Explanatory Remarks.

The expenditure up to the end of August last (i.e.) during the first five months of the current official year amounted, according to the actuals reported by the Accountant General to Rs 1,05,757.2.2 and the average of the last three years exclusive of Establishment charges comes to Rs 355,702. The revised estimate on account of works is accordingly fixed at Rs 360,000. As sanction to the increased establishment applied for in G.O. no. 696 Rev. dated 7th December 1896, is not likely to be received during the current year, the revised estimate on account of establishment has been fixed at Rs 40,000, with reference to the actuals of the previous years. For the next year, collectors estimate the requirements under "original works" and "Repairs and maintenance" at Rs 41,000 and Rs 385,000 including charges on account of establishment. The Budget estimate may be fixed at Rs 4,25,000 including the provision of Rs 72,000 made for the increased establishment recommended in the G.O. referred to above. An allotment of Rs 35,000 has sanctioned for the current year in G.O. no. 890 Financial, dated 17th December 1896, to meet expenditure by the Public Works Department on works in charge of the Revenue Department. The revised and budget estimates have been fixed at the same figure.

The actuals reported by the Accountant General have been adopted.

Note.

The estimate for 'works' may be accepted, but it is a question for orders whether the provision for additional establishment should be retained.

India will not admit it in the final estimate and it might as well be taken out at once.

in the prescribed form. The Board merely states that the actuals reported by the Accts. Genl: have been approved. This does not ^{prove} ~~show~~ that departmental accounts have been made to correspond with the figures recorded in the Accts. Genl's books.

Consolidated Estimate

Note as required in para 2 of

G.O. 642 dated 16th November 1896.

The Board of Revenue has now

furnished separate figures for

"Original works" and "Repairs and

Maintenance" under the budget

estimate for 1898-99. The estimate

which amounts to Rs 3,53,000 is

less than the ^{total} of the ^{figures} Collectors' by

Rs 1,000 and falls short of the

revised estimate for 1897-98

by Rs 7,000.

In letter No 697 dated

7th December 1896, the Government

of India was requested to obtain

the sanction of the Secretary of

State for the entertainment of

No. 2133 This dated 29.4.97. Again
The Govt of India now want information
as to the extent to which the provisions
of act I of 1858 are taken advantage
of in meeting the expenditure incurred
on account of the maintenance and
repair of tanks under the Revenue
officers. The question is under reference
to the Board of Revenue.
