OCTOBER.

Survey of the Kakangarai Estate in the Salem District.

Sanctioning the proposal of the Court of Ward for the —, and ordering the publication in the *Port St. George Gazette* of a notification in regard to it.

GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

READ—the following Proceedings of the Court of Wards, Mis. No. 1505, dated 29th September 1897:—

Read—the following letter from M.R.Ry. T. V. GOPALASAMI IYER, Avergall, B.A., Temporary Deputy Collector and Magistrate, Tirupattūr Division, to the Collector of Salem, dated Vāniyambādi, 29th August 1897, No. 138-K.:—

Referring to your endorsement No. 2773, dated 27th May 1897, I have the honour to report as follows on the question of survey of the Kakangarai estate.

2. The test survey of ten fields of each of the four villages of the estate ordered in Memorandum No. 2844, dated 11th June 1896, was made by the manager, and the result thereof is shown in the enclosed statement No. 1. It will be seen therefrom that the total area measured was 200.47 acres and the registered extent of the same as per chitta was 191.94 acres. The net increase is not much, but still some individual cases show perceptible increase though there is similar decrease in some other cases also. Admittedly the manager was not able to identify the correct limits of each field and his survey may not prove a correct test. There can be no doubt that the total professional survey of the estate will result in a net increase not very small, and will, in the end, prove advantageous to the estate and to its tenants alike.

3. Another statement showing the number of villages, the area of holdings in each and also the total area of each village including waste and poramboke is submitted so as to enable the Survey Department to determine the approximate cost of survey, &c.

4. As regards the financial condition of the estate, it will be seen that the Court of Wards has already included this among the estates whose survey may be undertaken. The amount of surplus to the credit of the estate on 30th June 1897 was Rs. 16,984, the average annual receipt and expenditure being Rs. 8,276 and Rupees 6,834, respectively.

5. Irrespective of the increase in rent to be hoped for by the survey, correct and complete account of the holdings may be secured thereby. On the whole, I am of opinion that the survey of the estate is a necessity and may be recommended, as the estate can well afford to undertake it.

Endorsement Ref. on No. 274-C.W.

Submitted to the Court of Wards with reference to Court's Proceedings, No. 7, Press, dated 22nd April 1897.

2. The total area of the estate to be surveyed is about 3,040, acres or $4\frac{3}{4}$ square miles. The Superintendent of Survey states that the survey of the estate can be undertaken during 1898-99 and he estimates the rate of cost of the field survey at Rs. 200 per square mile, which includes also the cost of stone boundary marks required to be provided for before the survey is begun. At this rate, the approximate cost of the survey will be Rs. 950 or Rs. 1,000 in round sum. The estate can well afford to incur this expenditure, and I recommend that the survey of the estate may be sanctioned and put in hand as soon as possible.

3. Copies of the two statements referred to are herewith submitted.

(Signed) H. MOUNSEY,
Acting Collector.

21st September 1897.

To the Secretary to the Court of Wards, Madras.

ENCLOSURES.

Two statements.

Resolution—Mis. No. 1505, dated 29th September 1897.

Submitted for the orders of Government.

2. With reference to section 17 (a) of Madras Act IV of 1897, the court requests sanction for the survey of the Kakangarai estate in Salem. The court is prepared to pay the cost, estimated at Rs.1,000, from Estate funds.

3. The work can be undertaken by the Madras Survey Department in 1898-99.
