Proceedings of the Board of Revenue

(Separate Revenue),

Dated 19th June 1896.

No. 2572 Dis.

Read the following Proceedings of the Deputy Commissioner Southern Division No 2464 dated 29th May 1896.

Read letter from the Assistant Commissioner Tirunelveli Sub Division No 2198 dated 29th April 1896.

The distribution of the Strength sanctioned for the Srinilliputhur Circle is as follows:-

Taluk	Name of Range	Sub Inspectors	Orderlies	Name of parties	Petty officers	Peons
Satur	A Virudupally	1	6(1-2-3)			
	B. Satur	1	6(1-2-3)			
Srinilliputhur	C. Siniakasi.	1	3(0-1-2)	I Siniakasi	1	5(1-3-1)
	D. Watnap	1	6(1-2-3)			
	E. Srinilliputhur	1	6(1-2-3)			
Sankaranai narkoil	F. Rajapalayam	1	3(0-1-2)	II Rajapala- yam	1	5(1-3-1)
	G. Karivalamunda nallur	1	3(0-1-2)			
	H. Vasudana nallur	1	3(0-1-2)	III Vasudana nallur	1	5(1-3-1)
	I. Keelidana nallur	1	3(0-1-2)	IV Keelidana nallur	1	5(1-3-1)
	Inspectors orderlies		6(1-2-3)			
Total		9	45(5-15-25)		4(1+1+1+1)	20(4-12-4)

2. As the Vasudanamallur Range of the Sankaramangal Koil Taluk is said to be very important the supply of toddy required for the taluk being drawn almost exclusively from the trees growing in it whilst the Zamindar of Sattur and Sinagiri to whom most of the trees belong are strongly averse to the introduction of the T.T. Scheme, the Assistant Commissioner suggests that the range should be split up into two, placing each under the charge of one Sub. Inspector and 3 orderlies and a party of one petty officer and 5 peons. The Head quarters of these two will be at Sinagiri and Pulianagudi respectively. The Pulianagudi Sub. Inspector will be assisted by the present Vasudanamallur party, and the Keelidamallur Party will be transferred to Sinagiri to assist the Sub. Inspector there. As the work in the Sinakasi Range is very light the Sub. Inspector who is now in charge of that range together with his orderlies will be transferred to the new Sinagiri Range. The Sub. Inspector Sattur Range will, in addition to his present ranges

ranges look after the Sinakasi Range also assisted by the present Sinakasi party.

3. As the above proposals entail no additional cost on the State, they may be carried out temporarily subject to the Board's approval. A report on the working of the parties as distributed above should be submitted at the end of September next."

Resolution

The Deputy Commissioner's orders in para 2 of his proceedings read above are approved.

2. A report on the working of the re-arrangement should be submitted at the end of September next.

Proceedings of the Board of Revenue

(Separate Revenue),

Dated 29th January, 1897.
No. 304 Mis.

Read the following letter from the Deputy Commissioner, Southern Division, No 6184 dated 16th December 1896:—

"With reference to Para 2 of Board's Proceedings
Mis No 2572 (S.R) dated 19th June 1896, I have the
honor to submit the report on the working of a portion
of the preventive establishment, Siniulliputthur
Circle, since its redistribution, approved of tem-
porarily in the above Board's Proceedings.
2. The arrangement is reported to have worked
satisfactorily, as the following table, showing
the number of trees existing in the 3 revised ranges
of Sinagiri, Pulangudi and Sator and those
marked for toddy and Pathini in them will
prove.

Ranges	Existing trees		Trees marked		Cross marked for pathini	
	C	P	C	P	C	P
Sinagiri	..	200,000	..	1230	..	3948
Puliangudi	500	125,000	40	1270	..	2018
Satur	100	57,000	10	1424	..	1614

It will be seen from the above Statement that in spite of the division of the old Vasudevanallur range into the present Sinagiri and Puliangudi Ranges, and the amalgamation of the Sivakasi range with the Satur range, the work of the Satur range Sub-Inspector has not in any way been materially increased and that the number of trees to be inspected by that officer and his party cannot compare with those to be inspected by the other two ranges - Puliangudi and Sinagiri. The Assistant Commissioner therefore very rightly proposes to further diminish the strength of the Satur Sub-Inspector's orderly by 3 (from 6 to 3) and to increase the strength of the Sinagiri Sub-Inspector's orderly by that number. He also alleges in favor of his proposal that the villagers that have to be patrolled by the Sinagiri Sub-Inspector belong to a rather turbulent Zemindary, and that the numerous illicit tapping cases, detected by the Inspector himself, were reported from this part of the Circle. The Assistant Commissioner has omitted to mention the number of cases detected by each of the Sub-Inspectors of these 3 revised ranges and the nature of the cases detected. I have called upon him to make good ^{the}

the omission.

3. A Statement showing the original sanctioned force, the present scale revised and temporarily approved by the Board, and the proposed scale, embodying the changes noted in para 3 above is submitted herewith.

5. I have no hesitation in recommending the Assistant Commissioner's proposal for the Board's acceptance."

Read also ^{the following} letter from the same officer No 168 dated 13th January 1897:—

"In continuation of para 3 of my letter No 1184 dated 16th December 1896, I have the honor to furnish below a Statement showing the quality as well as the quantity of cases detected in the 3 revised ranges. Viz Sinagiri, Puliangudi and Satur of the Srinilliputtur Circle.

Ranges	Possession of liquor with out license		Unlicensed sales		Illicit transport		Illicit manufacture of toddy		Other offences		Total	
	C	P	C	P	C	P	C	P	C	P	C	P
Satur	1	1	2	2	1	1	6	6	15	15	25	25
