No. 205, dated 30th July 1895, reporting the conclusion of the settlement of the
Horsleykonda extension proposed reserve and to request that the final notification
may be approved and published at an early date.

2. The usual area statement is enclosed.

ENCLOSURE No. 1.

From W. C. McMURRAY, Esq., Forest Settlement-officer, Cuddapah, to the Collector of
Cuddapah, dated Camp, Satghur, 30th July 1895, No. 205.

I have the honour to report the conclusion of the settlement of the proposed Horsleykonda
extension reserved forest block in the Madanapalle taluk of your district.

2. The notification under section 4 proposing to constitute this area into a reserved forest
appeared in the *Fort St. George Gazette*, dated 5th December 1893, and the proclamation under
section 6 was published in the supplement to the District Gazette, dated 19th March 1894.

3. The block was perambulated, inspected and enquired into by me in November 1894, when
thirty-nine claims in all were filed for the following rights:—

(i) Fifteen claims (two relating to same right) were to right of way over certain foot-
paths and access to a temple and shrines.

(ii) Eight claims were to right to a temple and shrines and vacant space around them.

(iii) Twelve claims were to Government jatta and inam rights over 7.95 acres of land.

(iv) Four claims were to miscellaneous rights. Thirteen claims involved in item (i),
all the claims in item (ii), eleven claims in item (iii) and three claims in item (iv) were fully
admitted, one claim in item (iv) was partly admitted and partly rejected and the rest were
fully rejected.

The rejected easement claim was disposed of on 20th May 1895, and the appeal time expired
on the 28th instant without any appeal being filed.

4. The block is thus free of all rights except those admitted above.

5. The following are sent herewith:—

(a) B. Register of claims.

(b) Draft notification under section 16.

(c) Numerical statement of claims filed and disposed of.

(d) Sketch of the block.

6. The date in the draft notification is left blank. Two months' time will be necessary to
have it duly published as required by the Act.

ENCLOSURE No. 2.—B. Register.

ENCLOSURE No. 3.—Draft notification.

ENCLOSURE No. 4.—Area statement.

ENCLOSURE No. 5.—Map.

ENCLOSURE No. 6.—Numerical statement.

Endorsement by E. P. POPERT, Esq., Conservator of Forests, Central Circle,
dated Madras, 11th November 1895, No. 918.

Forwarded.

Resolution—Forest Mis. No. 604, dated 22nd April 1896.

Of the two extensions to the Horsleykonda reserve as now settled, bit A touches
the main reserve only at its south-east corner and, besides being surrounded on almost
all its sides by cultivated or cultivable lands, is encumbered with many private rights
including four tanks, three of which are Government irrigation sources with ayacut
around them. In these circumstances, the Board doubts the propriety of reserving
it. The Collector is therefore requested to report whether he has any objection to
throwing out this extension altogether or at least the irrigation sources with the lands
under them so as to form a compact block of not less than the prescribed minimum.

As regards bit B, it is observed from the map that it adjoins certain village-sites,
viz., Nagannapalli and Buruzupalli. Opportunity should be taken to carry the
boundary a little further south and to exclude the land admitted as an enclosure, and
the Kottacheruvu for which no claim has been preferred before the Forest Settlement-
officer.

2. The following points are also noted.

(i) *Claim No. 1.*—The right of way enters the reserve west of the north-east
corner of No. 1242 and not east of it as given in the register and notification.

(ii) *Claim No. 2.*—The path quits the reserve west and not east of the south-
east corner of No. 1515.

(iii) (a) *Claim Nos. 3, 20 and 35.*—The points of exit of these paths have not
been accurately defined in the settlement records.

(b) *Claim Nos. 18 and 21.*—Similarly the points of entrance are not specific.

(iv) *Claim Nos. 11 to 16.*—The marginal space allowed to the Anjanéyaswamy
temple is given as 70 yards in the register and 20 yards in the notification. One of
the two documents requires correction.

