The draft notification, under section 16 of the Madras Forest Act, for the constitution of the Penamur extension A and B blocks in the Chittoor taluk as —, ordered to be published in the Fort St. George and the North Arcot District Gazettes.

GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

Read—again the following G.O., Mis. No. 2894, Revenue, dated 9th June 1897:—

Read—the following Proceedings of the Board of Revenue (Land Revenue), Forest No. 152, dated 10th April 1897:—

Read—the following Proceedings of the Board of Revenue (Land Revenue), Forest Mis. No. 870, dated 17th June 1896:—

Read—the following letter from S. H. WYNNE, Esq., B.A., Collector of North Arcot, to the Secretary to the Commissioners of Land Revenue (through the Conservator of Forests, Central Circle), dated Ambur, 27th January 1896, Ref. on Cur. No. 1560 of 1895-96:—

I have the honour to enclose in original letter No. 316, dated 17th August last, received from the Forest Settlement-officer containing his final report of the settlement of block No. 127 A and B in Chittoor taluk, and to request that Government may be moved to issue the notification under section 16 of the Forest Act, draft of which is enclosed in respect of the blocks.

2. The statement of area and condition as required by Government Order, No. 640, dated 4th July 1887, is herein enclosed.

ENCLOSURE No. 1.

From W. C. McMURRAY, Esq., Forest Settlement-officer, North Arcot, &c. Districts, to the Collector of North Arcot, dated Gudiyattam, 17th August 1895, No. 316.

I have the honour to report the conclusion of the settlement of the proposed Penamur extension reserved forest block No. 127 A and B in the Chittoor taluk of your district.

2. The notification under section 4 proposing to constitute this area into a reserved forest appeared in the *Fort St. George Gazette*, dated 27th February 1894, and the proclamation under section 6 was published in the supplement to the District Gazette, dated 2nd July 1894.

3. The block was perambulated, inspected and enquired into by me in October and November 1894 when twenty-five claims in all were filed and admitted for the following rights:—

- (i) Six claims were to right of way over five cart-tracks and a foot path.
- (ii) Five claims were to right to shrines and right of way to some of them.
- (iii) Thirteen claims (ten relating to same rights) were to Government patta and Inam rights over 11.75 acres of land.
- (iv) One claim was to miscellaneous rights. The last claim was disposed of on the 29th ultimo and the appeal time will expire on the 28th instant but to save delay the final report is now submitted as the claim was not contested by the District Forest-officer and therefore there could be no appeal.

4. The block is thus free of all rights except those mentioned above.

5. The following are sent herewith:—

- (a) B Register of claims.
- (b) Draft notification under section 16.
- (c) Numerical statement of claims filed and disposed of.
- (d) Two sketches of the block.

6. The date in the draft notification is left blank. Two months time will be necessary to have it duly published as required by the Act.

P.S.—It having since been ascertained that the extent of survey No. 914 included within the reserve is 38 cents and not 10 cents, the extent of Government patta and Inam lands in item (iii) of paragraph 3 will now be 12.03 acres.

ENCLOSURE No. 5.—Numerical Statement.

ENCLOSURES Nos. 6 AND 7.—Two Sketch-maps.

Endorsement by E. P. POPERT, Esq., Conservator of Forests, Central Circle, dated Madras, 10th February 1896, No. 1441.

Forwarded.

Resolution—Mis. No. 870, dated 17th June 1896.

From the sketch-map, it would appear that block A, besides being irregular in shape, is close to the village sites of Jettivanivoddu and Bontivanka on the north and seems to be almost surrounded by cultivation. Block B also adjoins a village site on the south. In these circumstances, the propriety of reserving them is doubtful. The Collector is requested to report whether due provision has been made outside the reserves for the exercise of village privileges as required in Board's Proceedings, No. 164, dated 11th April 1896, and to submit revised proposals if necessary.

2. The following points are noted with regard to block B:—

(a) *Claim I.*—The rock referred to is not indicated on the map. It apparently lies near the boundary, and may be excluded, if practicable.

(b) *Claim III.*—The point of exit of the right of way has not been accurately described in the notification as in the B Register. The necessary entries should be inserted in the former document.

(c) *Claim IV.*—No access is allowed to the field admitted as an enclosure in the register, although the notification is explicit on the point. The omission should be supplied.

