It has to be observed that the Collector proposes to resume and fully assess the land inams which at present constitute the emoluments of the munsif of Adatholu and of the Barikis in both the villages.

3. The Board supports the Collector's proposals and requests that the accompanying draft notification may be approved and ordered to be published in the Fort Saint George Gazette.

4. From the 2nd letter read above, it would appear that the services of the barber in Adatholu and of the Vaoa (ie Chuckler) in Savaguddu are unnecessary and are considered to be so by the villagers. The Board approves of the Collector's proposal to resume and fully assess these inams also.

Note. Addatiru and Saragadu two Agency villages in the Golgonda taluk were exempted among others in 189- from the operation of the Madras Towns Act IV of 1893 because they had been excluded from Survey and Settlement and because the village establishments in them had not been revised

revised on the system of fixed money payments. The Collector reports that the village officers who are at present remunerated partly by kerij deductions and partly by service inams have not sufficient inducements to reside in the villages and do their duties satisfactorily. On this and other administrative grounds, the Collector proposes to resume and fully assess the service inam lands including also those held by the barber and the chuckler whose services are considered by the villagers to be unnecessary, and to grant instead fixed salaries to the village officers. He is of opinion that the Madras village pers act IV of 1893 may now be extended to the villages. The Board supports the Collector's proposals and requests that the notification extending the act to the two villages may be published in the Gazette.

Village Service and Artizan Inams.

Sanctioning the proposals of the Collector of Vizagapatam to resume and fully assess certain — in the villages of Sarugudu and Adakulu, in the Golgonda taluk, and to pay fixed salaries to the village officers, and ordering the publication of a notification for extending the provisions of Act IV of 1893 to those villages.

GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

Read—the following Proceedings of the Board of Revenue (Land Revenue), Mis. No. 3798, dated 9th October 1897:—

Read—the following letter from W. O. HORNE, Esq., Acting Collector, Vizagapatam, to the Secretary to the Commissioners of Land Revenue, dated Vizagapatam, 15th April 1897, R.C. No. 4610 of 1896:—

There are two agency villages in the Golgonda taluk, viz., Sarugudu and Adakulu, which were not surveyed and settled along with the other villages in the taluk, and in which the village establishments were not revised on the system of fixed money payments, as they were exempted from the operation of the Village Cess Act IV of 1893 under G.O., No. 658, Revenue, dated 11th September 1894.

They contain the marginally-noted village establishments remunerated partly by beriz deductions and partly by service inams. Sarugudu has thirteen hamlets and a population of 1,080 with a beriz of Rs. 505 and Adakulu has nine hamlets and a population of 934 with a beriz of Rs. 625. Both the cusbas and their suburbs are very malarious, and the present village officers have no sufficient inducements in the shape of remuneration to reside in them and do their duties satisfactorily. The villages have also been used as places of refuge by fituridars in past fituries and should have good men as village head and karnam whom we can hold responsible.

1 Munsif	...		No emoluments.

(2) Adakulu—			
1 Karnam	..	15	by beriz deduction.
1 Munsif ...	...	6	Inam lands.
1 Bariki ...	...	2	do.
1 Barber ...	...	4	do.

2. The village munsif of Sarugudu has at present no emoluments attached to his office, while he of Adakulu has an inam worth only Rs. 6 per annum. The karnam of Sarugudu gets Rs. 32 per annum by beriz deduction, but this scarcely remunerates him for his residence in such a malarious place, not to speak of the work that he has to do. Adakulu has no separate karnam, but its work is done by the karnam of the Chanmachinta-Valasampeta group, who is paid Rs. 15 annually by beriz deduction for the additional work thrown on him. This arrangement has not proved a success inasmuch as the karnam can hardly spare time to do the work connected with Adakulu, in addition to his own. During the current year's jamabandi of the taluk I noticed that the village manual accounts of these two villages were not properly kept owing to the inefficiency of the present establishment. It is therefore necessary in the interests of Government that the munsifs and karnams of the two villages should be so remunerated as to induce good men to accept the places and live in those villages which, as I stated above, are very malarious and unhealthy. The pay allowed to the lowest class of karnam and munsif in the ordinary villages in the taluk, viz., Rs. 6 and Rs. 5 per month, respectively, should therefore, I think, be allowed to them. I have therefore the honour to request the Board may be pleased to obtain the sanction of Government for the payment of salaries to them at these rates by means of beriz deductions.

3. Besides the above, I also recommend the grant of salaries to the barikies and vetties of the two villages at Rs. 2 each per mensem. Sarugudu requires one bariki and one vetti in consideration of its population and Adakulu requires only one bariki. The salaries of these servants may as well be paid by beriz deductions.

4. I enclose a statement showing the existing and proposed establishments in the two villages referred to for sanction.

5. The service inams attached to the offices noted in the margin will be resumed and fully assessed on receipt of Government sanction to the revision proposed by me.

The Collector is requested to state (1) whether there is any objection to the introduction of Madras Act IV of 1893 into the villages under consideration and to the levy of a village cess therein, now that it is proposed to employ village establishments on fixed salaries and to enfranchise the village service inams; and (2) whether the barber and the vasa (chuckler) whose inams are proposed to be resumed, continue to perform services to the village community and whether the village community is likely to feel the loss of their services (*vide* Government Order communicated with Board's Proceedings, No. 726, dated 17th December 1891).

Abstract.—Returning to the Collector of Vizagapatam his letter, dated 17th August 1897, Ref. on C. No. 1977 of 1897, as the signature appended to it is illegible.

Read—the following letter from W. O. HORNE, Esq., Acting Collector of Vizagapatam, to the Secretary to the Commissioners of Land Revenue, dated 30th August 1897, R.C. No. 1977:—

Referring to Board's Proceedings, No. 2504, Routine, Land Revenue, dated 24th instant, I have the honour to submit herewith legibly signed the Collector's letter, R.C. No. 1977 of 1897, dated 17th idem.

Enclosure.

Letter from W. O. HORNE, Esq., Acting Collector of Vizagapatam, to the Secretary to the Commissioners of Land Revenue, dated Vizagapatam, 17th August 1897, R.C. No. 1977:—

Adverting to the Board's Reference, dated the 6th May last, on General No. 2026 of 1897, I have the honour to report that there is no objection to the introduction of Madras Act IV of 1893 into the villages in question and to the levy of the village cess therein, now that it is proposed to employ village establishments on fixed salaries and to enfranchise the village service inams.

2. Referring to the second question therein raised, I beg to report that there has been no barber servant working in Adakulu for a long time and the villagers have in consequence been getting their work done by the barber of a different village. It is reported that the continuance of the services of the barber and the vasa referred to is unnecessary and that the village community has agreed to their discontinuance.

Resolution—Mis. No. 3798, dated 9th October 1897.

Submitted for the orders of Government.

2. The Collector of Vizagapatam proposes to give fixed salaries to the village officers of Sarugudu and Adakulu, two of the villages in the Golgonda taluk which were excluded from the operation of the Madras Village Cess Act by G.O., No. 658, dated 11th September 1894. These two villages have been selected for revision on account of their administrative importance, and the Collector is of opinion that the Madras Village Cess Act may now be extended to them. The following statement

compares the present and proposed emoluments of the village offices in the two villages:—

3. The Board supports the Collector's proposals and requests that the accompanying draft notification may be approved and ordered to be published in the *Fort St. George Gazette.*

4. From the second letter read above it would appear that the services of the barber in Adakulu and of the *vasa* (*i.e.*, chuckler) in Sarugudu are unnecessary and are considered to be so by the villagers. The Board approves of the Collector's proposal to resume and fully assess these inams also.