(v) *Claim No. 17.*—The path dealt with being identical with that in claim
No. 1, it seems unnecessary to treat it as a distinct path in the settlement records.
Consequently item I (3) in the draft notification has to be struck out and the corre-
sponding alterations in the serial numbers of the admitted rights of way, &c., should
also be made in the notification.

(vi) *Claim No. 20.*—The path branches from the one in claim No. 19 about
three furlongs north-west of No. 2155 and not north-east of it as given in the register
and notification.

(vii) *Claim No. 21.*—According to the map, the right of way quits the forest
about three-quarter furlong north-west and not three and a quarter furlongs north-east
of the north-west corner of No. 1277 as given in the register.

(viii) *Claim No. 26.*—The path dealt with is reported to lie in the main reserve but no such path appears to have been recorded as an admitted right in the final notification of the above reserve. If the path is really useful the Collector is requested to report if he has any objection to grant it by a departmental order.

(ix) *Claim Nos. 27—31 and 36—38.*—It would appear from the decision that the sketch-map has been incorrectly drawn. If so, the Collector should avail himself of this opportunity to have the map duly rectified before re-submission.

(x) *Claim Nos. 29 and 36.*—The fields dealt with cannot be traced on the map.

(xi) *Claim No. 8.*—Field No. 965 dealt with is given as No. 955 in claim No. 29; similarly No. 1200-A in claim No. 8 is recorded as No. 1200 in claim No. 28. The correct numbers should be reported.

(xii) *Claim No. 9.*—If the exclusion ordered in this claim, viz., 1,171-83 acres (leaving aside other exclusions) be alone deducted from the initially notified extent, the net area would only come to 8,911 acres. The area given in the map and area statement appears therefore to be a mistake. The Collector is requested to report on the point and to give the area of the extensions individually.

3. An early reply is requested.

Ag. Secretary.

To the Collector of Cuddapah,
through the Conservator of Forests, Central Circle, with 6 enclosures.

READ—also the following letter from A. C. TATE, Esq., Collector of Cuddapah, to the Secretary to the Commissioners of Land Revenue, Madras (through the Conservator of Forests, Central Circle, Madras), dated 22nd April 1897, Ref. on Cur. No. 461-Forest:—

With reference to Board's Proceedings, Forest Mis. No. 601, dated 22nd April 1896, I have the honour to report as follows:—

Board's Proceedings, paragraph I.

The District Forest-officer reports as follows:—

"As regards B extension I found that it will be impracticable to withdraw the line further south as I could not find a suitable line to replace it, so I recommend as an alternative, cutting out the whole of the west end of the extension B.

"This will disafforest more land than the Board seems to have contemplated, but I submit it is the only feasible and practicable alternative that I can suggest and it will carry out the spirit of the Board's order by opening up Baruzupalli and Nagannapalli villages.

"I have put in the new boundary line proposed in the map.

"As regards extension A, I found that two large villages, viz, Ghattu and Badikayalpalli, are adjacent to it and if the whole extension is excluded I think these villages will be put to considerable difficulty in after years to supply their wants conveniently.

"I have therefore acted in the alternative order of the Board and excluded the tanks and recommend that this course be adopted as the best method of meeting the exigencies of the case. The proposed new boundary has been marked on the map."

I agree with these views.

2. *Paragraph 2 (i and ii).*—Necessary corrections have now been made.

Paragraph 2 (iii) (a).—The points of exit of the paths are now accurately defined in the revised records.

Paragraph 2 (iii) (b).—The points of entrance of these paths are now specially described in the revised records.

Paragraph 2 (iv).—Seventy yards as given in the B register is correct. As the temple is now excluded from the reserve the same will not appear in the revised draft notification.

Paragraph 2 (v).—Attended to in the revised draft notification.

Paragraph 2 (vi).—Corrected accordingly.

Paragraph 2 (vii).—The B. register is now corrected according to sketch-map.

Paragraph 2 (viii).—The path referred to is not used by the public.

Paragraph 2 (ix).—The map has been rectified.

Paragraph 2 (x).—Now entered, but these fields now lie in the excluded portion of the reserve.

Paragraph 2 (xi).—Fields Nos. 955 and 1200-A are correct. The B. register is corrected accordingly.

