• further reservation in the Yellavaram
 mission, Mr Peet suggested that the
 Rajavammangi block should be
 divided into two bits so as to include
 certain cultivable lands and low hills.
 When notification under Sec 4 of M. S. Act
 came up to the Govt, it was observed
 that Mr Peet's suggestion had not been
 carried out and the proposals were therefore
 returned to the Bd (para 2 of G. O. 762
 2. The Board now points out that
 the advisability of carrying out splitting
 the block into two bits may be considered
 during settlement. As the notification
 is ready and there is nothing to prevent
 any part of a block included within the
 initial notification being thrown out
 during settlement, it is submitted that
 the Board's proposal may be accepted.

REVENUE DEPARTMENT.

1897.

Board of Revenue

(Land Revenue),

MADRAS.

Printed October th.

Proceedings, Forest No. 417, 27th September 1897.

SEPTEMBER.

Communicating to the Collector of Godavari and the Co-ordinator of Forests, Northern Circle, Government Order directing the publication of the notification under section 4 of the Madras Forest Act for the proposed constitution of the Singamp and Ultima Thule blocks in the Yellavaram division, Godavari district, as reserved forest and stating that if Government is pleased to pass the initial notification in respect of the Ravommangi block in the Yellavaram division, the advisability of dividing the same into two portions as suggested by Mr. Peet may be considered at settlement.

PROCEEDINGS OF THE BOARD OF REVENUE (LAND REVENUE).

Read—the following Government Order, No. 762, Revenue, dated 7th September 1897:—

Read—Proceedings of the Board of Revenue (Land Revenue), Forest No. 322, dated 29th July 1897.

ABSTRACT.—Submitting to Government, for approval and publication in the *Fort St. George Gazette*, draft notification under section 4 of the Madras Forest Act for the proposed constitution of Rajavommangi and two other blocks, in the Yellavaram division, Gódvári district, as reserved forests.

Order—No. 762, Revenue, dated 7th September 1897.

Forest No. 166.

The draft notification in respect of the Singampalli and Ultima Thule (formerly Kondapalli) blocks will be published in the

Fort St. George and Gódvári District Gazettes.

2. As regards the Rajavommangi block, it is observed that in the papers contained in Government Order, No. 877, dated 17th December 1894, it was proposed to divide the block into two parts of about 1,000 acres on the west and 3,000 acres on the east leaving out the low hills on the north-west corner and taking the line close to the foot of the other hills. From the map, however, it appears that the above proposals have not been fully carried out. The Board is requested to report on the point.

2. His Excellency the Governor in Council is further pleased, under clause (c) of the said section 4, to appoint Mr. R. H. L. Lushington, Special Forest Settlement-officer of Ganjam, &c., districts, for the term being to be the Forest Settlement-officer, who shall enquire into and determine the existence, nature and extent of any right claimed by, or alleged to exist in favour of, any person in or over land comprised within such limits, or to any forest produce of such land, and to deal with the same as provided in chapter II of the said Act and the District Forest-officer, Godavari, for the time being, to attend on behalf of Government during the enquiry.

3. His Excellency in Council is further pleased, under the powers vested in him by section 14 of the said Act, to appoint the Collector of Godavari to be the officer of the Revenue Department, who shall hear appeals from orders of Forest Settlement-officers passed under sections 11, 12 and 13 of the said Act.

RESOLUTION—Forest No. 417, dated 27th September 1897.

Communicated to the Collector of Godavari and the Conservator of Forests, Northern Circle.

2. With reference to paragraph 2 of the order read above, the Board submits that the proposals in question were forwarded to Government on the strength of the Collector's statement that only the hills were included leaving a large cultivable area outside the reserves for extension of cultivation, and that every endeavour had been made to exclude all podu cultivation—vide paragraph 3 of Collector's letter of 4th June 1897, printed in Government Order, No. 762, Revenue, dated 7th September 1897. This coupled with the fact that the blocks were reported to have been completely demarcated were taken to imply that the instructions contained in the papers printed in the Government Order quoted had been practically complied with in respect of the Rajavommangi block. The Board would respectfully point out that the advisability of dividing the block into two portions, as suggested by Mr. Peet in August 1894, may be considered at settlement, if the Government will be pleased to pass the initial notification.

Reserved Forest.

The draft notification, under section 4 of the Madras Forest Act, for the proposed constitution of the Rajavommangi block, in the Yellavaram Division, as a —, ordered to be published in the Fort St. George and the Gódvári District Gazettes.

GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

Read—the following Proceedings of the Board of Revenue (Land Revenue), Forest No. 417, dated 27th September 1897:—

Read—the following G.O., No. 762, Revenue, dated 7th September 1897:—

Read—Proceedings of the Board of Revenue (Land Revenue), Forest No. 322, dated 29th July 1897.

ABSTRACT.—Submitting to Government, for approval and publication in the *Fort St. George Gazette*, draft notification under section 4 of the Madras Forest Act for the proposed constitution of Rajavommangi and two other blocks, in the Yellavaram division, Gódvári district, as reserved forests.

Order—No. 762, Revenue, dated 7th September 1897.

Forest No. 166.

The draft notification in respect of the Singampalle and Ultima Thule (formerly Kondapalli) blocks will be published in the Fort St. George and Gódvári District Gazettes.

2. As regards the Rajavommangi block, it is observed that in the papers contained in G.O., No. 877, dated 17th December 1894, it was proposed to divide the block into two parts of about 1,000 acres on the west and 3,000 acres on the east, leaving out the low hills on the north-west corner and taking the line close to the foot of the other hills. From the map, however, it appears that the above proposals have not been fully carried out. The Board is requested to report on the point.
