the Famine Commissioner would respectfully suggest to Government that, in permitting the Sanitary Commissioner to pursue his inquiries, Deputy Collector T. Rama Rao, who knows both Canarese and Hindustani, and is an officer of wide famine experience, might be associated with the Sanitary Commissioner as a personal assistant. If this proposal should commend itself to Government the favour of orders by wire is solicited, in order that the Sanitary Commissioner may start direct from Adóni. The Sholapur district of Bombay is the one to which the Sanitary Commissioner's attention might be specially directed, as it corresponds, in numbers on relief and in situation and climate, somewhat with the District of Bellary; but if he should think it necessary, the Sanitary Commissioner might be permitted to visit other districts. Perhaps Government would request the Government of Bombay to give the Sanitary Commissioner the necessary facilities for pursuing his inquiries, obtaining access to vital statistics, &c.
