The Secretary to the Govt. of Madras.

Simla, the 8th November 1897.

SIR,

THE returns appended to the annual reports on the working of the Income Tax Act, II of 1886, do not in any of the provinces show separately the assessments and collections in large cities other than Presidency towns. I am directed to enquire if difficulty would be experienced in preparing a separate return showing the total assessment and collections of income tax under Parts II and IV in cities having a population of 50,000 and over. If the compilation would not involve much labour, I am to request that *with the permission of His Excellency the Governor in Council* a return for the year 1896-97 may be furnished to this Department and that in future a similar return may be appended to the annual report on the working of the Act.

2. A form is enclosed in which the proposed information may be submitted.

I have the honour to be,

SIR,

Your most obedient Servant,

W. B. B. B. B.