(d) *Claim VI.*—From the map, it would appear that the right of way dealt with, meets the cart-track in claim 2 north-east of the northernmost point of survey No. 11 and not north of it as stated in the register and notification. The necessary correction should be made.

3. An early reply is requested.

(True Copy and Extract.)

(Signed) R. C. C. CARR,
Secretary.

To the Collector of North Arcot, through the Conservator of Forests, Central Circle, with eight enclosures.

Read—also the following letter from S. H. WYNNE, Esq., B.A., Collector of North Arcot, to the Secretary to the Commissioners of Land Revenue (through the Conservator of Forests, Central Circle), dated Vellore, 29th October 1896, Dis. No. 596:—

[Reference.—Board's Proceedings Forest Mis. No. 870, dated 17th June 1896.]

I have the honour to return the settlement papers of Penamur extension blocks A and B.

2. In reply to paragraph 1, I have the honour to enclose a statement showing the total areas, extent of cultivation, areas reserved and proposed for reservation and balance of assessed and unassessed waste belonging to all the villages adjoining the blocks. I would recommend the reservation as it stands on the grounds that ample land has been left for extension of cultivation and village privileges.

3. The rock alluded to in paragraph 2 (a) is now shown on the map. As its exclusion would result in an impracticable boundary, I would suggest allowing the line to remain where it is.

4. The omissions, &c., referred to in paragraph 2, (b), (c) and (d) have been supplied by the Forest Settlement-officer—*vide* his letter No. 232, dated 21st October 1896, enclosed.

ENCLOSURE No. 1.

From M.R.Ry. K. GANAPAYYA Garu, Forest Settlement-officer, North Arcot District, to the Collector of North Arcot, dated Anandasamudram, 21st October 1896, No. 232.

With reference to your District Forest-officer's Ref. on Board No. 343, dated the 21st ultimo, communicating Board's Proceedings, Mis. Forest No. 870, dated 17th June 1896, relating to the settlement papers of Penamur extension block No. 127 A and B of Chittoor taluk, I have the honour to submit my replies to the several remarks of the Board—

1 paragraph 1.—This refers to your District Forest-officer.

Paragraph 2 (a) *Claim I*.—The rock has already been shown in the sketch. The District Forest-officer states that the exclusion of the rock would produce an impracticable boundary and that the Board will be requested to forego the proposal to demarcate it out.

Paragraph 2 (b) *Claim III*.—The necessary entry is made in the draft notification.

Paragraph 2 (c) *Claim IV*.—The omission is now supplied in the remarks column of the B register.

Paragraph 2 (d) *Claim VI*.—The Board's presumption is correct. The necessary corrections are made in the B register and in the draft notification.

ENCLOSURES Nos. 7-10.—Sketch-maps and papers returned with Board's Proceedings, Mis. No. 870, dated 17th June 1896.

Endorsement by E. P. POPERT, Esq., Conservator of Forest, Central Circle, dated 2nd November 1896, No. 677.

Forwarded.

Resolution—Forest No. 152, dated 16th April 1897.

With the letter read above, the Collector submits a statement to show that sufficient land has been left outside the reserve for extension of cultivation and village privileges, and reports that the exclusion of the rock, dealt with in claim I of Block B, would result in an impracticable boundary. He accordingly recommends the retention of the blocks as they now stand. The Board accepts the recommendation, and submits the draft notification to Government for approval and publication in the *Fort St. George Gazette*.

2. The Board observes that the above statement showing occupied and unoccupied lands of villages bordering on the reserve has not been correctly filled up, the entries in columns 4 and 10 being the same. The Board considers that column 4 should show poramboke, viz., village site, roads, streams, mandai, &c., and that column 10 should show the remaining waste available for the requirements of the villages. The Collector is requested to see that the statement is properly prepared in future.

3. The blocks cover an aggregate area of 3,392 acres, as finally settled, and may be declared reserved from 31st August next.

Order—Mis. No. 2894, Revenue, dated 9th June 1897.

The Government observes that a portion of the high road from Chendragiri to Chittoor is enclosed within the limits of the Penamur reserve extension B on its east side. Before the notification is published, the Board of Revenue is requested to report whether the high road mentioned above should not be excluded from reservation (if it belongs to the Local Fund Department); if so, the necessary addition should be made to the draft notification.
