Governor + President in Council, Fort Saint George

Most Respected Sir

1. I, a humble servant, beg most earnestly to bring to your kind consideration the following few lines, with the hope of getting my grievances redressed.

2. I was an attender in the Field Record Department of the Survey Office for the last twenty years. At last in the year 1895, it so happened that Discharge Certificates were given to me and a few others in the Department. We submitted willingly to the course of events, yet with the cheerful anticipation of receiving our gratuity.

3. While we were hovering in this condition one munched and myself were suddenly transferred to Salem, just when it was ten days to the day fixed in the Discharge certificate for giving up our appointments. But to our great misfortune, the climate of the place not being conducive to our health, we were obliged to undergo various difficulties. Meanwhile my companion falling sick, started at once to Madras asking me to explain everything to the Head of the Department there. Soon after Destiny worked out my way too in the same direction. I, too falling severely ill and having none there to look after me in those circumstances,

23 April 1897.

REFERENCE.

Sir,

I have the honor to forward a petition addressed to His Excellency the Governor by C. Narayanasami Mudali, Late Muchi of the Madras Survey Department.

2. The petitioner's statement in para 2 that a discharge certificate was given to him is incorrect and misleading. No discharge certificate was given to him but in consequence of impending

reductions in the Central Office, he was given a printed notice informing him that his appointment would probably be abolished in about 3 months, and that if so, his services would then be dispensed with.

3. It happened, however, that there was a vacancy in the Survey Office at Salem to which he could be appointed. His services were therefore not dispensed with and he was transferred to Salem in accordance with article No. 469, Civil Service Regulations. He joined at Salem on the 6th March 1896.

4. About 3 weeks afterwards, he absented himself without leave and applied for discharge on reduction of Establishment.

He was informed that his request

could not be complied with as the appointment held by him had not been abolished.

5. He remained absent without leave for about 8 months and was at last treated as a deserter by the Survey Deputy Collector at Salem and discharged by that Officer for continued absence without leave with effect from 27th March 1896, the date on which he ceased to do duty.

6. No appeal from the Survey Deputy Collector's order has been made to me.

I have the honor to be,
Sir,

Your most obedient servant

Superintendent
Madras Survey
