PROCEEDINGS OF THE BOARD OF REVENUE
(LAND REVENUE).

READ—again the following Proceedings of the Board of Revenue (Land Revenue),
Forest Mis. No. 1014, dated 22nd July 1896 :—

Read—the following letter from the Collector of Cuddapah, to the Secretary to the
Commissioners of Land Revenue (through the Conservator of Forests,
Central Circle), dated 21st March 1896, Ref. on C. No. 1550 :—

I have the honour to forward, with enclosures, Forest Settlement-officer's letter,
No. 80, dated 25th February 1896, reporting the conclusion of the settlement of the
Chennupalle proposed reserve, and to request that the final notification may be ap-
proved and published at an early date.

2. The usual area statement is enclosed.

3. The Forest Settlement-officer's letter, though addressed to me, appears to have
been sent to the District Forest-officer, who has not noted the date of its receipt. It
reaches me to-day with his area statement.

ENCLOSURE No. 1.

From W. C. McMURRAY, Esq., Forest Settlement-officer, Cuddapah, to the Collector of
Cuddapah, dated Hindupur, 25th February 1896, No. 80.

I have the honour to report the conclusion of the settlement of the proposed Chennupalle
reserved forest block No. 111-B in the Badvel taluk of your district.

2. The notification under section 4, proposing to constitute this area into a reserved forest,
appeared in the *Fort St. George Gazette*, dated 16th October 1894, and the proclamation under
section 6 was published in the supplement to the District Gazette, dated 8th December 1894.

3. The block was perambulated, inspected and enquired into by me in November 1895,
when fifteen claims in all were filed for the following rights :—

(i) Four claims were to right of way over two cart-tracks and two foot-paths.

(ii) Three claims were to right to a shrine, right to vacant space around it and right of
way to same.

(iii) Eight claims were to Government patta, inam and sivoijama rights over 24.57
acres of land.

4. The claims involved in items (i) and (ii) and five claims in item (iii) were admitted, and
the rest were rejected. The last rejected claim was disposed of on the 15th instant and the appeal
time will expire on the 16th proximo, but to save delay the final report is now submitted, for
although the claim to the land was rejected, but as the land will be excluded from the reserve,
there will be no ground for a grievance.

5. The block is thus free of all rights except those admitted above.

6. The following are sent herewith :—

(a) B. Register of claims.

(b) Draft notification under section 16.

(c) Numerical statement of claims filed and disposed of.

(d) Sketch of the block.

7. The date in the draft notification is left blank. Two months' time will be necessary to
have it duly published as required by the Act.

ENCLOSURE No. 2.—B. Register.

ENCLOSURE No. 3.—Draft notification.

ENCLOSURE No. 4.—Area statement.

ENCLOSURE No. 5.—Numerical statement.

ENCLOSURE No. 6.—Sketch-map.

Endorsement by E. P. POPERT, Esq., Conservator of Forests, Central Circle, dated
Dehra, 31st March 1896, No. 1727.

Forwarded.

2. The map should have been signed by the Forest Settlement-officer.

Resolution—Forest Mis. No. 1014, dated 22nd July 1896.

It is observed that the cart-tracks and foot-paths admitted within the reserves and
shown on the sketch-map are not distinguished one from the other by a Sienna line,
double for cart-tracks and single for foot-paths as per instructions in Government
Order, No. 289, dated 22nd April 1890. Though the attention of the Collector has
been repeatedly called to the above order, it is not observed in its entirety. The
instructions should now be complied with.

2. As noted by the Conservator in his forwarding endorsement, the map has not
been signed by the Forest Settlement-officer as laid down in the settlement Standing
Order in token of his having verified its accuracy.

3. Claim 9.—The cart-track, being close to the reserve boundary, should be
thrown out altogether. In this connection it is noted that the points of entrance of
this path as well as of that in the preceding claim cannot be verified on the sketch-
map. They should be clearly indicated on the map during revision.

4. Claims 10 and 11.—The exclusion of the fields ordered at settlement has not
been indicated on the sketch-map. The omission should now be supplied.

5. Though the claim to 6.79 acres of land was rejected in the first instance as
recorded in column 13 of the numerical statement, they have been subsequently exclud-
ed or fall outside the reserves owing to the exclusion of other lands. This fact should
be noted in the remarks column of the statement.

6. The settlement records should be revised in the light of the foregoing instruc-
tions and resubmitted at an early date.

To the Collector of Cuddapah, through the Conservator of Forests,
Central Circle, with six enclosures.

vator of Forests, Central Circle), dated 18th February 1897, Ref. on Cur.
No. 1550-For :—

RESOLUTION—Forest No. 326, dated 30th July 1897.

The starting point of the northern boundary of the block not being precise, the Board has fixed it with the aid of the village map, and the draft final notification, as thus amended, will be submitted to Government for approval and publication in the *Fort St. George Gazette*, with the recommendation that the block in question may be declared "reserved" from the 30th November next.

