Reporting on the
rainfall in the district

He has no objection to enclosing

para 5 of the order (prohibition re: opening of new works), but considers that it will be best to leave matters to his discretion. As prices are still very high and acute distress prevails among the poorer classes, it will be necessary to open new kitchens especially with restricted gratuitous relief, and the Collr. is therefore deems it undesirable to enforce para 6, and assures that every effort will be made to secure economy consistent with safety. He proposes to restrict weaving operations by the end of August.

The total rainfall registered at the different stations in the DC from the 1st to the 11th Inst. ~~is~~ aggregates 37 inches.

3. The Collr. of Vizagapatnam reports that the rainfall has not been good in half the district; and bad in Vizagapatnam, Vizianagaram, and in the district of Sripurapalle; that where season improved, he refrained from opening two intended works and has since closed one work and several kitchens and circles; and that the

The Hon: Mr. C. R.
The Hon: Sir H. B. L. K. C. R.
St: E. The Governor

There has recently been
~~very~~ good rain in Tanjore
and Vizagapatnam, and I
think the time has now
arrived for prohibiting the
opening of new works and
kitchens in these two districts
without previous sanction.
This involves the cancellation of
~~the~~ para 2 of G.O. No. 549. 9th
July (F. L. P. A.) The min reports
on in circulation and the min
reports for last week are appended.

I think this might be
done. There has been
plenty of time to stop
all necessary new works
& kitchens since the
date of the G.O.
