REVENUE BOARD OFFICE
MADRAS.

Proceedings of the Board of Revenue

(Separate Revenue),

Dated 22nd March 1898.

Mis No. 1138

Read Government Order, Revenue Department, Mis. No. 940 dated 22nd February 1898.

Resolution

In reply to Government Order Mis No 940 dated 22nd February 1898, forwarding for remarks a letter from the Government of India regarding the proposed revision of the arrangements in force at Indore for the weighment and issue of opium to this Presidency the Board begs to report that all that was asked for in its Proceedings Mis No 2483 dated 10th June 1897, was that consignments might be fully weighed and not a percentage only. This the Government of India

India undertakes in para 4 of their letter in question to arrange for.

2. The Board has no information at present as regards the system of receipt and disposal of Malwa Opium in the Bombay Presidency referred to by the Government of India, but is addressing the Commissioner of Customs, Salt, Opium, and Abkari, Bombay, for information and will submit proposals should it find changes advisable. It has not thought it worthwhile to delay the present reference pending receipt of the said information as, whatever the system, it is unable to see how the "very minute precision" referred to by the Government of India can be attained under the present system of issues to Madras under which 90 per cent of the packages are not weighed.

B.P. No 1138 Misc dy 22.3.98 (C. No 2589)

—

To Secy :-

At the instance of the Board of Revenue this Govt suggested to the Govt of India that the system of weighing opium chests consigned to this Presidency followed at Indore should be improved. The Govt. of India replied that instructions would be issued for separately weighing, numbering and sealing every bag before despatch from Indore, provided that this Govt introduced arrangements for examination of the bags on arrival which might depend upon such weighment. The Board has to state how it proposes to improve the arrangements for the reception of opium here and has made a reference to Bombay, the result of which it appears necessary to await.
