Submitting to Government, for approval and publication in the Fort St. George Gazette, draft notification under section 4 of the Madras Forest Act for the proposed constitution of the "Wenlock Downs" block in the Todanad division, Nilgiri district, as a reserved forest.

PROCEEDINGS OF THE BOARD OF REVENUE
(LAND REVENUE).

READ—the following letter from J. H. A. TREMENHEERE, Esq., Collector of Nilgiris, to the Secretary to the Commissioners of Land Revenue (through the Conservator of Forests, Southern Circle), dated Ootacamund, 31st July 1897, Ref. on Cur. No. 149-S. of 1895-96 :—

With reference to paragraph 2 of Board's Proceedings, Forest No. 142, dated 25th March 1896, I have the honour to submit herewith a draft notification under section 4 of the Forest Act in respect of the Wenlock Downs reserve to which certain additions and alterations have, from time to time, become necessary as opportunities for improvement presented themselves. The reasons for the reservation have been fully given in Mr. Sim's letter printed in the above Board's Proceedings and have been approved by Government.

2. The draft rules referred to will be submitted after the conclusion of the settlement as directed by Government in its order, Mis. No. 3173, dated 8th August 1896, communicated with Board's Proceedings, Mis. No. 1137, dated 15th idem.

3. The usual enclosures are also submitted with the exception of the village area statement which will follow.

4. The existence of enclosures is of no moment, as the main object of the reservation is not to restrict the rights of the public (though the question of unlimited grazing may have hereafter to be raised), but to take legal powers to prevent the further alienation of land in an area where alienation is highly undesirable, and where it has taken place in spite of executive orders.

ENCLOSURE No. 1.

Certificate.

Certified that the Wenlock Downs block was selected by Messrs. Sim and Douglas, Collector and Deputy Conservator of Forests, respectively, and the boundaries perambulated by Mr. Douglas on 17th September, 17th to 23rd December 1895, and preliminarily demarcated by Ranger R. Soondaram Pillai from 12th to 30th October 1896, by Deputy Ranger A. P. Singaravelu Mudaliar from 16th to 19th October, 28th October and on 20th, 21st, 23rd and 24th July 1897 and that the demarcation was checked by the District Forest-officer from 6th to 11th November 1896, on 15th January, and 27th and 28th July 1897.

RESOLUTION—Forest No. 376, dated 30th August 1897.

Submitted to Government for approval and publication in the *Fort St. George Gazette*.

2. The proposed "Wenlock Downs" block, the reservation of which has been already approved by Government in its order, No. 90, Revenue, dated 2nd March 1896, includes within its limits 14 blocks already gazetted as reserved forests in addition to several patta and other survey fields, and is now reported to cover an area of 21,436.01 acres.

3. On verifying with the map the several fields entered in the schedule appended to the notification, it would appear that some of them are not recorded in the sketch-map, while † some others which are shown in the map are not included in the above schedule. These and similar omissions should be rectified during settlement.

note

In G.O. no 90 Rev: of
2nd March 1897, the Govt, in
sanctioning the extension and
reservation of the Ootacamund
recreation grounds, decided on
naming them the "Wenlock
Downs" and called upon the Board
to submit the necessary draft

with

from under Sec 4 of the Forest Act
and also a set of draft rules
which would "ensure the proper
protection of the reserve without
interfering with its use for pas-
turage and recreation" (vide para A
5 of the G.O.). The Collector Sub.
sequently represented that the
rights and privileges of the people
could be ascertained only at the
time of the settlement of the reserve
and suggested that the question
of framing the rules might ^{therefore} be
postponed pending completion
of the settlement. This suggestion
was accepted by Govt in G.O. No.
3173 of 8th August 1897 B

The Board now sub-
mits the draft W.M. under Sec
4 of the Act. From both the
map and the W.M. it will be
seen that the proposed reserve
includes a lot of lands already
reserved and a considerable
number of private holdings. These
will no doubt be thrown out at
settlement, the former nominally,
and the latter as enclosures unless
it is thought necessary to purchase
them

them later on.
