regarding reservation in the Chingleput Dt were the result of a careful personal inspection by Mr Popert the Conservator of forests and they were approved in toto by the Govt. So that there ^{seems} no reason to fear that the wants of the villagers will seriously be interfered with by the reservation now proposed. As remarked by the Bd in November 1905, Mr Popert in submitting his proposals had taken care to arrange that all extensions and proposed reserves should leave an ample margin for free grazing and extension of cultivation.