2. Owing to exclusions at settlement, the area of the block is only 3,785 acres. The area of reserves in the taluk notified under section 16 is 136,904 acres and not 120,060 acres as given in the area statement. The decrease of 16,844 acres in the Collector's figures is apparently due to the fact that the areas of the extensions to Kavalakuntla, Ganugapenta and Kalasapad reserves, approved of in Government Orders, No. 91, dated 3rd March 1896, No. 445, dated 5th September 1896 and No. 466, dated 13th September 1896, respectively, have not been taken into account. The Collector is requested to report on the correctness or otherwise of the figures now adopted, and to see that correct information is furnished in future.

Reserved Forest.

The draft notification, under section 16 of the Madras Forest Act, for the constitution of the Chennupalli block, in the Badvel taluk, as a —, ordered to be published in the Fort St. George and the Cuddapah District Gazettes.

GOVERNMENT OF MADRAS.
REVENUE DEPARTMENT.

READ—the following Proceedings of the Board of Revenue (Land Revenue), Forest No. 326, dated 30th July 1897 :—

Read—again the following Proceedings of the Board of Revenue (Land Revenue), Forest Mis. No. 1014, dated 22nd July 1896 :—

Read—the following letter from the Collector of Cuddapah, to the Secretary to the Commissioners of Land Revenue (through the Conservator of Forests, Central Circle), dated 21st March 1896, Ref. on C. No. 1550 :—

I have the honour to forward, with enclosures, Forest Settlement-officer's letter, No. 80, dated 25th February 1896, reporting the conclusion of the settlement of the Chennupalle proposed reserve, and to request that the final notification may be approved and published at an early date.

2. The usual area statement is enclosed.

3. The Forest Settlement-officer's letter, though addressed to me, appears to have been sent to the District Forest-officer, who has not noted the date of its receipt. It reaches me to-day with his area statement.

ENCLOSURE No. 1.

From W. C. McMURRAY, Esq., Forest Settlement-officer, Cuddapah, to the Collector of Cuddapah, dated Hindupur, 25th February 1896, No. 80.

I have the honour to report the conclusion of the settlement of the proposed Chennupalle reserved forest block No. 111-B in the Badvel taluk of your district.

2. The notification under section 4, proposing to constitute this area into a reserved forest, appeared in the *Fort St. George Gazette*, dated 16th October 1894, and the proclamation under section 6 was published in the supplement to the District Gazette, dated 8th December 1894.

3. The block was perambulated, inspected and enquired into by me in November 1895, when fifteen claims in all were filed for the following rights :—

(i) Four claims were to right of way over two cart-tracks and two foot-paths.

(ii) Three claims were to right to a shrine, right to vacant space around it and right of way to same.

(iii) Eight claims were to Government patta, inam and sivoijama rights over 24.57 acres of land.

4. The claims involved in items (i) and (ii) and five claims in item (iii) were admitted, and the rest were rejected. The last rejected claim was disposed of on the 15th instant and the appeal time will expire on the 16th proximo, but to save delay the final report is now submitted, for although the claim to the land was rejected, but as the land will be excluded from the reserve, there will be no ground for a grievance.

5. The block is thus free of all rights except those admitted above.

6. The following are sent herewith :—

(a) B. Register of claims.

(b) Draft notification under section 16.

(c) Numerical statement of claims filed and disposed of.

(d) Sketch of the block.

7. The date in the draft notification is left blank. Two months' time will be necessary to have it duly published as required by the Act.

ENCLOSURE No. 4.—Area statement.

ENCLOSURE No. 5.—Numerical statement.

Forwarded.

2. The map should have been signed by the Forest Settlement-officer.

Resolution—Forest Mis. No. 1014, dated 22nd July 1896.

It is observed that the cart-tracks and foot-paths admitted within the reserves and shown on the sketch-map are not distinguished one from the other by a Sienna line, double for cart-tracks and single for foot-paths as per instructions in Government Order, No. 289, dated 22nd April 1890. Though the attention of the Collector has been repeatedly called to the above order, it is not observed in its entirety. The instructions should now be complied with.

2. As noted by the Conservator in his forwarding endorsement, the map has not been signed by the Forest Settlement-officer as laid down in the settlement Standing Order in token of his having verified its accuracy.

3. *Claim 9.*—The cart-track, being close to the reserve boundary, should be thrown out altogether. In this connection it is noted that the points of entrance of this path as well as of that in the preceding claim cannot be verified on the sketch-map. They should be clearly indicated on the map during revision.

4. *Claims 10 and 11.*—The exclusion of the fields ordered at settlement has not been indicated on the sketch-map. The omission should now be supplied.

5. Though the claim to 6.79 acres of land was rejected in the first instance as recorded in column 13 of the numerical statement, they have been subsequently excluded or fall outside the reserves owing to the exclusion of other lands. This fact should be noted in the remarks column of the statement.

6. The settlement records should be revised in the light of the foregoing instructions and resubmitted at an early date.
