Reference: Office Note No. 1448 dated

12th March 1897.

The undersigned has the honour to point out that the Board's Proceedings transferred with the Endorsement No. 840 Mis. dated 12th February 1897, relates to the construction of a bridle path, which is apparently a necessary preliminary to the alignment of a main road designed to open up those portions of the Angamalais which are now ^{for} leased out ~~to~~ the cultivation of coffee.

The Government has, in the marginally noted Proceedings, ^{given an assurance} expressed its intention ~~to use every means in its power~~ ^{that the country will be so opened} up "with as much expedition as possible," but from Mr. Bentley's letter it is clear ^{that} ~~that~~ ^{an} ~~effect~~ ^{effect} ~~delay~~ ^{delay} has been permitted to take place. In view of this circumstance

and the fact that ~~not only certain of~~

~~the planters concerned, but also the District~~

~~officials have complained the slow rate~~

~~of progress, the undersigned has the~~

honour to suggest that effective measures

should ^{immediately} be taken for securing that the

orders of Government are carried out

with the promptness and energy which so

important and ^{urgent} ~~ancient~~ a matter imperatively

requires. ~~It is observed that it is~~
