Proceedings, Forest No. 1, 4th January 1898.

JANUARY.

Submitting to Government, for approval and publication in the *Fort St. George Gazette*, draft notification under section 4 of the Forest Act for the proposed constitution of the Rentachintala block, in Palnad taluk, Kistna district, as a reserved forest.

PROCEEDINGS OF THE BOARD OF REVENUE
(LAND REVENUE).

READ—the following letter from ROBERT MORRIS, Esq., Acting Collector of Kistna, to the Secretary to the Commissioners of Land Revenue (through the Conservator of Forests, Northern Circle), dated Masulipatam, 11th November 1897, Dis. No. 1150-For.:—

I have the honour to submit, herewith, a draft notification under section 4 of the Madras Forest Act for the reservation of Rentachintala block in Palnad taluk covering an area of 1,400 acres.

2. It was originally selected by Ranger K. Aswadham Naidu in July 1894, but modified by the District Forest-officer Mr. Lushington after personal inspection in January 1895, who converted the original Goli block II and Rentachintala selections into this one block. It was demarcated by Assistant Surveyor in June 1896, and was again inspected by the District Forest-officer in February 1897.

3. The forest growth consists of acacia sundra (cutch) and albizzias, and it is proposed that it should form part of Khambampad working circle.

4. The statement of area and condition, the demarcation certificate and the ayacut abstract are enclosed.

ENCLOSURE No. 1.

Certificate.

Certified that Rentachintala block in Palnad taluk in Kistna district was selected after a personal inspection by Ranger K. Aswadham Naidu in July 1894, boundaries perambulated by the District Forest-officer Mr. Lushington in January 1895, and preliminarily demarcated by Assistant Surveyor in June 1896, and that the block was inspected by the District Forest-officer and the demarcation checked by him in February 1897.

RESOLUTION—Forest No. 1, dated 4th January 1898.

Submitted to Government for approval and publication in the *Fort St. George Gazette*.

2. It is observed from the accompanying villagewar statement that the area of waste left for the first two villages is very small, although the total area of the waste as compared with that under cultivation is 31.29 per cent. The Board trusts that due consideration will be paid to the requirements of the villagers concerned at the time of settlement. It is, however, noted that only three acres of assessed land are contributed to the reserve by the said villages.

3. The proposed block is made up of the original Goli block II and Rentachintala selections.

Note

It does not seem very desirable to reserve this block:-

- (11) the boundary being tortuous, Conservancy would be a matter of some difficulty.

(2) The area already reserved and now under settlement (viz. 193,102 acres) is more than half the unoccupied area of the taluk (380,099 acres), so that further reservation is not particularly necessary in the taluk.

(3) as mentioned by the Board in para 2 of its Proceedings, two villages with cultivated areas of

4066 and 2571 acres have only 623 and 267 acres of waste respectively left for commercial requirements.

2 The block is however reported to contain some good forest growth and so situated as to form part of a working circle.
