Proceedings, Forest No. 337, 6th August 1897.

AUGUST.

Submitting to Government, for approval and publication in the *Fort St. George Gazette*, draft notification under section 16 of the Forest Act for the constitution of the Ugumudi extensions I, V and VI (V and VI being merged in I) in the Tiruvallúr taluk, Chingleput district, as a reserved forest.

PROCEEDINGS OF THE BOARD OF REVENUE

(LAND REVENUE).

READ—again the following Proceedings of the Board of Revenue (Land Revenue), Forest Mis. No. 863, dated 3rd July 1894 :—

Read—the following letter from A. PINTO, Esq., Deputy Collector and Forest Settlement-officer, Chingleput, to the Collector of Chingleput, dated Saidapet, 28th March 1894, No. 50-F. :—

I have the honour to report the conclusion of the settlement of the proposed extension No. I to the already reserved Ugumudi forest block No. 6-B, Tiruvallúr taluk.

2. The proposed extension lay wholly in Santavelur village and, according to the letter accompanying the initial notification, comprised acres 287·88 in extent: but the notified boundaries comprised acres 22·62 of patta land, of which acres 19·88 had not been reckoned in the area above furnished. The aggregate area within the notified limits was, therefore, acres 307·76. Deducting roughly acres 37·76 as the area excluded at settlement leaves a net area of acres 270, or ·42 of a square mile in extent.

O. 595
7·7·93

3. The notification under section 4 appeared in the *Fort St. George Gazette*, dated 18th July 1893, and the proclamation under section 6 was issued in the District Gazette Supplement for August 1893. Time was allowed for preference of claims up to 30th November 1893 and was subsequently extended to 15th February 1894. The block was perambulated by me on 23rd January 1894.

4. Six claims were preferred in respect of this block. Four were to patta lands which were all acquired for the forest by granting exchanges, outside the forest in one case and on the edge of the block cut off and excluded from the forest by revising its boundary in the other three cases. The fifth was to a right of way which was admitted. The sixth and the last was the District Forest-officer's proposal to make certain alterations in the boundary so as to exclude an irrigation tank and private rights and to straighten the boundary. The proposed alteration was adopted. The block is free of all private rights except a public right of way.

5. I beg that two months' time be allowed for promulgation of the notification under section 16 in the towns and villages concerned as required by the Act from the probable date of its appearance in the *Fort St. George Gazette*.

ENCLOSURE No. 1.—B. Register of claims.

ENCLOSURE No. 2.—Draft notification.

ENCLOSURE No. 3.—Sketch-map.

Endorsement by the Collector of Chingleput, dated Saidapet, 21st May 1894, No. 2887.

Submitted in original with all enclosures to the Secretary to the Commissioners of Land Revenue, through the Conservator of Forests, Central Circle, Madras.

2. The required statement of area and condition is enclosed.

ENCLOSURE No. 1.—Area statement.

Endorsement by E. P. POPERT, Esq., Conservator of Forests, Central Circle, dated Madras, 30th May 1894, No. 402.

Forwarded.

2. The maps submitted should have been prepared on tracing cloth or cut and mounted on cloth to fold up as per Board's Proceedings, No. 463, dated 16th June 1893.

Resolution—Forest, Mis. No. 863, dated 3rd July 1894.

The Settlement records of the Ugumudi extension No. I block, which were among the papers received with the letter read above, will be returned to the Collector with reference to the following remarks :—

(i) Fields Nos. 866-G and 866-H have been acquired by the Forest Settlement-officer in claims B (II and III). With reference to this, the Board observes that, as the survey numbers in question have been expressly excluded free from reservation in the initial notification approved in Government Order, No. 595, dated 7th July 1893, the Settlement-officer has no authority to bring them within the limits of a reserve to be notified under section 16. If these fields, as well as survey No. 871, which has been similarly treated in the notification under section 4, and which appears from the sketch-map to have been since relinquished are intended to be incorporated in the reserve, they should be notified under section 4 as additions thereto. The necessary proposals should accordingly be submitted at a very early date.

(ii) From the numbering of the claims in the B. register it would appear that seven claims were originally presented, of which only six find place in the above document. The discrepancy requires explanation.

(iii) The Collector's attention is drawn to paragraph 2 of the Conservator's endorsement and he is requested to submit a fresh map prepared in accordance with the Board's instructions.

2. An early reply is requested.

Secretary.

Read—the following letter from N. S. BRODIE, Esq., Acting Sub-Collector in charge of Chingleput District, to the Secretary to the Board of Revenue (Land Revenue), dated 21st March 1895, No. 2148 :—

2. With reference to clause II, the Forest Settlement-officer reports that No. A-7 in the claim register is a clerical error for A-6 and he has now rectified it.