Paragraph 2 (xii).—The area of the reserve after deducting the area of the proposed enclosure according to the initial notification is 10,082 acres.

The area of the enclosure is according to the karnam's figure 1,171-88; but according to measurement of Mr. McIntosh on the reserve map it comes to 1,128 acres. Taking the figure of the karnam to be correct the area as per initial notification should have been 10,038 and the area as per original draft final notification 9,893. †

There is no necessity to deduct the area of the proposed enclosure from the area as per initial notification as stated by the Board as the latter has been arrived at after deducting the former when submitting the initial notification as will be seen from the figures entered on the sketch-map.

3. A revised area statement showing the area of each of the extensions separately and a revised draft notification are sent herewith.

4. Enclosures received with the Proceedings are returned.

B. Register of claims to lands, rights to forest produce or easements in the proposed Horsleykonda extension reserved forest, Madanapalle taluk, Cuddapah district.

No.	Names of claimants.	Date of presentation of claims.	Nature and extent of claims preferred.	Brief summary of the evidence adduced in support of claims.	Brief summary of the District Forest-officer's arguments and evidence produced by him.	Brief abstract of decision and final disposal of the claims by the Forest Settlement-officer.
1 and 2 I and II	Narayanaiah, karnam of Badikayalappalli.	6th Nov. 1894.	Advances on behalf of the public right of way over the following foot-paths included in the reserve:— (1) From Badikayalappalli to Ghattu. It enters the reserve in survey No. 1242* of Badikayalappalli, runs north-east and north for one and a quarter miles and quits it in Ghattu limits in survey No. 1143.† (2) From Badikayalappalli to Kottapalli of Mysore. It enters the reserve on the south-west corner of survey No. 844, runs south-east for one and half miles and quits it a furlong west of the south-east corner of survey No. 1316 (Quads. both of Badikayalappalli).	Long use	Claim No. 1.—Does not contest for men only Claim No. 2.—Contests as quite unnecessary.	Claim No. 1.—The path is shortest means of communication between the two villages, and it will be necessary to transport cattle along same at times. The claim is valid and I accordingly admit it both for men and cattle to a width of three feet. Claim No. 2.—I concur with the District Forest-officer, the path is quite unnecessary. There is a more convenient path running parallel to that one claimed outside the reserve. The claim being unnecessary, is therefore invalid and I accordingly reject same. (Signed) W. C. McMURRAY, 29th May 1895. Claim No. 1.—By revision of boundary the path will now run north-east and north for about half a mile and quit the reserve about two furlongs south-west of the south-west corner of survey No. 1244 of Ghattu. (Signed) K. GANAPAYYA, Forest Sett.-officer. 9th January 1897. Claim No. 2.—By revision of boundary, the foot-path will now lie in the excluded portion of the reserve. (Signed) K. GANAPAYYA, Forest Sett.-officer. Claim No. 3.—For the same reasons recorded against claim No. 1, I admit the claim both for men and cattle to a width of three feet. (Signed) W. C. McMURRAY, Forest Sett.-officer. 22th May 1895. Claim No. 3.—By the revision of boundary the path will now enter the reserve about half a furlong north of the south-east corner of survey No. 1157 of Kottakola, run south-east for about seven furlongs and quit it on the north side of survey No. 1223 of Badikayalappalli, about six chains from its north-west corner. Advances on behalf of the public:— (1) Right of way over the foot-path from Kottakola to Nersampetpalli and other limits of Badikayalappalli and Ghattu. It enters the reserve in survey No. 1157; south-east of survey No. 1156, both of Kottakola, runs south-east for a mile and quits it in survey No. 1223 of Badikayalappalli.	Long use	Claim No. 3.—Does not contest for men only.	Claim No. 3.—For the same reasons recorded against claim No. 1, I admit the claim both for men and cattle to a width of three feet. (Signed) W. C. McMURRAY, Forest Sett.-officer. 22th May 1895. Claim No. 3.—By the revision of boundary the path will now enter the reserve about half a furlong north of the south-east corner of survey No. 1157 of Kottakola, run south-east for about seven furlongs and quit it on the north side of survey No. 1223 of Badikayalappalli, about six chains from its north-west corner. Advances on behalf of Hindu community— (32) Right to the shrine of Burudakonda Gangamma, situated two furlongs west of the temple in claim No. 11. (33) Right to one acre of vacant space around the shrine in claim No. 32 for the use of worshippers.	Long custom.	Claim No. 32.—Does not contest. Claim No. 33.—Contests as being excessive.	Claim No. 32.—The claim being valid, it is accordingly admitted. The shrine will be demarcated out free from reservation and be retained as an enclosure. Claim No. 33.—The area claimed one acre is excessive considering only 50 persons attend on each occasion. Twenty-seven yards measuring at right angles on all four sides of it is admitted. Claim No. 34.—The access being to a shrine, the right of way is admitted for men only to a width of three feet. Claim No. 35.—For the same reasons recorded against claims Nos. 1 and 22, the claim is admitted for men and cattle to a width of three feet. (Signed) W. C. McMURRAY, 31st May 1895. Claims No. 29.—Contests as patta was granted on 13th April 1894 subsequent to the issue of notification under section 4. Claims Nos. 30 and 31.—Does not contest if they are found to be within the reserve, and wishes to exclude survey No. 1203 and to retain survey No. 1203-A as an enclosure.	Claim No. 27 and 28.—As the patta for the land in claim No. 29 was granted on 13th April 1894 subsequent to the issue of notification under section 4 on 5th December 1893 without the sanction of the Board, the same is invalid and is accordingly rejected. The lands in all the other claims lie within the block to the extent claimed according to the notification under section 4. But the block map has been incorrectly drawn and hence the discrepancy. All the claims being valid, they are accordingly admitted and all except survey No. 1203-A will be excluded from the reserve by altering its limits. Survey No. 1203-A will be demarcated out free from reservation and be retained as an enclosure. (Signed) W. C. McMURRAY, Forest Sett.-officer. 1st June 1895. Claim No. 31.—By revision of boundary, the land in survey No. 1203-A will now lie in the excluded portion of the reserve. (Signed) K. GANAPAYYA, 9th January 1897. Forest Sett.-officer.

