PROCEEDINGS OF THE BOARD OF REVENUE
(SEPARATE REVENUE).

READ—Letter from the Deputy Commissioner of Salt, Abkári and Customs Department, Southern Division, dated 30th November 1897, No. 5816.

ABSTRACT.—Submitting proposals for the re-distribution of the limits of Madura, Dindigul, Tirumangalam and Erode circles.

RESOLUTION—No. 41, dated 10th February 1898.

The Board begs to submit for the sanction of Government the following proposals for the re-distribution of the limits of the Madura, Dindigul and Tirumangalam Circles of the Madura district and of the Erode Circle of the Coimbatore district.

2. The Madura district comprises the following taluks and Magisterial Divisions :—

(1) Tiruvádánai Magisterial division.
(2) Paramagudi " "
(3) Pámben " "
(4) Ramnad " "
(5) Mudukulattúr " "
(6) Tiruchuli " "
(7) Tiruppattúr " "
(8) Sivaganga " "
(9) Tiruppuvanam Magisterial division.
(10) Madura taluk.
(11) Mélúr "
(12) Palni "
(13) Periyakulam taluk.
(14) Tirumangalam taluk.
(15) Dindigul taluk.

and was prior to October 1895, when the T.T. system was in force only in the tracts numbered 7 to 11 above, divided into the following four Circles :—

Vattanam Circle comprising tract No. 1 and portion of No. 2.
Morekolam " " " Nos. 3, 4 and 5 and another portion of No. 2.
Madura " " " Nos. 6, 7, 8, 9, 10 and 11 and the remaining portion of No. 2.
Dindigul " " " Nos. 12, 13, 14 and 15.

3. When in October 1895 the T.T. system was introduced into the rest of the district, the limits of the Vattanam and Morekolam circles remained unaffected, all that was done in their case being the appointment of two additional Assistant Inspectors to help the Inspectors. As to the other two circles, however, viz., Dindigul and Madura, the Board thought that, with the T.T. system in force throughout the tracts comprised therein, it would not be possible for the two Inspectors to cope with the increased work and accordingly obtained the sanction of Government to split up that area into three Inspectors' charges and to appoint an additional Inspector for the charge of the new circle which was called the Tirumangalam Circle. The limits of the three circles as then constituted were as under—*vide* G.O., No. 488, Revenue, dated 25th July 1895 :—

Madura Circle comprising tracts Nos. 7, 8, 9, 10, 11 and a portion of No. 2.
Dindigul " " " Nos. 12, 15 and the Lower Palnis out of No. 13.
Tirumangalam Circle comprising tracts Nos. 6, 14 and rest of No. 13.

4. A day prior to the date of the Government Order approving of the Board's proposals the Assistant Commissioner, Tinnevelly Sub-Division, represented to the Board that the creation of a new circle was not necessary on the grounds—

(*a*) that the Inspector, Dindigul circle, had not complained of any excess of work in his circle;

(*b*) that there were very few trees to mark in the Periyakulam, Tirumangalam, Palni and Dindigul taluks;

(*c*) that salt crime was very rare and abkári detection not heavy;

(*d*) that smuggling of arrack across the Travancore boundary was not likely to prove a source of danger as the frontier between the two territories consisted for the most part of high mountains and dense jungles;

(*e*) that if it was one of the objects of the change that the removal of the Tiruchuli division from the Madura Inspector's charge should afford relief to that Inspector, it was not likely to do so, as there were no cocoanut trees at all to mark in that division nor were the palmyrahs numerous and as the few palmyrahs there were were all grouped together and confined to one or two localities on or near the boundaries of the Madura circle;

(*f*) that the Inspector, Tirumangalam, would have to go through Madura if he wished to go to Tiruchuli as there was no road running from Tirumangalam to Tiruchuli, and

(*g*) that under the proposed re-distribution neither the Dindigul nor the Tirumangalam Circle Inspector would have sufficient work to keep him occupied.

The Assistant Commissioner, on the other hand, suggested that the two circles, Dindigul and Madura, might be left as they were and that the Inspector of the latter circle might be given an Assistant Inspector to attend to the work in the circle office during the Inspector's absence in camp and to patrol the topes and shops in the Madura town and in the immediate vicinity thereof. The Deputy Commissioner, Southern Division, agreed with the Assistant Commissioner in the main but requested that, whether the Dindigul circle was split up into two or not, an Assistant Inspecter might be sanctioned for the Madura circle. The Board, however, did not approve of these suggestions but instructed the Deputy Commissioner to give a year's trial to the arrangements recommended by the Board and since sanctioned by Government and to raise the question again if he still thought a re-distribution of the circles was called for.

