Chicacole A. Increase in Sales is reported to be due (i) to the large purchases made by the Cuttack traders from Naupada where a large quantity of excise salt liable to destruction under the five years' rule was sold at very low prices (ii) to the reduced price at which salt is being sold at Kuppili and (iii) to the sale of the monopoly salt at Calingapatam at a uniform rate of 3 annas a maund. Decrease in Collections is due to larger credit sales.

Cocanada B. Increase in Sales up to the end of the month is attributed (1) to the reduction in the price of the excise salt sold at Penaguduru owing to Competition and to the opening of sales of monopoly salt and (2) to exports to Calcutta which were nil in the previous year. Increase in Collections is due to larger realisations on account of previous credits.

Masulipatam C. Decrease in Sales is attributed to the salt now under sale at Manginapudi and Nizamapatam not finding favour with the trade. Decrease in Collections is due to smaller Cash Sales and to the smaller realisations on account of previous credits.

Nellore D

Nellore D - Increase in sales is reported to be due to the light salt offered for sale at Pakala and to the fact that the boat merchants from Bezuvada, Ellore and other places were able to take salt from the Chinna Ganjam factory for a longer period owing to the Krishna Canals having been closed later this year. Increase in Collections is due to larger realisations on account of previous credits.

Chingleput E - Increase in sales is due to sales having been opened at the Madras depot. Increase in Collections is due to larger realisations on account of previous credits.

Negapatam F - The variation in sales calls for no special remarks. Decrease in Collections is due to larger credit sales. a decrease of
7665 mounds

Tinnevely G - Increase in sales is reported to be due to the lightness of the salt offered for sale in certain factories, to the larger sales for export during the year and to the cheaper rate at which salt is sold at Kevanur. Increase in Collections is due to larger realisations on account of previous credits.

Calicut H

Calicut H - The sales in this sub-division vary with the nature of the fishing season.
