were included within the block although ordered by the J.S.O.

ii The notification did not describe a portion of the boundary finally settled

iii Settlement No 291, 264 and a portion of No 282 were included within the reserve although intended to it was the J.S.O's intention to include them.

In S.O 4427 mis d 24.8.97 the Government considered that items i and ii might be considered clerical errors and therefore rectified by the publication of a revised notification but that a formal disafforestation notification was necessary to exclude the lands mentioned in item iii.

2 The disafforestation notification was published in S.O 11 d 5.1.98. The Board now forwards an amended boundary description notification excluding from the limits of the Charambadi reserved forest the lands mentioned in items i and iii and including the portion of the boundary (referred to in item ii) at first omitted in the final notification.
