The Famine Secretary  
Board of Revenue  
Madras

Sir

With reference to the steps we are taking to dispose of the Famine cloths at the various depots; we have the honor to request that we may have some assurance from Government, that small merchants will not be allowed to buy the goods direct from collectors.

We are employing a special Agency to dispose of the cloths, and have travelling agents now at work all over the Presidency who will devote themselves to the distribution, and sale of Famine cloths; as soon as we commence disposing of the goods in any quantity a number of buyers may apply direct to the Collectors and if their applications are considered it

it will completely frustrate our work.

The Board will readily understand that it is not worth our while undertaking the disposal of the famine cloths if we have to encounter competition after we have been at the pains and expense of starting the business.

We understand that all the firms in Madras have had an opportunity of taking up the sale of famine cloths and we ourselves have only determined to undertake their sale after considerable consideration and in connection with their bearing on our interests as local spinners and manufacturers.

In case you should consider the Commission of 5% excessive we may say that we calculate that the travelling expenses and establishments will absorb 2%, our travelling agents will receive 1% as a bonus on sales, so that 2% is the outside we can look to for loss of interest incidental expenses and profit.

We have the honor to be  
your most obedient servants.

The Famine Secretary  
Board of Revenue  
Madras.

Sir, We have the honor to request that you will supply us with a price list of all the famine cloths at the various depots showing the rates at which we can authorize our agents to accept Indents, the prices should allow for a commission of 5% to be deducted from the amount paid in to the Treasury.

For the present we propose paying for all goods into the local treasuries on delivery, later on, we should like the option of paying in values to the Bank of Madras, in Madras.

It is understood that we pay all charges for removal and distribution from the depot at which we obtain delivery.

We further request that, if possible, we may be given a price list

list of the carpets for sale, and a letter of authority to receive small sets of representative patterns for us to send home, to London and other markets for report and valuation; the value of these patterns we are prepared to pay.

We have the honor to request that all prices be kept as moderate as possible as there has been a fall in the price of cotton during the last 3 to 4 months of fully 15%.

We have the honor to be

Madras, 7<sup>th</sup> December, 1897.

The Famine Secretary, Revenue  
Board, Madras.

Sir,

We have the honor to acknowledge receipt of the Board's No 97119 A of the 4<sup>th</sup> instant and in reply we have furnished our agent with authority to receive the clothes in question and are paying into the Bank of Madras Rs 2218-12-0 less 5% say Rs 2107-13-0 and will furnish you in due course with a duplicate receipt.

The procedure you suggest will be quite satisfactory when we make payments in Madras but until the cotton season opens we shall have no use for money upcountry and until then we should prefer making payments upcountry into the Collectors' treasury as advised in our letter of date.

If an authorised price list can be

be furnished, we would suggest that collectors might be authorised to deliver against requisitions issued by ourselves on collecting payments at the Treasury from our Agents, so that it will only be necessary for us to apply to you for delivery orders when we desire to make payment in Maoras.

We have the honor to be

Proceedings of the Board of Revenue  
(Revenue Settlement, Land Records & Agriculture.)

12/9/24 Allis collection dated 12/December 1897

Read letter from the Collector of Madras, No. 2114 of 17 dated 32 December 1897.

Read also letter from the Collector of Vizagapatnam, No. 4209 dated 21 December 1897.

Read also letter from Messrs Binny and Company dated 7<sup>th</sup> December 1897.

Resolution

Messrs Binny and Company, who are acting as Government agents for the sale of famine cloths, desire an assurance that no sales shall be conducted except through them, and permission to indent on collectors ~~direct~~ for cloths, making payment into the collectors' treasury on delivery with receipt to the treasury.

1. This may clearly put its end in the letter read above, and the Famine Commissioner is of opinion that, as the firm is taking considerable trouble and employing a European agent to help Government for a small remuneration, the request is one deserving of favorable consideration.

2. There appears no objection to the firm indenting on collectors for cloths, but, if this procedure is adopted, indents must be made upon collectors alone, and not through the Famine Commissioner. The firm expresses its readiness to bear all charges incidental to the removal and distribution of cloths from the depots at which delivery is obtained. In a previous case, the firm cleared khudyal cloths delivered at Tadpatri, and arrangements were consequently made to have the khudyal cloths transferred to the Tadpatri depot and reissued to the firm's agent at the latter station.

It is not clear, but it is presumed, that the firm may require similar transfers hereafter. Such a course will be impracticable, if the disposal of cloths is to be left with Collectors, for they will have no power to transfer to depots outside their own districts, and it seems at doubtful expediency to give them such a power. But, if Messrs Binny and Company pay the price of the cloths, less discount, to the collectors concerned, there is no objection to the latter dispatching the cloths so paid for, by rail bearing to any railway station mentioned by Messrs Binny & Company at their risk. The result of the proposal to leave the collectors to supply the cloths or indent is, therefore, that the firm will have to take the cloth at the depot at which they are stocked, or at some other depot within the district, or have them sent, after payment, rail bearing at their risk, and the Famine Commissioner doubts if the former restriction would be acceptable to the firm. Messrs Binny & Company will be asked what they have to say on this point.

