To

The Secretary to Government,
Revenue Department.

REFERENCE. Sir,

I have the honour to submit
the budget estimate of the Survey
department for 1898-99 together with
the revised estimate for 1897-98.

2. According to the forecast
printed at page 11 of G.O. No. 272,
Revenue, dated 19 June 1896, the
total amount to be spent during
1898-99, was estimated to be Rupees 3,13,910.

Certified that the actuals as entered above
are those shown in the departmental accounts;
they have been verified with the books of the
Accountant General and all discrepancies
noticed have been duly pointed out to him.

excluding Zemindari Surveys.
This estimate was made on the assumption that the strength of Gazetted officers would be considerably reduced and the scale of pay revised but these changes have not yet been sanctioned.

3. There are now 13 Gazetted Survey appointments costing altogether Rupees 1,25,910 per annum.

This includes travelling allowance and Exchange Compensation allowance.

If Mr. Cook's request to be permitted to retire from date of expiration of his furlough, 6 May 1898, is complied with, one appointment of Deputy Superintendent, 1st class, will have to be abolished from the date of his retirement, as his total service

210
counting for pension will be less than 30 years and he cannot retire without a medical certificate unless his appointment is abolished.

The budget has been prepared assuming that Mr. Cook will be allowed to retire on 6 May 1898.

4. Unless further reductions are ordered, this will leave 12 Gazetted Survey Officers and the total sum to be provided for their pay and allowances will be Rupees 1,10,670.

Note

The revised estimates proposed by the Supt. for the current year are the same

the Sanctioned, a few alterations under some of the minor heads being made ^{in the called} to suit the requirements of the Dept. As regards the estimates for the ensuing years, the Supt has drawn them up on the basis of the forecast approved by Govt in G.O. No 272 Rev: dt 19th June 1896 ^{and has fixed} ~~fixing~~ them, as in the forecast, at Rs 3,13,910, excluding the cost of the Survey of Zemindaris. From the letter to Sudder No 333 dt 15th July 1896 it will be seen that the Govt has already decided that "a compulsory survey of a proprietary estate should be carried out only when such a course is found necessary to prevent an agrarian disturbance or a dispute likely to lead to one" and the Govt of Sudder has ^{also} ~~already~~ declined to allow of any provision being made for such survey before one is actually sanctioned by the local Govt. vide pp 6 and 7 of the notes attached with G.O. Sudder Nos 904-5 dt

Especially in these hard times, the Govt. will seize the opportunity of cutting in down by striking out a class of expenditure with which they have managed to dispense in the previous ^{more} immediately under their control. ^{Very} ~~and~~ no notice has been taken of my previous remarks to this effect, I don't know. The estimates, as now framed, look as if designed to draw attention to this fact which should as far as is possible be kept in the background. They should be sent to rest in the office with the object in view that Mr. Andgo should be warned D.O. to ^{show} ~~show~~ more sense in the future

My reply.

dt 29th Decr 1896. The budget has further been framed on the supposition that all the officers of the existing Survey Staff with the exception of Mr. Cook will continue to remain in the service during the ensuing year. Mr. Cook's retirement at the expiration of his furlough has all along been contemplated, every proposal for the reorganization of the Dept having been made on that supposition. Mr. Cook's appointment may it is submitted be therefore abolished with effect from 6th May next as suggested by the Supt and as was done in the case of Messrs Maltby and Shonhill.

The question of the reorganization of the Dept and the creation of a Land Revenue Dept is now still under the consideration of Govt and the decision that may be arrived at in connection therewith is likely to affect the proposed figures of the Survey staff if final orders thereon come

be obtained during 1898-99. If necessary separate application for funds can be made to the Govt of India then. In the meantime it is submitted that the estimates now proposed by the Supt, may be passed

I agree. The resolutions make the matter very complicated

29

In sanctioning Mr Cardozo's retention in the service till the 31st March 99 the H. M. & his H. E. did not appear to anticipate that final order would be received & the new scheme got into working order before that date

15-X-97

As the whole scheme has been formulated and submitted to and passed by the Govt of India. There will be some little the smallest chance of its being carried out before April 1899.

With reference to the Hon Members' note overleaf attention is respectfully solicited to the notes under G.O. No 979 dated 27 Dec 95 and 4748 dated 17th Jan 96. It will be seen that the Act Genl on a previous occasion altered "Other Surveys" into "Survey of Municipal Towns". Moreover the Survey report and the Govt review thereon go to the Govt of India and in their papers full details of Town Survey work are of necessity given. My dear Cardoso
 With ref to your letter, I am directed to tell

 to draw attention, in papers
 that have to go to the Govt of
 India, to the fact that this
 Govt is undertaking the
 survey of Municipal Towns.
 Such surveys are
 not done elsewhere
 in India & the fact it
 may lead to the Budget

 being struck out if they are
 provisionally styled Town
