Total ..		57,000		57,000		57,000		53,228

Explanatory Remarks.

- (a) Reduced with reference to actuals.
(b) The increase is due to the increase of cess ordered to be levied under the Thadapalle and Arakankottai channels in the Sathyamangalam taluk in G.O., Mis. No. 4992, dated 23rd September 1897.
(c) Reduced with reference to actuals.
(d) The increase over the revised estimate is expected from the extension of the Poyyeri channel which is in progress.
(e) The increase in the revised estimate is due to the expected collection during the year of the outstanding balance at the end of the last official year.

- (f) The increase over the budget and revised estimates of the year (viz., Rs. 800 and Rs. 690, respectively) was due to the failure on the part of ryots to contribute labour and to the cess having been levied at penal rates owing to their failure to pay the same within the prescribed time.
(g) Increased with reference to the actuals of past four years.
(h) Increased with reference to actuals.
(i) The cess was not collected in 1896-97 as there was no necessity for the construction of a temporary dam for which it is levied.
(j) No collection will be made in 1897-98 as the balance on hand at the beginning of the year is sufficient to meet the charges on account of establishment for which it is levied.
(k) Provision is made to meet the cost of establishment that may, if necessary, be entertained for the distribution of water to the fields.
(l) The increase is due to the leasing of the coconut trees on the banks of the Pugalur channel for Rs. 50 and also to that of the coconut trees on the banks of two other channels.
(m) Increased with reference to actuals.

- (n) The increase is due to the fact that contribution from the Village Service Fund on account of the establishment under the Kalngarayan channel, which was originally estimated at actuals is taken in the revised estimate at Rs. 2,258. The actuals reported by the Accountant-General have been adopted.