4. The firm is desirous of trying to find a market for the carpets too, and is prepared to give for samples. Collectors are requested to supply <sup>price</sup> samples <sup>17/12/17</sup> direct to Messrs Binny & Company at once.

5. A list of depots with the description & number of cloths stocked at each is asked for, together with a statement of the price Government is prepared to accept for each kind of cloth. The previous transactions were as follows:—

|                    | market price           | import at  |
|--------------------|------------------------|------------|
| Turban 7' x 9'     | 1 - 1 - 0              | 2 - 14 - 0 |
| Chotis 9' x 2 1/2' | 2 - 0 - 4 <sup>2</sup> | 1 - 14 - 0 |

It is believed that the difference between the ordinary market retail and wholesale rates is about 10% in the rupee. The Famine Commissioner expects that the firm may be instructed <sup>to do so</sup>.

that Government will be prepared to supply cloths at rates which are not more than 2 annas in the rupee less than the market retail rates shown in the annexed list. Early orders are solicited.

## Proceedings of the Board of Revenue

Dated 20<sup>th</sup> December - 1897.

No. 10087

W. H. & Co. Private Limited

READ the following letter from Messrs Binny & Co., Madras, dated 18<sup>th</sup> December 1897:-

We have the honor to acknowledge receipt of your No. 9924A & quite realise the difficulty of Government receiving payment at one depot when goods are to be delivered at another.

We are therefore prepared to take delivery of goods in all instances in future at the depot at which they are stocked & to pay for them there, Government leaving us to obtain the rail charges or the equivalent of rail charges in the prices we obtain from the dealers.

It seems to us that when we wish to make payment in Madras we might still apply direct to collectors for delivery orders forwarding to them a duplicate receipt of the Bank of Madras for the amounts.

We trust you will soon be able to furnish us with

with a price list of all goods we may accept  
as with this we will be able to work with greater  
confidence.

Resolution

Submitted to Government, in continuation  
of Board's Proceedings, 9924 dated 14<sup>th</sup>  
December 1897. There appears to be no objection  
to the firm paying into the Bank of Malacca  
the value of the cloths for which they have  
indented on Collectors, the receipts granted

FOR ORDERS.

Please see G.O. 5394 21-10-97 in which the Famine Commissioner was asked to give his opinion on the suggestion by Govt to appoint a special officer for making enquiries and finding a market for the cloths woven by the weavers on relief during the late distress. In reply (vide G.O. 5859 13-11-97) the Famine Commr stated that he was in communication with Messrs Bining and Co who were contemplating offering to sell the cloths on commission and proposed to send one of its agents to inspect the cloths and make enquiries, and that he would take up for the orders of Govt the final proposals made by the firm on the 19<sup>th</sup> November (vide 6041 20-11-97) Mr Buckley telephoned to say

My dear Major Banks,  
Bining & Co & the  
Cloths. I spoke to  
Forbes on the matter,  
but our conversation  
has very friendly & the  
only point settled at  
all was that Government  
will accept a loan of

firm ~~was~~ was offering  
 some of the Kurmaal and  
 cloth at the marginally  
 less 5 p.c  
 for themselves, and enquired  
 the Board may accept  
 similar <sup>offers</sup> ~~offers~~; he  
 agreed in reply that  
 might be accepted,  
 of the instant he made  
 say that the firm would  
 sent showing what price  
 prepared (to accept)  
 kind of cloth and that  
 do draw up a list pro-  
 vides at rates correspond-  
 ing already sanctioned but  
 hopes the matter could be  
 settled by telephone; he  
 in reply to send  
 lists officially  
 list current read about  
 these proposals and gives  
 cloth stored at depots  
 in Vizagapatnam, Bellary  
 Chapur together with  
 at market prices

H.M.

As it would appear that  
 Mr Forbes discussed the  
 matter personally with Mr.  
 Buckley Inqui to Mr Buckley  
 to know whether the present  
 proposals had Mr Forbes'  
 concurrence. Mr Buckley

reply is appended. Mr. Forbes does not appear to have been fully cognizant of the present proposals but as the matter is urgent I venture to submit it for orders before Mr Forbes comes back.

The main point seems to be that Govt will lose 1 or 2 annas in the mfee. It has already been admitted that Govt must sacrifice something in the matter (please see letter m. g. 6000 d 20<sup>th</sup> Nov 97 flag C.)

Mr Buckley spoke to me only in the most general terms: I asked him to send in the proposals specially J.H.

G.O. no 77217 Jan'y 19

With regard to the price at which Govt. has to supply the cloth to Messrs. Binnay & Co. it is observed that in his Proc. No 10160 d 24-12-97 the Govt. has accepted offers from the firm which are less than the retail rates by more than two annas in the rupee. <sup>the m</sup> ~~the~~ Rev. will be requested to report again on this point after considering Messrs. Binnay & Co's letter of the 16<sup>th</sup> ult. as in the above Proc. which is being <sup>separate</sup> ~~dispatched~~ on which orders are being passed. <sup>the F.C.'s</sup> ~~the~~ other proposals and recommendations are accepted.
