RR 27-1-2011

Proceedings of the Board of Revenue

(Revenue Settlement, Land Records and Agriculture.)

Dated 2nd February 1897.

No. 770 Mis.

Read Special fortnightly returns
I & II for the period ending
23rd January 1897 from the
collector of Bellary dated
28th January 1897 Disposal
No 568.

Resolution

Submitted for the information
of Government.

2. It is observed that though
the outturn of class B
workers at Bulasalador
tank was less than their
task by more than 10 per

no

15457
31

no deduction in their wages is made. On the other hand the B Class Workers on the Alur - Adoni road, whose outturn was 59 out of 60, have been fined $1/10$ of their pay.

3. It appears that the B. class workers engaged in breaking metal on the Bellary - Moka road did ~~not~~ only a tenth of their task and were fined $9/10$ of their wages. The collector is requested to report the reason for such a low outturn.

The attention of the collector will be drawn to the large deficiencies in original measurement noticed on check measurement in several cases in the Adoni and Alur taluqs. These fortnightly returns should

should be sent under a flying docket as they have to be submitted in original to Government.
