FEBRUARY.

Submitting to Government, for approval and publication in the *Fort St. George Gazette*, draft notification under section 16 of the Madras Forest Act for the constitution of the Voyipadi block, in the Erode taluk, Coimbatore district, as a reserved forest.

PROCEEDINGS OF THE BOARD OF REVENUE
(LAND REVENUE).

READ—the following letter from A. BUTTERWORTH, Esq., Acting Collector of Coimbatore, to the Secretary to the Commissioners of Land Revenue, Madras (through the Conservator of Forests, Southern Circle), dated 30th October 1897, Ref. on Cur. No. 1266-For. :—

I have the honour to forward, herewith, the Forest Settlement-officer's letter, Ref. on Cur. No. 1470, dated 27th September 1897, with its enclosures, as shown in the margin, reporting on the final settlement of Voyipadi block, in the Erode taluk, Coimbatore district, and request that the notification under section 16 of the Madras Forest Act V of 1882 be ordered to be published in the Fort St. George and Coimbatore District Gazettes if approved by the Board and Government.

1. B. Register.
2. Draft notification.
3. Sketch-map.
4. Statement of area and condition.

2. With reference to paragraph 5 of the report, I have the honour to point out that the area of the reserve as finally settled is only 462 acres and its reservation has been accepted in Board's Proceedings, Forest No. 443, dated 23rd September 1896.

3. I agree with the District Forest-officer in considering that this small area should not be further curtailed more especially as the blocks 6, 9 and 10, all lying within three miles of this village, have been abandoned in accordance with the Board's Proceedings quoted above.

ENCLOSURE No. 1.

From F. GOMPERTZ, Esq., Forest Settlement-officer, Trichinopoly, &c., districts, to the Collector of Coimbatore, dated Camp, Palamcottah, 27th September 1897, Ref. No. 1470.

I have the honour to report the conclusion of the settlement of the Voyipadi block in the Erode taluk after complying with the provisions of section 16 of the Madras Forest Act V of 1882.

2. The block comprises portions of Voyipadi and Thalavoyipalayam villages.

3. The notification under section 4 appeared in the *Fort St. George Gazette*, dated 11th December 1894, and the proclamation under section 6 was issued on the 14th idem fixing 1st May 1895 as the latest date for preference of claims. The settlement of the block was begun by M.R.Ry. C. Raju Sastriar Avergal but completed by me after the transfer of it to my name in May 1897. The last claim was disposed of on 14th January 1897 and the appeal time expired on 15th March 1897 without the preference of appeals. The submission of the final report was delayed owing to proceedings taken towards the acquisition of certain patta and inam lands enclosed in the block.

4. Thirteen claims were preferred in respect of the block. They were for patta, inam and waste lands, temples, water sources and rights of way. The claims to temples, patta and inam lands and rights of way were allowed and some of the patta lands, some waste lands, a temple, some rights of way and water sources were thrown out of the block by revision of boundary. The remaining claims to waste lands were rejected as not based on right.

5. My predecessor Mr. P. S. Singaravelu Pillai considered that the space allowed between the village-site of Thottipalayam with its Paracheri and the boundary of the block not sufficient for communal purposes or for probable extension of cultivation, particularly to the west of survey No. 461 of Thalavoyipalayam where there is a burning-ground quite close to the boundary. He therefore proposed, in view also to throw out the service inams survey Nos. 462 and 467 (since acquired), the following revision of boundary :—

"Line from the south-east corner of survey No 471, straight east-north-east to the south-west corner of survey No. 462; thence along the south side of survey No. 462 to its south-east corner; thence the west, south and east sides of survey No. 467 to its north-east corner; and thence a straight line to the north-east corner of survey No. 444."

In reply to this, the District Forest-officer stated that he was not able to accept the suggestion, as such a large exclusion would very much curtail this block which is already small. Viewed in the light of the recent instructions of the Board and the policy of Government, the close proximity of the reserve to the said village-sites appear to be objectionable and prejudicial to the residents of the said hamlets. I would, therefore, respectfully commend their case to the favourable consideration and orders of the Board.

6. In case the accompanying draft final notification is approved, I beg that three months' time may be allowed for promulgation of the said final notification from the probable date of its appearance in the *Fort St. George Gazette*.

2. The exclusion suggested is a large one, and, if ordered, the block will be so much reduced in size as to be hardly worth reserving at all.

3. Some relief might be given to the village of Thottipalayam without excluding so large an area, and the District Forest-officer would probably be able to agree to this.

RESOLUTION—No. 70, dated 14th February 1898.

The draft final notification received with the letter read above will, as amended by the Board, be submitted to Government for approval and publication in the *Fort St. George Gazette*.

2. *Claim VII.*—Of the fields dealt with in this claim, survey No. 424 and the major portion of No. 423 lie outside the reserve by revision of the boundary. A note to this effect should have been appended to the decision to make this point clear.

