PUBLIC WORKS DEPARTMENT, RAILWAY BRANCH.

MEMORANDUM.

15 February

Dated Madras, 29 January 1897.

Copy of letter from the Director General of Railways No. 19, Stat: to the Consulting Engineer for Railways, Madras dated the 12th January 1897.

In Part I of my annual reports on the Railways in -- India a chapter is devoted to collieries, but as no mention has hitherto been made in the reports of the collieries at Rachagorapalli in the Godavari Valley, I shall be much obliged if you can obtain for me a brief memorandum regarding these collieries for incorporation in the report for 1896-97.

2. The memorandum need only state the output and class of output during the calendar year 1896 as compared with that of the previous year, and contain such general remarks as the -- working company would be willing to make in connection with the supply of coal for Railways.

3. I shall also be obliged by your informing me of the results of any measures that may have been recently undertaken to prospect coal in the Godavari Valley.

4. As the time allowed for the compilation of the report is limited, I would specially ask that any information that may be supplied for incorporation in it may be despatched so as to reach my office at Simla by the 15th April 1897.

Copy forwarded to the Revenue Department, for favor
of

of the required information being supplied to this office
at as early a date as possible, for transmission to the
Government of India.