(9) Brings to notice that the full extent of khandams Nos. 31 to 36 of his village are included within the reserve; village are included within the reserve:—

of these khandams, 585.69 acres is occupied assessed land, and 550.11 acres is unoccupied assessed land and 236.18 acres unassessed land. Within the khandams there are eight hamlets, four Government tanks, twelve dam-bunds cheruvu and nine burial-grounds.

(10) Brings to notice the existence of the following Government tanks included within the reserve with right to repair the beds and bunds of the channels:—

(1) Rangappanayam cheruvu.
(2) Peddunayam cheruvu and (3) Gunt vandakunta.
Ryots of Ghattu.

Pray that the block proposed to be reserved may not be reserved or that the following portions may be excluded from the reserve:—

- The portion through which the four foot-paths run from Ghattu—
- To Tealimandi.
- The second to Indikayapalli—palli, Yegavapalli, and Armanipalli.
- The third to Chinnappalli, Koavuru, Pulisumanipenta, Madivariipalli and to Erivariipalli.
- The 4th to Tangivariipalli, and to Erivariipalli.
- The portion consisting of Volu-cheruvu, Tirugaduchelamalu, Kappalamaduru, Narayanacheruvu, Eravanikunta, Gundlakunta, Gopaulreddigunta, Battalavundakunta, Rangappa cheruvu, Aswatham cheruvu, Chitkivarkunta, which were constructed for the use of the cattle.

Claim No. 7.—Access is allowed for men and cultivating cattle to a width of three feet by a path entering the reserve at the southernmost point of survey No. 1413 of Badikayalappali and running nearly east by north for about one and a half furlongs to the land.

Claim No. 8.—This was acquired under the Land Acquisition Act. As the party was willing to take 6.20 acres assessed at Rs. 2-5-0 in survey No. 1044-A of Kotakota, the Collector sanctioned the same in his Dis. No. 103 of 1895-96, dated the 11th July 1896.

