Reference No.367,dated 29th March 1898.

The statement received from the Collector under date the 7th January last furnishes the additional information called for regarding the number of cases dealt with by the compensation establishment since the year 1885.The statement will be submitted to Government with reference to para 1 of its order No.6009 Misc.,dated 20th November 1897.

2. The Board requests the sanction of Government for the retention of the establishment until the 31st January 1898 as recommended in para 5 of Board's Proceedings No.5345/ Misc.,dated 15th October 1897.It has been ascertained that the services of the establishment were dispensed with from 1st February Last.

3. With regard to the Collector's recommendation in his letter dated the 26th of January 1898 for the retention of the establishment for another year,the Board considers that he should submit fresh proposals,accompanied by a statement showing clearly the amount of work turned out in each taluk during the past years under each of the heads noted in the margin as well as the work that remains yet to be done.

1. transfer of land to the Department applying for it.
2. Settlement and payment of compensation.

Both the area taken up and the number of cases dealt with should be noted.He should bear in mind that the statement is required to prove clearly the necessity for affording extra help to the ordinary establishment and such additional particulars as may be necessary for this purpose should be given. Orders will issue to him in this sense when the orders of Government have been received.

submits a statement received
from the Collector furnishing the
information required by Govern
& requests the sanction of Govt
for the retention of the establish
ment until the 31st January 98 as
already recommended by it. It
would appear that the establish
ment was dispensed with from
the 1st February 98. From the state-
ment furnished by the Collector
it will be observed that, excluding
the year 1888 the poor outturn in which year
is reported to be due to the non-enter-
tainment of the Inspector for some m
and also 1883.
the average No of cases disposed of

⊗. 1 Rev. Inspector on Rs 25 p.m.
2 Clerks — Rs 15 each

is 436 per annum. It is doubtful whether this would have given sufficient work for the establishment. The establishment having been continued till the 31 January 1898 sanction may be accorded to its retention till that date as recommended by the Board.

2. In his letter of 21 January '98 the Asstt Collector states that the area remaining to be transferred & that for which compensation has to be settled are 111 & 352 acres respectively & that it is not desirable to entrust the work to the ordinary permanent establishment which has other multifarious duties of equal importance & cannot get through the additional work satisfactorily. He recommends accordingly the retention of the temporary establishment for another year & the Collector supports his recommendation vide letter of 26 January 1898. Ref. No 467. With regard to this the Board observes as follows: "The Board considers that he (the Collector) should submit fresh proposals accompanied by a statement showing clearly the amount

1 transfer of land to the dept applying for it.
2 settlement & payment of compensation.

of work turned out in each taluk during the past 2 years under each of the heads noted in the margin as well as the work that remains yet to be done. Both the area taken up & the No of cases dealt with should be noted. He should bear in mind that the statement is required to prove clearly the necessity for affording extra help to the ordinary establishment & such additional particulars as may be necessary for this purpose should be given: "Orders will issue to him in this sense when the orders of Government have been received". The detailed statement which the Board proposes to call for is necessary to decide the question of the further retention of the special establishment. Submitted that the Board's remarks may be concurred in.
