Simla, the 8th October 1897.

SIR,

In paragraph 5 of the Circular from this Department No. 41—238-1, dated 5th July 1893, the Government of India expressed their desire to receive annually on the 31st March a monograph from each Local Government on some particular industry, the subject of which was to be intimated in the early summer of each year. It has been represented to the Government of India that the dates at present prescribed are not the most convenient. In future, therefore, the subject will be announced in September and the monograph should reach this Department by the end of October in the following year. This will allow of the material being collected in the cold weather and worked up in the hot weather. R.D.

2. I am to request that the necessary correction may be made in the list which accompanied this Department's Circular No. 59-252-11, dated 22nd December 1894, regarding the dates of submission of reports and returns. R.E.
