SIR,

I have the honour to enquire with reference to your letter No. 4999 dated 7th December 1896, whether the exports to foreign countries and to Indian ports can be shewn separately in the statements of exports of Tea and Coffee, from Travancore and Cochin. The value of the returns will be materially enhanced if this distinction is made, and it would be an advantage if the figures could be subdivided in the returns for the years previous to 1895 as well as in the returns for that year, so far as this can be done without much trouble. The distinction should

of

of course be made in all future
returns. -

I have the honour to be,

Sir,

Your most obedient servant,

J. G. Carr

Director General of Statistics.

Proceedings of the Board of Revenue

 of Statistics, Calcutta dated

Resolution

With reference to the enquiry
 made by the Director General
 of Statistics, the Board
 begs to report, that so
 far as the Cochin state
 is concerned, the annual
 returns of exports of opium
 and tea hitherto submitted,
 show

show the names of the ports to which each shipment was made, so that all that is ~~is~~ required seems to be merely to group the statistics for Indian and Foreign ports separately. The Resident in Travancore and Cochin will be requested to instruct the Cochin Durbar accordingly.

2. As regards Travancore, the Resident will be requested to inform the Board whether the detailed information wanted by the Director-General can be furnished without much difficulty in future years and if it can be, to make the necessary arrangements with the Dewan. In this connection, it is observed that the statements of coffee

coffee exports received for Travancore up to the year 1894 showed the ports to which exports were made in each month and the quantities exported to each port. The Director General also desires that the exports of coffee & tea to Indian & ports and Foreign countries during 1895 and previous years should be furnished to him. The Resident is requested to supply the information, if it can be easily obtained.