Claim No. 10.—Access will be allowed along both banks of the same for men only to a width of three feet.

Claim No. 8.—Access is allowed by the same path as that allowed to survey No. 1203-A in claim No. 31.

The District Forest-officer's answer is—

- The reply is the same as given in claims Nos. 18, 19, 20 and 36.
- Contested.

The paths referred to being identical with those advanced in claims Nos. 18, 19, 20 and 36, the orders passed thereon apply hereto also. All land that is not covered by patta or is not inam is at the disposal of Government and can be utilized as it deems fit. The portion between the above paths and containing the tanks enumerated is neither patta nor inam and therefore at the disposal of Government. The claim being invalid in this respect, the same is accordingly rejected.

RESOLUTION—Forest No. 418, dated 27th September 1897.

With reference to the Board's Proceedings read above, the Collector of Cuddapah now reports that, as the wholesale exclusion of block A would put the two adjoining villages to considerable difficulty in regard to the supply of their future wants, he has merely excluded the tanks referred to by the Board, and that he has thrown out the whole of the west end of extension B in view to make ample provision for the requirements of the Nagannapalli and Buruzupalli villages. The Collector submits the settlement records as thus revised with certain other minor amendments. The Board requests that the revised draft final notification may be approved and ordered to be published in the *Fort St. George Gazette*, the reservation to take effect from the 31st January next.

2. Owing to large exclusions at settlement, the aggregate area of the two extensions has been reduced to 6,239 acres.

3. The remarks in column 20 of the numerical statement should have been modified with reference to the revision alluded to in paragraph 1 *supra*.

Read—the following letter from A. C. TATE, Esq., Acting Collector of Cuddapah, to the Secretary to the Commissioners of Land Revenue, Madras (through the Conservator of Forests, Central Circle, Madras), dated 31st October 1895. Ref. on C. No. 461-For.:—

I have the honour to forward, with enclosures, Forest Settlement officer's letter, No. 205, dated 30th July 1895, reporting the conclusion of the settlement of the Horsleykonda extension proposed reserve and to request that the final notification may be approved and published at an early date.

2. The usual area statement is enclosed.

ENCLOSURE No. 1.

From W. C. McMURRAY, Esq., Forest Settlement Officer, Cuddapah, to the Collector of Cuddapah, dated Camp, Sangliur, 5th July 1895, No. 205.

I have the honour to report the conclusion of the settlement of the proposed Horsleykonda extension reserved forest block in the Malanapalle taluk of your district.

2. The notification under section 4 proposing to constitute this area into a reserved forest appeared in the *First St. George Gazette*, dated 22nd December 1893, and the proclamation under section 6 was published in the supplement to the District Gazette, dated 19th March 1894.

3. The block was perambulated, inspected and acquired into by me in November 1894, when thirty-nine claims in all were filed for the following rights:—

(i) Fifteen claims (two relating to same rights) were to right of way over certain foot-paths and access to a temple and shrines.

(ii) Eight claims were to right to a temple and shrines and vacant space around them.

(iii) Twelve claims were to Government patta and inam rights over 795 acres of land.

(iv) Four claims were to miscellaneous rights. Thirteen claims involved in item (ii), all the claims in item (ii), eleven claims in item (iii) and three claims in item (iv) were fully admitted, one claim in item (iv) was partly admitted and partly rejected and the rest were fully rejected.

The rejected easement claim was disposed of on 20th May 1895, and the appeal time expired on the 28th instant without any appeal being filed.

4. The block is thus free of all rights except those admitted above.

5. The following are sent herewith:—

(a) B. Register of claims.

(b) Draft notification under section 16.

(c) Numerical statement of claims filed and disposed of.

(d) Sketch of the block.

6. The date in the draft notification is left blank. Two months' time will be necessary to have it duly published as required by the Act.

Resolution—Forest Mis. No. 604, dated 22nd April 1896.