5. After two years' working of the existing arragements, the Deputy Commissioner now submits three statements (herewith forwarded in original for reference) showing the particulars of detection of Salt and Abkári crime, and the number of trees marked in the three circles and points out that the figures therein furnished show conclusively that the Inspectors, Dindigul and Tirumangalam Circles, together with their subordinate establishment have not enough work to do, while the Inspector, Madura circle, single-handed and with his head-quarters in a corner of his large circle, has too much. He therefore proposes to re-distribute the limits of these three circles and in so doing to take the opportunity to lighten the charge of the Inspector, Erode circle, by transferring the Dhárápuram taluk from the Erode circle to one of those in the Madura district. He states that the Erode circle, which consists of sixteen ranges and sixteen parties distributed over four * large taluks and in which abkári crime is rife is one of which a great deal could be made if the area to be supervised by the Inspector was smaller and that if the Inspector was relieved of Dhárápuram, which is notorious for illicit distillation and which is very inconveniently situated for inspections from Erode, he would be able to rapidly develop the resources of the three remaining taluks. The Deputy Commissioner accordingly recommends the following re-distribution of the Dhárápuram taluk and of the tracts included in the present Tirumangalam, Madura and Dindigul circles :—

* Erode, Palladam, Karur and Dhárápuram.

Name of circle newly proposed.	Limits.	Head-quarters of the new circle.	Extent in square miles.
Madura	Madura and Tirumangalam taluks, the portion of Periyakulam taluk not included in the Palni circle and the Tiruchuli division.	Madura ..	SQ. MLS. 2,625½
Sivaganga	Melur taluk, Sivaganga, Tiruppattur and Tiruppuvanam divisions and the portion of the Paramagudi Magisterial division not included in the limits of the Vattanam and Morekulam circles.	Sivaganga ..	2,228
Palni	Dharapuram, Palni and Dindigul taluks and the Lower Palni hills in the Periyakulam taluk.	Palni ..	2,907

The only objections to the above arrangement are (i) that the Palni circle contains portions of two districts and (ii) that the areas of the three Circles are not evenly distributed. In regard to (i), it is no doubt a valid objection but it is not an insuperable one and may be left out of account in consideration of the improved supervision which the Dhárapuram taluk will enjoy under the Inspector, Palni circle. As regards the areas of the circles, the Deputy Commissioner states that although Palni appears to be the largest of the three circles, there is very little abkári crime to deal with and very little tree marking to supervise except in the Dhárápuram taluk. Similarly in regard to the Sivaganga and Madura circles he remarked that the Periyakulam taluk is rocky and barren with very few trees and saline soils in it, and that the Tiruchuli division is a waste of black-cotton soil with nothing to give abkári work but a few palmyras, while the Sivaganga zemindari is very important both from a tree-tax and salt point of view.

6. These arrangements seem worthy of consideration, and the Board would recommend that they may be tried as a tentative measure for one year at the end of which period they may be made permanent or modified as experience directs.

7. The Deputy Commissioner also reports that the subordinate establishment sanctioned for some of the taluks and divisions of the Madura district is more than is actually required and submits proposals for effecting a reduction. He also applies for additional Sub-Inspectors for the Tiruppattúr and Tiruppuvanam divisions and for certain changes in the strength of the parties of the Sivaganga zemindari division. The following tabular statement will show in one view the present establishment, that proposed by the Deputy Commissioner and his reasons for the changes proposed :—

