FEBRUARY.

Submitting to Government, for approval and publication in the *Fort St. George Gazette*, draft notification under section 16 of the Madras Forest Act for the constitution of the Kamepalli block in the Sattenapalle taluk, Kistna district, as a reserved forest.

PROCEEDINGS OF THE BOARD OF REVENUE

(LAND REVENUE).

READ—the following letter from E. A. SMITH, Esq., Special Deputy Collector on Forest Settlement Duty, Nellore, &c., Districts, to the Collector of Kistna (through the District Forest-officer, Kistna), dated Nellore, 29th June 1897, Ref. No. 16 :—

I have the honour to report the conclusion of the settlement of the proposed Kamepalli reserve in the Sattenapalle taluk of the Kistna district.

2. The initial notification under section 4 of the Madras Forest Act V of 1882, proposing to constitute this area into a reserved forest, appeared in the *Fort St. George Gazette*, dated 18th August 1896, and the proclamation under section 6 of the Act was published in the District Gazette, dated 7th November 1896. The time allowed for the presentation of claims expired on the 6th February 1897.

3. The block was inspected, perambulated and enquired into by me in February last, and twenty claims were preferred for the following rights :—

(i) One claim on behalf of the ryots of Yelamarazupalem to water their cattle in Chavati Cheruvu tank.

(ii) Fifteen claims to certain rights of way.

(iii) Two claims to temples.

(iv) Two claims to rights of way to the same.

The claim on behalf of the ryots of Yelamarazupalem to water their cattle in Chavati Cheruvu tank involved in item (i) was rejected, as there can be no right to the use of the water of the tank in question which is Government property, in the absence of a right to free-grazing. Of the fifteen claims to certain rights of way involved in item (ii) two claims to one right of way were rejected as it passes outside the reserve, while the remaining thirteen claims to seven rights of way were admitted. The two claims to temples and the claims to rights of way to them involved in items (iii) and (iv) were admitted and the temples have been ordered to be demarcated out and retained as enclosures within the reserve free from reservation.

4. The reserve is thus free of all rights except those stated above.

5. The following are submitted herewith :—

(i) A signed copy of the B. register of claims.

(ii) The draft notification under section 16.

(iii) The sketch-map of the reserve.

(iv) The numerical statement of claims filed and disposed of.

6. The date from which reservation is to take effect has to be inserted in the draft notification.

RESOLUTION—Forest No. 56, dated 5th February 1898.

The boundary of the proposed Kamepalli block, as finally settled, runs across the Chavati Cheruvu (tank) dealt with in claim No. 1 so as to leave it partly within and partly without the reserve. As the tank is presumably an irrigation source, the Board has excluded it from the reserve limits by taking the boundary line from the north-west corner of survey No. 26 of Yelamarazupalem to the south-east corner of sub-survey No. 1—13 of the same village. The draft final notification, as thus amended, will be submitted to Government, for approval and publication in the *Fort St. George Gazette*, with the recommendation that the 15th May next be fixed as the date from which the reservation shall take effect.

2. *Claims Nos.* 2 *and* 3.—The width of the foot-path allowed by the Forest Settlement-officer is two yards, while the draft notification records it as one yard. The latter document has been corrected so as to correspond with the former.

3. The block lies in the Sattenapalle taluk and covers an area of 2,050 acres as finally settled.

MARCH.

Reserved Forest.

The draft notification, under section 16 of the Madras Forest Act, for the constitution of the Kamepalli block, in the Sattenapalle taluk, as a —, ordered to be published in the Fort St. George and the Kistna District Gazettes.

GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

Read—the following Proceedings of the Board of Revenue (Land Revenue), Forest No. 56, dated 5th February 1898 :—

Read—the following letter from E. A. SMITH, Esq., Special Deputy Collector on Forest Settlement Duty, Nellore, &c., Districts, to the Collector of Kistna (through the District Forest-officer, Kistna), dated Nellore, 29th June 1897, Ref. No. 16 :—

I have the honour to report the conclusion of the settlement of the proposed Kamepalli reserve in the Sattenapalle taluk of the Kistna district.

2. The initial notification under section 4 of the Madras Forest Act V of 1882, proposing to constitute this area into a reserved forest, appeared in the *Fort St. George Gazette*, dated 18th August 1896, and the proclamation under section 6 of the Act was published in the District Gazette, dated 7th November 1896. The time allowed for the presentation of claims expired on the 6th February 1897.

3. The block was inspected, perambulated and enquired into by me in February last, and twenty claims were preferred for the following rights :—

(i) One claim on behalf of the ryots of Yelamarazupalem to water their cattle in Chavati Cheruvu tank.
(ii) Fifteen claims to certain rights of way.
(iii) Two claims to temples.
(iv) Two claims to rights of way to the same.

The claim on behalf of the ryots of Yelamarazupalem to water their cattle in Chavati Cheruvu tank involved in item (i) was rejected, as there can be no right to the use of the water of the tank in question which is Government property, in the absence of a right to free-grazing. Of the fifteen claims to certain rights of way involved in item (ii) two claims to one right of way were rejected as it passes outside the reserve, while the remaining thirteen claims to seven rights of way were admitted. The two claims to temples and the claims to rights of way to them involved in items (iii) and (iv) were admitted and the temples have been ordered to be demarcated out and retained as enclosures within the reserve free from reservation.

4. The reserve is thus free of all rights except those stated above.

5. The following are submitted herewith ;—

(i) A signed copy of the B. register of claims.
(ii) The draft notification under section 16.
(iii) The sketch-map of the reserve.
(iv) The numerical statement of claims filed and disposed of.

6. The date from which reservation is to take effect has to be inserted in the draft notification.

Resolution—Forest No. 56, dated 5th February 1898.

The boundary of the proposed Kamepalli block, as finally settled, runs across the Chavati Cheruvu (tank) dealt with in claim No. 1 so as to leave it partly within and partly without the reserve. As the tank is presumably an irrigation source, the Board has excluded it from the reserve limits by taking the boundary line from the north-west corner of survey No. 26 of Yelamarazupalem to the south-east corner of sub-survey No. 1—13 of the same village. The draft final notification, as thus amended, will be submitted to Government, for approval and publication in the *Fort St. George Gazette*, with the recommendation that the 15th May next be fixed as the date from which the reservation shall take effect.

2. *Claims Nos.* 2 *and* 3.—The width of the foot-path allowed by the Forest Settlement-officer is two yards, while the draft notification records it as one yard. The latter document has been corrected so as to correspond with the former.

3. The block lies in the Sattenapalle taluk and covers an area of 2,050 acres as finally settled.