Of the two extensions to the Horsleykonda reserve as now settled, bit A touches the main reserve only at its south-east corner and, besides being surrounded on almost all its sides by cultivated or cultivable lands, is encumbered with many private rights including four tanks, three of which are Government irrigation sources with ayacut around them. In these circumstances, the Board doubts the propriety of reserving it. The Collector is therefore requested to report whether he has any objection to throwing out this extension altogether or at least the irrigation sources with the lands under them so as to form a compact block of not less than the prescribed minimum.

As regards bit B, it is observed from the map that it adjoins certain village-sites, viz, Nagannapalli and Buruzupalli. Opportunity should be taken to carry the boundary a little further south and to exclude the land admitted as an enclosure, and the Kottacheruvu for which no claim has been preferred before the Forest Settlement-officer.

2. The following points are also noted.

(i) *Claim No. 1.*—The right of way enters the reserve west of the north-east corner of No. 1242 and not east of it as given in the register and notification.

(ii) *Claim No. 2.*—The path quits the reserve west and not east of the south-east corner of No. 1515.

(iii) (a) *Claim Nos. 3, 20 and 35.*—The points of exit of these paths have not been accurately defined in the settlement records.

(b) *Claim Nos. 18 and 21.*—Similarly the points of entrance are not specific.

(iv) *Claim Nos. 11 to 16.*—The marginal space allowed to the Anjanēyaswamy temple is given as 70 yards in the register and 20 yards in the notification. One of the two documents requires correction.

(v) *Claim No. 17.*—The path dealt with being identical with that in claim No. 1, it seems unnecessary to treat it as a distinct path in the settlement records. Consequently item I (3) in the draft notification has to be struck out and the corresponding alterations in the serial numbers of the admitted rights of way, &c., should also be made in the notification.

(vi) *Claim No. 20.*—The path branches from the one in claim No. 19 about three furlongs north-west of No. 2155 and not north-east of it as given in the register and notification.

(vii) *Claim No. 21.*—According to the map, the right of way quits the forest about three-quarter furlong north-west and not three and a quarter furlongs north-east of the north-west corner of No. 1277 as given in the register.

4

(viii) *Claim No. 26.*—The path dealt with is reported to lie in the main reserve but no such path appears to have been recorded as an admitted right in the final notification of the above reserve. If the path is really useful the Collector is requested to report if he has any objection to grant it by a departmental order.

(ix) *Claim Nos. 27—31 and 36—38.*—It would appear from the decision that the sketch-map has been incorrectly drawn. If so, the Collector should avail himself of this opportunity to have the map duly rectified before re-submission.

(x) *Claim Nos. 29 and 36.*—The fields dealt with cannot be traced on the map.

(xi) *Claim No. 8.*—Field No. 965 dealt with is given as No. 955 in claim No. 29; similarly No. 1200-A in claim No. 8 is recorded as No. 1200 in claim No. 28. The correct numbers should be reported.

(xii) *Claim No. 9.*—If the exclusion ordered in this claim, viz., 1,171.88 acres (leaving aside other exclusions) be alone deducted from the initially notified extent, the net area would only come to 8,911 acres. The area given in the map and area statement appears therefore to be a mistake. The Collector is requested to report on the point and to give the area of the extensions individually.

3. An early reply is requested.

To the Collector of Cuddapah,
through the Conservator of Forests, Central Circle, with 6 enclosures.

Read—also the following letter from A. C. TATE, Esq., Collector of Cuddapah, to the Secretary to the Commissioners of Land Revenue, Madras (through the Conservator of Forests, Central Circle, Madras), dated 22nd April 1897, Ref. on Cur. No. 461-Forest:—

With reference to Board's Proceedings, Forest Mis. No. 601, dated 22nd April 1896, I have the honour to report as follows:—

Board's Proceedings, paragraph I.

The District Forest-officer reports as follows:—

"As regards B extension I found that it will be impracticable to withdraw the line further south as I could not find a suitable line to replace it, so I recommend as an alternative, cutting out the whole of the west end of the extension B.

"This will disafforest more land than the Board seems to have contemplated, but I submit it is the only feasible and practicable alternative that I can suggest and it will carry out the spirit of the Board's order by opening up Baruzupalli and Nagannapalli villages.