Taluk or Division.	Present Establishment.					Establishment proposed.					Reasons assigned for the additions or reductions proposed.
	Number of		Parties under the Sub-Inspector.			Number of		Parties under the Sub-Inspector.			
	Sub-Inspectors.	Orderlies.	Petty officers.	Peons.		Sub-Inspectors.	Orderlies.	Petty officers.	Peons.		
Palni taluk ..	1	3	1	6		1	6				There is very little crime and the people are well disposed and law-abiding so far as the Abkári laws are concerned.
	1	3	1	6		1	6				
	1	6		..							
Dindigul taluk ..	1	6		..		1	6				Three ranges conterminous with the three Magisterial Divisions of the taluk are considered quite sufficient. The Deputy Commissioner proposes at the same time to abolish the parties and give the Sub-Inspectors six orderlies each.
	1	6		..		1	6				
	1	3	1	6		1	6				
Lower Palnis of the Periyakulam taluk.	1	6	1	6		1	..				The Deputy Commissioner reports that two out of the four Sub-Inspectors posted to the hills have died from the effects of fever and that a third has been laid up for more than a year, that no results have been obtained to justify the retention of men in this very malarious locality, there having been no applications for trees and practically no detection whatever having been shown. He therefore proposes that the hills should be patrolled by the Sub-Inspector of the nearest range in the plains.
Tiruppuvanam division.	..	..	..	..		1	3				This is at present patrolled by one of the two Sub-Inspectors of the Madura taluk, but as this arrangement is reported not to have worked well and as the division is to be removed from the Madura to the Sivaganga circle, the Deputy Commissioner proposes to post a separate Sub-Inspector with three orderlies to the Tiruppuvanam Division and to divide the Madura taluk equally between the two Sub Inspectors.
Tirumangalam taluk.	1	6	..	..		1	6				The Deputy Commissioner proposes to abolish one Sub-Inspector and three peons and the party of one petty officer and five peons on the ground that there are very few saline soils, that the few that exist are never disturbed and that toddy trees are scattered about and exist only in certain portions of the taluk, Magisterial divisions of the taluk are sufficient.
	1	6		..		1	6				
	1	3	1	6							
Periyakulam taluk.	1	3	..	..		1	6				The Deputy Commissioner proposes to do away with a Sub-Inspector and party on the ground that there are very few trees to mark in the taluk in spite of its large area and that there has been virtually no detection of smuggling cases on the Travancore frontier.
	1	3	..	..		1	6				
	1	3	1	6							
Tiruppattúr division.	1	3	Tiruppattúr .. 1	8		1	3	Tiruppattúr .. 1	8		Of the two ranges in the division, the Deputy Commissioner reports that the Tiruppattúr range is far too extensive and unwieldy to be efficiently worked by one Sub-Inspector, that temporary arrangements have already had to be made to relieve him by deputing a Sub-Inspector from the Mélúr taluk to work in the range but that this arrangement cannot be allowed to stand permanently as it impairs the efficiency of the work in the Mélúr taluk and therefore an additional Sub-Inspector with three orderlies is necessary for the Tiruppattúr range.
	1	3	Vellangudi .. 1	8		1	3	Vellangudi .. 1	8		
											The Deputy Commissioner considers that the Vellangudi party can well manage with five peons and that the Manamadurai party requires eight.
Sivaganga division.	1	3	Kalliakoil .. 1	8		1	3	Kalliakoil .. 1	8		
	1	3	Manamadurai.. 1	5		1	3	Manamadurai.. 1	5		

	Sub-Inspectors.	Petty officers.	Peons.
Total present strength ..	19	11	142
Total proposed strength ..	16	6	115
Net saving	3	6	27

These proposals, which result in a net saving of three Sub-Inspectors, six petty officers and twenty-seven peons, may also be approved, but only as a tentative measure as in the case of the re-distribution of the circles referred to above. Proposition statements embodying the changes will be submitted when application is made for permanent sanction to them.

8. Draft notifications defining the limits of the circles affected by these Proceedings are enclosed for approval and publication in the *Fort St. George Gazette*.

9. A statement showing the proposed allocation of the Sub-Inspectors and Parties' ranges and the establishments allowed for each range is appended to these Proceedings.

Bds Profs. No. 41 (Cus. 2203)
10-2-98

To Secretary.

The changes proposed by the Board in the above are in effect

(i) to add the Dharapuram taluk to the Palni Circle.

(ii) to transfer the Madura taluk from the Madura ~~Circle~~ to the Tirumangalam Circle, and to designate them Sivaganga and Madura Circles respectively; and

(iii) to redistribute the establishments, of which the result is a saving of 3 Sub Inspectors, 6 Preventive Officers and 27 peons.

2. The Board proposes to try these arrangements for a year, and accordingly submits no propositions ~~statement~~ for the present.

3. The draft notification on page 6 of the current has been corrected as shown in red ink, in accordance with

Hd Qrs;

May be approved as a tentative measure

8/4/98

Yes - I presume the Madura ⊙ Inspn Hd Qrs will be at Madura. The Hd might be asked whether it is still considered that he requires an Asstt to help him. I fancy not, I think it likely that, as Madura is such a big place, it might pay to have an Asstt of standing always on the spot - The Asstt could if necessary circulate when the Inspr was in Hd Qrs.

KD 14/4/98

To Secy

Please see a revised order below.

2. Col. 3 of the Statement at page 3 of the Current shows that Madura will be the Head Quarters of the Madura circle.

G.O. Mis No 1772 d/ 25/4/98.

The proposals of the Board of Revenue are approved and the draft notification will be published in the Fort Saint George Gazette.

2. The Board of ~~Revenue~~ will be requested to state whether it is still considered that the Inspector of the Madura Circle requires an Assistant to help him.