3. *Claim XI.*—Survey No. 473 referred to in column 4 of the register appears from the sketch-map to belong to Thalavoyipalayam and not to Voyipadi village as recorded in the former document. The Board has made the necessary correction.

4. With reference to paragraph 5 of the Forest Settlement-officer's report, the Board agrees with the Conservator in considering that some relief is necessary in regard to the village of Thottipalayam and has accordingly revised the boundary so as to leave a reasonable margin between the village-site and the reserve boundary. Deducting the extent of the exclusion now made, the area of the reserve comes to about 443 acres.

5. The retention of the block has already been sanctioned by Government in its order, No. 374, Revenue, dated 29th July 1896.

6. Effect may be given to the reservation of the block from ~~31st May~~ 30th June next.

Reserved Forest.

The draft notification, under section 16 of the Madras Forest Act, for the constitution of the Voyipadi block in the Erode taluk as a —, ordered to be published in the Fort St. George and the Coimbatore District Gazettes.

GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

Read—the following Proceedings of the Board of Revenue (Land Revenue), Forest No. 70, dated 14th February 1898 :—

Read—the following letter from A. BUTTERWORTH, Esq., Acting Collector of Coimbatore, to the Secretary to the Commissioners of Land Revenue, Madras (through the Conservator of Forests, Southern Circle), dated 30th October 1897, Ref. on Cur. No. 1266-For. :—

I have the honour to forward, herewith, the Forest Settlement-officer's letter, Ref. on Cur. No. 1470, dated 27th September 1897, with its enclosures, as shown in the margin, reporting on the final settlement of Voyipadi block, in the Erode taluk, Coimbatore district, and request that the notification under section 16 of the Madras Forest Act V of 1882 be ordered to be published in the Fort St. George and Coimbatore District Gazettes if approved by the Board and Government.

1. B. Register.
2. Draft notification.
3. Sketch-map.
4. Statement of area and condition.

2. With reference to paragraph 5 of the report, I have the honour to point out that the area of the reserve as finally settled is only 462 acres and its reservation has been accepted in Board's Proceedings, Forest No. 443, dated 23rd September 1896.

3. I agree with the District Forest-officer in considering that this small area should not be further curtailed more especially as the blocks 6, 9 and 10, all lying within three miles of this village, have been abandoned in accordance with the Board's Proceedings quoted above.

Enclosure No. 1.

From F. GOMPERTZ, Esq., Forest Settlement-officer, Trichinopoly, &c., districts, to the Collector of Coimbatore, dated Camp, Palamcottah, 27th September 1897, Ref. No. 1470.

I have the honour to report the conclusion of the settlement of the Voyipadi block in the Erode taluk after complying with the provisions of section 16 of the Madras Forest Act V of 1882.

2. The block comprises portions of Voyipadi and Thalavoyipalayam villages.

3. The notification under section 4 appeared in the *Fort St. George Gazette*, dated 11th December 1894, and the proclamation under section 6 was issued on the 14th idem fixing 1st May 1895 as the latest date for preference of claims. The settlement of the block was begun by M.R.Ry. C. Raju Sastriar Avergal but completed by me after the transfer of it to my name in May 1897. The last claim was disposed of on 14th January 1897 and the appeal time expired on 15th March 1897 without the preference of appeals. The submission of the final report was delayed owing to proceedings taken towards the acquisition of certain patta and inam lands enclosed in the block.

4. Thirteen claims were preferred in respect of the block. They were for patta, inam and waste lands, temples, water sources and rights of way. The claims to temples, patta and inam lands and rights of way were allowed and some of the patta lands, some waste lands, a temple, some rights of way and water sources were thrown out of the block by revision of boundary. The remaining claims to waste lands were rejected as not based on right.

5. My predecessor Mr. P. S. Singaravelu Pillai considered that the space allowed between the village-site of Thottipalayam with its Paracheri and the boundary of the block not sufficient for communal purposes or for probable extension of cultivation, particularly to the west of survey No. 461 of Thalavoyipalayam where there is a burning-ground quite close to the boundary. He therefore proposed, in view also to throw out the service inams survey Nos. 462 and 467 (since acquired), the following revision of boundary :—

"Line from the south-east corner of survey No. 471, straight east-north-east to the south-west corner of survey No. 462; thence along the south side of survey No. 462 to its south-east corner; thence the west, south and east sides of survey No. 467 to its north-east corner; and thence a straight line to the north-east corner of survey No. 444."

In reply to this, the District Forest-officer stated that he was not able to accept the suggestion, as such a large exclusion would very much curtail this block which is already small. Viewed in the light of the recent instructions of the Board and the policy of Government, the close proximity of the reserve to the said village-sites appear to be objectionable and prejudicial to the residents of the said hamlets. I would, therefore, respectfully commend their case to the favourable consideration and orders of the Board.

6. In case the accompanying draft final notification is approved, I beg that three months' time may be allowed for promulgation of the said final notification from the probable date of its appearance in the *Fort St. George Gazette*.
