SUBJECT.

Submitting to Govt for approval and publication in the Fort St. Geo: Gazette revised draft notn: under Sec 4 of the Madras Forest Act for the constitution of the Kadammalai block Kodaikanal Taluk, in the Madura Dt, as a reserved forest.

Note. The Kadammalai block was initially notified under the order contained in G.O No 613 dt 15.6.92. It is now proposed to issue an amended boundary description notification inasmuch as it is found that the area demarcated boundary line differs from the notified boundary and includes a somewhat larger area. Madura Collector's Office

Ref on C. No. 240 Forests

Forest Branch,

4th March 1898.

From

J. G. D. Partridge Esquire,

Acting Collector of Madura.

To

The Secretary to the Commissioners of Land Revenue

thro: the Conservator of Forests, S. Circle.

S i r,

I have the honour to submit a revised boundary description of the Kadavamalai block for renotification under Section 4 of the Forest Act. This is block No. 66 and was originally notified under section 4 in the Fort Saint George Gazette dated 21st June 1892 page 790.

2. The renotification was considered necessary by the Forest Settlement Officer because the boundary line as demarcated, differed from the notified boundary, and included a greater area. Vide Board's Proceedings Forest 1566 Mis, dated 19th October 1895.

3. A Surveyor recently surveyed the block and the boundary has been perambulated by the present Ranger, and also by his predecessor. The map and boundary description are ~~bad~~ based on the Surveyor's map, as checked by the Rangers; and I request that the revised boundary description may be published in the Fort Saint George Gazette. The Ranger's perambulation certificates are enclosed.

I have the honour to be,

Sir,

Your most obedient servant,

(Signed) M Fowler

Proceedings of the Board of Revenue

(Land Revenue).

Forest No. 1566 his, dated 19th October 1895.

Endorsement from the Collector of Madura, dated 5th October 1895, Ref^n C. No. 3948 submitting to the Board letter from the Forest Settlement Officer Trichinopoly &c. Districts. Ref^n C No. 11533 9th September 95.

Resolution

The Board observes that the Collector agrees with the Forest Settlement Officer. He should have instructed his District Forest Officer accordingly.

2. Whenever there is any room for doubt as to a discrepancy being an obvious mistake, it is safer to issue a revised notification. In practice however, it is usually the demarcated line and not the written description which is known to the ryots.