The enclosures to the Board's Proceedings under reference are herewith returned.

The District Forest-officer regrets the delay in the disposal of this paper.

RESOLUTION—Forest No. 337, dated 6th August 1897.

With the letter disposed of in the first of the papers read above, the Collector of Chingleput submitted the Settlement records of Ugumudi extension I block. As it was found that survey Nos. 866 G and H and 871 were dealt with at settlement and incorporated with the reserve although they were expressly excluded from reservation at the time of initial notification, the Board returned the papers to the Collector with the request that he would submit fresh proposals under section 4 in respect of these fields so as to comply with the provisions of Chapter II of the Forest Act. The fields in question were accordingly notified as extensions V and VI under Government Order, No. 259, dated 10th May 1895. In the meantime, the Settlement papers of extension I block were kept back in the office in view to submit a single notification so as to include extensions V and VI.

The Collector now submits the final report on the settlement of extensions V and VI. As these extensions are merged in extension I, the Board resolves to submit to Government the draft notification in respect of extension I with the request that it may be approved and ordered to be published in the *Fort St. George Gazette*, with effect from the 30th November next.

2. The Board suggests that, for the reasons stated above, all the three extensions may be designated as extension I block.

3. The area of the extensions, as finally settled, is about 270 acres.

Reserved Forest.

The draft notification, under section 16 of the Madras Forest Act, for the constitution of the Ugumudi Extension No. I block, in the Tiruvallúr taluk, as a —, ordered to be published in the Fort St. George and the Chingleput District Gazettes.

GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

Read—the following Proceedings of the Board of Revenue (Land Revenue), Forest No. 337, dated 6th August 1897 :—

Read—again the following Proceedings of the Board of Revenue (Land Revenue), Forest Mis. No. 863, dated 3rd July 1894 :—

Read—the following letter from A. PINTO, Esq., Deputy Collector and Forest Settlement-officer, Chingleput, to the Collector of Chingleput, dated Saidapet, 28th March 1894, No. 50-F. :—

I have the honour to report the conclusion of the settlement of the proposed extension No. I to the already reserved Ugumudi forest block No. 6-B, Tiruvallúr taluk.

2. The proposed extension lay wholly in Santavelur village and, according to the letter accompanying the initial notification, comprised acres 287·88 in extent: but the notified boundaries comprised acres 22·62 of patta land, of which acres 19·88 had not been reckoned in the area above furnished. The aggregate area within the notified limits was, therefore, acres 307·76. Deducting roughly acres 37·76 as the area excluded at settlement leaves a net area of acres 270, or ·42 of a square mile in extent.

3. The notification under section 4 appeared in the *Fort St. George Gazette*, dated 18th July 1893, and the proclamation under section 6 was issued in the District Gazette Supplement for August 1893. Time was allowed for preference of claims up to 30th November 1893 and was subsequently extended to 15th February 1894. The block was perambulated by me on 23rd January 1894.

4. Six claims were preferred in respect of this block. Four were to patta lands which were all acquired for the forest by granting exchanges, outside the forest in one case and on the edge of the block cut off and excluded from the forest by revising its boundary in the other three cases. The fifth was to a right of way which was admitted. The sixth and the last was the District Forest-officer's proposal to make certain alterations in the boundary so as to exclude an irrigation tank and private rights and to straighten the boundary. The proposed alteration was adopted. The block is free of all private rights except a public right of way.

5. I beg that two months' time be allowed for promulgation of the notification under section 16 in the towns and villages concerned as required by the Act from the probable date of its appearance in the *Fort St. George Gazette*.

Resolution—Forest, Mis. No. 863, dated 3rd July 1894.

The Settlement records of the Ugumudi extension No. I block, which were among the papers received with the letter read above, will be returned to the Collector with reference to the following remarks :—

(i) Fields Nos. 866-G and 866-H have been acquired by the Forest Settlement-officer in claims B (II and III). With reference to this, the Board observes that, as the survey numbers in question have been expressly excluded free from reservation in the initial notification approved in Government Order, No. 595, dated 7th July 1893, the Settlement-officer has no authority to bring them within the limits of a reserve to be notified under section 16. If these fields, as well as survey No. 871, which has been similarly treated in the notification under section 4, and which appears from the sketch-map to have been since relinquished are intended to be incorporated in the reserve, they should be notified under section 4 as additions thereto. The necessary proposals should accordingly be submitted at a very early date.

(ii) From the numbering of the claims in the B. register it would appear that seven claims were originally presented, of which only six find place in the above document. The discrepancy requires explanation.

(iii) The Collector's attention is drawn to paragraph 2 of the Conservator's endorsement and he is requested to submit a fresh map prepared in accordance with the Board's instructions.

2. An early reply is requested.
