# PROCEEDINGS OF THE BOARD OF REVENUE
## (SEPARATE REVENUE).

READ—again Proceedings of the Board of Revenue (Separate Revenue), Mis. No. 4645, dated 23rd October 1897.

ABSTRACT.—Requesting the Deputy Commissioner of Abkári, to explain why the information regarding the wastage on each cask of consignments of liquor called for from the Superintendent of Excise Revenue, Calcutta, by the Distillery Officers of Ranipettai and Nellikuppam, is required.

READ—again letter of the Board of Revenue (Separate Revenue), Mis. No. 45, dated 7th January 1898.—

ABSTRACT.—Informing the Secretary to the Board of Revenue, Lower Provinces, that the information proposed by him to be furnished regarding consignments of liquor exported under bond from the Madras Presidency to Calcutta will meet the requirements of the department if the date of arrival of the consignment is added.

RESOLUTION—No. 70, dated 5th March 1898.

In the correspondence read again above the Board of Revenue, Lower Provinces, Bengal, brought to the notice of the Board the inconvenience that was caused to the Superintendent of Excise Revenue, Calcutta, by requests from Distillery Officers in this Presidency for a number of details regarding consignments exported under bond. After consulting with the Abkári Deputy Commissioner, the Board has decided that in case of exports beyond the Presidency it will be sufficient for the information required under paragraph 66 of the Distillery and Warehouse Rules to be given in respect of the whole of each consignment exported and has informed the Board of Revenue, Lower Provinces, Bengal, accordingly.

2. At the same time that he made the above recommendation, the Abkári Deputy Commissioner gave it as his opinion that, in the case of transport within the Presidency, it was advisable that the information above referred to should be given in respect of each cask or other receptacle, and that there seems to be no object in allowing the Collectors discretion in the matter as the rule at present stands. The Board concurs in this opinion also. The appended notification and Sub-circular order will accordingly be issued in modification of the existing Rule 66 of the Distillery and Warehouse Rules and paragraph 75 of Circular Order IV of 1889.

3. The attention of the Officer on Special duty for drafting the Abkári and other Manuals will be drawn to the necessity of collecting all the orders on the subject of wastages under one head.

## Remarks

Chicacole A. Increase in Sales is reported to be due (i) to the large purchases made by the Cuttack traders from Naupada where a large quantity of excise salt liable to destruction under the five years' rule was sold at very low prices (ii) to the reduced price at which salt is being sold at Kuppili and (iii) to the sale of the monopoly salt at Calingapatam at a uniform rate of 3 annas a maund. Decrease in Collections is due to larger credit sales.

Cocanada B. Increase in Sales up to the end of the month is attributed (1) to the reduction in the price of the excise salt sold at Penugudurru owing to Competition and to the opening of Sales of monopoly Salt and (2) to exports to Calcutta which were nil in the previous year. Increase in Collections is due to larger realisations on account of previous credits.

Masulipatam C. Decrease in Sales is attributed to the salt now under sale at Manginapudi and Nizampatam not finding favour with the trade. Decrease in Collections is due to smaller Cash Sales and to the smaller realisations on account of previous credits.

Nellore D/

Nellore D - Increase in Sales is reported to be due to the light Salt offered for Sale at Pakala and to the fact that the boat merchants from Bezwada, Ellore and other places were able to take Salt from the Chinna Ganjam factory for a longer period owing to the Krishna Canals having been closed later this year. Increase in Collections is due to larger realisations on account of previous credits.

Chingleput E - Increase in Sales is due to Sales having been opened at the Madras depot. Increase in Collections is due to larger realisations on account of previous credits.

Negapatam F. The variation in Sales calls for no special remarks. Decrease in Collections is due to larger credit sales. a decrease of 7665 maunds

Tinnevelly G. Increase in Sales is reported to be due to the lightness of the Salt offered for Sale in certain factories, to the larger Sales for export during the year and to the cheaper rate at which Salt is sold at Kevanur. Increase in Collections is due to larger realisations on account of previous credits
