Proceedings of the Board of Revenue (Land Revenue)

No. 2575 Misc., dated 13th July 1897.

Read letter from the Special Assistant Collector of Kurnool, to the Secretary to the Commissioners of Land Revenue, Madras, dated 11th June 1897, Ref: on C. No. 302/Ver and following reference thereon dated 23rd June 1897.

The Collector is requested to forward the Deputy Collector's letter and the statement of nirgantis referred to in para 3 of his letter read above.

Read also statement from the same officer, dated 11th June 1897, No.

Read also letter from the same officer dated 29th June 1897, Dis. No. 1803.

Resolution.

Submitted to Government.

2. The Collector recommends the entertainment of 7 additional taliaris on Rs 4 each and of one more Forest taliari on Rs 5. The Board supports the recommendation.

3. The Collector also submits a statement of nirgantis for villages under the Kurnool- Cuddapah Canal with reference to the extent of irrigation during fasli 1305. The statement shows that 81 nirgantis are admissible according to the scale. But as both the Canal Deputy Collector and the Collector consider that the 64 men already sanctioned are sufficient, the Board recommends that ^{the} latter number may be allowed.

Note The Kurnool Collector's proposals are:—

(a) that 7 additional taluqis on Rs 4 each should be entertained;

(b) that one more Forest taluqi be appointed on Rs 5;

(c) and that the 64 ^{canal} mirgautis already sanctioned for the district are sufficient.

2. (a) As the population ~~figures~~ given by the Collector in the statement submitted by him with the scheme for the provision of village establishments differed considerably in several places from those given in the Census report.

of 1891, ~~the Government~~ ^{it was} pointed out
in para 9 of L.O. 735 721-12-96, that ^{flagged B}

the number of taliahis proposed for ^{the} 13
villages specified in the margin thereof
would ~~require~~ require modifications
and the Collector was directed to
report what modifications in the
number of taliahis to be employed
were necessary. The Collector accordingly
reports that the number of taliahis
calculated according to the population
as per census of 1891 for the villages
mentioned, comes to 25 instead of
18 as previously stated and proposed
to entertain 7 additional taliahis.

3. (b.) The Collector also reports that
the number of forest taliahis required
for Pattiwanda taluk is 63 and
not 62, the sanctioned number, which
was entered by the St. Forest Officer
by oversight. The additional man
being required for a plain village
it is proposed to entertain a man
on Rs 5.

4. (c.) As regards the proposal
regarding mirgantis, please see
note under L.O. 3374 75-7-97
from which it will be seen that a
permanent staff of 64 mirgantis
was sanctioned for the Durnool

district and that the Collector was
however, directed to work out the
actual requirements with reference
to the most reliable figures of
cultivation available and to report
if any modifications were needed.
The Collector accordingly now submits
a village-wise statement of mirgantis
proposed by the Special Dy Collector
with reference to the area under
cultivation in fash 1305 (1895-96),
the latest normal year. The Collector
reports that the number of mirgantis
to be appointed according to the ~~scale~~
scale approved by Government comes
to 81 but considers that it would
be sufficient to employ 64 men,
the number already sanctioned
by Government. The Cuddapah
Collector's similar proposal was
approved in L.O. 3374 75-7-97.

Approving and sanctioning the Kurnool Collector's proposals, which are supported by the Board of Revenue, that seven additional taliaries on Rs. 4 each and one more forest taliari on Rs. 5 may be entertained, and that the 64 canal nirganties already sanctioned for the district are sufficient.

GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

Read—the following Proceedings of the Board of Revenue (Land Revenue), Mis. No. 2575, dated 13th July 1897:—

Read—the following letter from P. J. POPE, Esq., Special Assistant Collector of Kurnool, to the Secretary to the Commissioners of Land Revenue, dated 11th June 1897, Ref. on C. No. 302-Ver.:—

With reference to paragraphs 9 and 12 of G.O., No. 735, Revenue, dated 21st December 1896, communicated with Board's Proceedings, No. 58, dated 12th February 1897, I have the honour to report as follows.

2. The number of taliaries calculated according to the population as per census of 1891 comes to 25 instead of 18 as previously reported (as detailed below). There is thus an increase of seven, which, together with the number already sanctioned, brings the total to 947 at a monthly cost of Rs. 3,788 or Rs. 45,456 per annum.

Name of village.	Population as already reported.	Number of taliaries already sanctioned.	Population as per census of 1891.	Number of taliaries.

<i>Cumbum taluk.</i>				
Aravidu	1,589	1	2,262	2
Total	..	18	..	25

3. A villagewar statement of nirganties proposed by the Special Deputy Collector with reference to the area under cultivation in fasli 1305 is herewith submitted. The number of nirganties to be appointed according to the scale approved by Government comes to 81 as detailed in column 5 of the statement, but the Deputy Collector considers that it would be sufficient to employ 64 men, just the number sanctioned by Government, and I beg to support his recommendation. A copy of his letter on the subject is enclosed.

4. The number of forest taliaries sanctioned for Pattikonda taluk is 62. The District Forest-officer, however, now reports that the correct number required is 63 and that 62 was entered in his original report by oversight. The additional man required is for a plain village and the cost to be incurred on his account will be Rs. 5 per mensem or Rs. 60 per annum.

5. I request that the sanction of the Government may be obtained for these additional items.

ENCLOSURE.

From M.R.Ry. N. SUBBURAYADU PANTULU Gann, Rao Bahadur, Canal Deputy Collector, Kurnool, to the Collector of Kurnool, dated Dibaguntla, 25th April 1897, No. 85.

Referring to your letter R. C. No. 302-Ver. of 1897, dated the 24th ultimo, I have the honour to submit herewith a villagewar statement showing the number of nirganties I propose for the different canal villages of the Kurnool district.

2. It will be observed that, if calculated strictly in accordance with the scale approved by Government, the number of nirganties to be appointed would come up to 81 as detailed in column 5 of the statement, but I think it will be quite enough if the number proposed by me in column 6 of the statement is provided. This latter number, moreover, agrees with the total number of 64 nirganties sanctioned by Government for the whole district.

3. The current fasli 1306 is a famine and thus an abnormal year, and we cannot fairly adopt its figures in calculating the number of nirganties required. Our latest normal year was fasli 1305; and it will be observed that I have adopted the figures of that fasli as the basis for my calculations.

4. My humble opinion is that steps may be taken to appoint the nirganties from the 1st of July next. Although the Public Works Department open the canal again by about the 15th June next, water will not generally be let into the distributaries till about the beginning of the next fasli, by which time water will be expected to reach the end of the canal.

Reference on the above, dated 23rd June 1897.

The Collector is requested to forward the Deputy Collector's letter and the statement of nirganties referred to in paragraph 3 of his letter read above.

Read—also statement from the same officer, dated 11th June 1897.

Read—also letter from the Special Assistant Collector of Kurnool, dated 29th June 1897, Dis. No. 1803.

ABSTRACT.—Stating that the Deputy Collector's letter and the statement of nirganties were sent to the Board on the 24th instant.

Resolution—Mis. No. 2575, dated 13th July 1897.

Submitted to Government.

2. The Collector recommends the entertainment of seven additional taliaries on Rs. 4 each and of one more forest taliari on Rs. 5. The Board supports the recommendation.

3. The Collector also submits a statement of nirganties for villages under the Kurnool-Cuddapah canal with reference to the extent of irrigation during fasli 1305. The statement shows that 81 nirganties are admissible according to the scale. But as both the Canal Deputy Collector and the Collector consider that the 64 men already sanctioned are sufficient, the Board recommends that the latter number may be allowed.