"I have put in the new boundary line proposed in the map.

"As regards extension A, I found that two large villages, viz., Ghattu and Badikayalpalli, are adjacent to it and if the whole extension is excluded I think these villages will be put to considerable difficulty in after years to supply their wants conveniently.

"I have therefore acted in the alternative order of the Board and excluded the tanks and recommend that this course be adopted as the best method of meeting the exigencies of the case. The proposed new boundary has been marked on the map."

I agree with these views.

2. *Paragraph 2 (i and ii).*—Necessary corrections have now been made.

Paragraph 2 (iii) (a).—The points of exit of the paths are now accurately defined in the revised records.

Paragraph 2 (iii) (b).—The points of entrance of these paths are now specially described in the revised records.

Paragraph 2 (iv).—Seventy yards as given in the B register is correct. As the temple is now excluded from the reserve the same will not appear in the revised draft notification.

Paragraph 2 (v).—Attended to in the revised draft notification.

Paragraph 2 (vi).—Corrected accordingly.

Paragraph 2 (vii).—The B. register is now corrected according to sketch-map.

Paragraph 2 (viii).—The path referred to is not used by the public.

Paragraph 2 (ix).—The map has been rectified.

Paragraph 2 (x).—Now entered, but these fields now lie in the excluded portion of the reserve.

Paragraph 2 (xi).—Fields Nos. 955 and 1200-A are correct. The B. register is corrected accordingly.

Paragraph 2 (xii).—The area of the reserve after deducting the area of the proposed enclosure according to the initial notification is 10,082 acres.

The area of the enclosure is according to the karnam's figure 1,171.88; but according to measurement of Mr. McIntosh on the reserve map it comes to 1,128 acres. Taking the figure of the karnam to be correct the area as per initial notification should have been 10,038 and the area as per original draft final notification 9,893.

There is no necessity to deduct the area of the proposed enclosure from the area as per initial notification as stated by the Board as the latter has been arrived at after deducting the former when submitting the initial notification as will be seen from the figures entered on the sketch-map.

3. A revised area statement showing the area of each of the extensions separately and a revised draft notification are sent herewith.

4. Enclosures received with the Proceedings are returned.

(5) <i>Foot-path from Kondakindapalli, hamlet of Gummasamudram to Surupuram, hamlet of Badikavalapalli</i>.—It enters the reserve west of the southernmost point of survey No. 1173 of Ghattu, runs along the boundary for about a mile and then south-east for about four and a half furlongs and meets the path in item I (2) at the spot called Adigarutta (rock). II. Right of way for men only to a width of three feet over the undermentioned paths to shrines and right to them is admitted. The shrines will be demarcated out free from reservation and be retained as enclosures. A margin of seventeen yards, twenty-seven yards and twenty-seven yards, respectively, all round measured at right angles from the four sides of each of them for the use of worshippers is also admitted:— (1) Path from Ghattu to the shrine of Kankikulla, situated about three furlongs west by south of the temple of Anjaneyaswami. It enters the reserve about one and a half furlongs south of the south-west corner of survey No. 1201 of Ghattu, and runs west for about two furlongs to the shrine. (2) Path branching from the path in item I (5) to the shrine of Venkateswaraswami or Yatavasantharayala, situated about four furlongs south-west of survey No. 1173 of Ghattu. It branches opposite survey No. 752 of Gummasamudram and runs south-east for about two and a half furlongs to the shrine. (3) Path branching from the path in item II (1) to the shrine of Burudakonda Gangamma, situated two furlongs west of the temple of Anjaneyaswami. It branches about a furlong east of the shrine in item II (1) and runs north for about two chains to the shrine. III. Right to use the water of Peddunayani cheruvu (tank), on behalf of the ryots of Ghattu is admitted. The repairs to the channels of the tank may be done subject to the following conditions:— (a) That due notice be given to the officers of the Forest Department at the time of repairs; (b) That all cuttings, &c., be made over to the officers of the same department; and (c) That access will be allowed along both banks of the same for men only to a width of three feet.
