ENCLOSURE No. 5.—Sketch-map.

Endorsement by E. P. POPERT, Esq., Conservator of Forests, Central Circle,
dated Ootacamund, 23rd May 1897, No. 1764.

Forwarded.

RESOLUTION—Forest No. 270, dated 5th July 1897.

Submitted to Government for approval and publication in the *Fort St. George Gazette*.

2. The selection of these blocks was approved by Government in its order No. 322, Revenue, dated 24th April 1893.

3. (i) It is observed from the sketch-map submitted that the proposed boundary of the Pandikunta reserve runs very close to the village sites of Mulamreddipalli and Kammarepalli. The Collector is requested to see that the boundary is shifted during settlement so as to leave a larger margin for these villages.

(ii) From the village-war statement in respect of the Kosnipalli extension submitted by the Collector, it is noted that in the Kosnipalli village very little waste land, as compared with the area under cultivation, is left outside the proposed extension for the use of the villagers. The Collector should see that a reasonable margin is left for the village during settlement.

4. Kosnipalli extension formerly reported to lie in the Proddatur taluk (*vide* list printed at page 6 of the Government Order above quoted) is now reported to be in the Jammalamadugu taluk. This should be explained.

5. It is noted that the areas of the proposed reserves, as now reported, differ considerably from those shown in the list above referred to. It is presumed that the figures now furnished represent the areas of these reserves as correctly computed.
