Note. Kannimbadi is on the line of Rail & there is
a Branch Post office there.

Under the Rules, the whole of the intoxicating
manufactured should be taken to the storehouse
if it can be sold before it is stored there.

The Board's remark in para 4 of the current that cultivators "will soon arrange either to dispose of the Ganja to the dealers before it leaves the place of production..." is therefore not understood. Should this be noticed in the draft

Proceedings of the Board of Revenue
(Separate Revenue.)

Dated 4th July 1897.
Misc. No. 2793

Read letter from the collector, North Arcot Dist. No. 2020 of 1897 dated 17th June 1897, submitting his objections to the establishment of the Ganja Stone house at Kaniembodi.

Resolution

The Board begs to address Government regarding the site for the hemp-drug Stone house in the North Arcot District.

2. In Government order No. 357 Revenue dated 24th July 1896 it is ordered that it must be located as near as possible to the place of cultivation and in the rules appended to the same it is mentioned that it must be in the district in which cultivation takes place. In the case of the Ganja Hills in the North Arcot District there is a difficulty in fulfilling either of these requirements. The hills themselves are so few in number that the location of the Stone house in them is altogether out of the question, the

of Amarthi at the foot, to which the cultivators
come to barter their ganya with the traders and which
was first selected as a site for the storehouse by the
collector is also reported to be so feverish that it is
out of the question to locate an office there, the next
village on the road which the ganya follows Kelpattu
is a petty one and has no connection with the trade
and Kaniyambodi which is the real centre of the trade
is in the Vellore Taluk.

3. After going fully into the merits of the various sites
the Board is distinctly of opinion that Kaniyambodi is
the best place for the purpose. It is only nine miles
from the foot of the hills, the ganya being brought to
it direct from Amarthi it is as stated above, the real
centre of the trade, it is a fairly large village and it
is on the Railway.

4. In these circumstances and with reference to the orders
quoted above, the Board requests the sanction of govern-
ment to the location of the storehouse for the Polur
Taluk at Kaniyambodi. The cultivators may find it
inconvenient at first but the Board believes that they
will soon arrange either to dispose of the ganya to the
dealers before it leaves the place of production or
to convey it direct to Kaniyambodi. It must be
remembered that the new ganya rules have conferred
a very great privilege on the cultivators of the plain
in the gandy hills and they cannot complain
if

if that privilege is accompanied with a disadvantage
of the sort.

ABSTRACT.—Submitting his objections to the establishment of the ganja store-house at Kaniembadi.

Resolution—Mis. No. 2793, dated 4th July 1897.

The Board begs to address Government regarding the site for the hemp drug store-house in the North Arcot district.

In the case of the Javadi Hills in the North Arcot district there is a difficulty in fulfilling either of these requirements. The hills themselves are so feverish that the location of the store-house in them is altogether out of the question, the hamlet of Amarthi at the foot, to which the cultivators come to barter their ganja with the traders and which was first selected as a site for the store-house by the Collector is also reputed to be so feverish that it is out of the question to locate an office there; the next village on the road which the ganja follows, Kalputtu, is a petty one and has no connection with the trades and Kaniembadi which is the real centre of the trade, is in the Vellore taluk.

It must be remembered that the new ganja rules have conferred a very great privilege on the cultivators of the plant in the Javadi Hills and they cannot complain if that privilege is accompanied with a disadvantage of the sort.
