Submitting to Government, for approval and publication in the *Fort St. George Gazette*, draft notification under section 16 of the Forest Act for the constitution of the Kandikuppa block, in the Amalápur taluk, Gódávari district, as a reserved forest.

PROCEEDINGS OF THE BOARD OF REVENUE

(LAND REVENUE).

READ—again the following Proceedings of the Board of Revenue (Land Revenue), Forest Mis. No. 108, dated 2nd February 1897 :—

Read—the following letter from V. A. BRODIE, Esq., Collector of Gódávari, to the Secretary to the Commissioners of Land Revenue, Madras (through the Conservator of Forests, Northern Circle), dated Cocanada, 20th July 1896, Cur. No. 10 :—.

I have the honour to forward, herewith, letter No. 562, dated 27th June 1896, with all its enclosures from the Forest Settlement-officer, Nellore, &c., districts, submitting his final report on the settlement of the proposed reserve of Kandikuppa in Amalápur taluk.

2. The draft notification under section 16 of the Act has been countersigned by my District Forest-officer in token of his having verified the boundary description, and a statement showing the area, &c., of the proposed reserve is also enclosed.

3. The reservation may be ordered to take effect from 1st October 1896.

ENCLOSURE No. 1.

From E. A. SMITH, Esq., Special Deputy Collector on Forest Settlement Duty, Nellore, &c., districts, to the Collector of Gódávari (through the District Forest-officer, Gódávari), dated Camp, Tripurantakam, 27th June 1896, No. 562.

I have the honour to report the conclusion of the settlement of the proposed Kandikuppa reserve in the Amalápur taluk of your district.

2. The initial notification under section 4 of the Madras Forest Act proposing to constitute this area into a reserved forest appeared in the *Fort St. George Gazette*, dated 18th October 1889, and the proclamation issued under section 6 of the said Act was published in the District Gazette, dated 2nd December 1889. The three months' time allowed for the presentation of claims expired on the 2nd March 1890.

3. M.R.Ry. D. Jagannadha Rao Pantulu Garu was originally appointed to settle this block; then Messrs. J. T. Lever and R. H. L. Lushington; and in notification No. 583 published at page 1241 of the *Fort St. George Gazette*, dated 5th November 1895, I was appointed the Forest Settlement-officer.

4. The reserve was inspected, perambulated and enquired into by M.R.Ry. D. Jagannadha Rao Pantulu Garu and 56 claims were preferred for ten following rights :—

(i) Two claims to cut firewood free from the jungle.
(ii) Forty-five claims to Government patta lands.
(iii) One claim to rights of way over eight foot-paths and to right of navigation over eight creeks.
(iv) One claim to a foot-path.
(v) One claim to a right of fishing in the creeks.
(vi) One claim to a strip of the beach between Kotapalem on the north and Bramhasamedhiem on the south to a length of four miles and to a width of half a mile.
(vii) One claim to a right of way along the beach and to a right to use the water of the spring wells at Karuvaka beach.
(viii) Two claims to exclude two hamlets from the reserve.
(ix) One claim to the temples of Danamma and Sattamma.
(x) One claim to a right of way to the above temples.

The claims to cut firewood free from the jungle were rejected; of the forty-five claims to Government patta lands involved in item No. (ii), 43 claims were admitted and the patta lands have been excluded by an alteration of the boundary of the reserve; the remaining two claims were rejected; the claim to rights of way over eight foot-paths and to right of navigation over eight creeks, the claim to a foot-path and the claim to a foot-path and to a right to use the water of the spring wells at Karuvaka beach involved in items Nos. (iii), (iv) and (vii) were admitted; the claim to a right of fishing over the creeks involved in item No. (v) was rejected; the claim to a strip of the beach involved in item No. (vi) was rejected on the ground that the strip of land claimed belonged to the Government villages and not to the zemindari village of Bramhasamedhiem. This was upheld in appeal suit No. 261 of 1892 on the file of the District Court of Gódávari and the appeal was dismissed with costs. The claims to exclude the two hamlets of Karuvaka and Gollamanda, the claim to the temples of Danamma and Sattamma, and the claim to a right of way to the above temples involved in items Nos. (viii), (ix) and (x), respectively, were admitted and the hamlets and the temples have been ordered to be demarcated out and retained as enclosures within the reserve free from re-ervation.

5. The villages of Pandi and Pora referred to in the remarks column of the schedule attached to notification under section 4 published at page 707, dated 15th October 1889, have also been excluded from the reserve, the same having been ordered to be demarcated out and retained as enclosures within the reserve free from reservation.

6. The patta fields excluded at the settlement have not been shown on the map, as the District Forest-officer, Gódávari, says in his letter R. C. No. 601, dated 10th April 1895, that this cannot be done in the absence of the new village map of Kandikuppa according to recent survey.

7. The reserve is thus free of all rights except those stated above.

8. The following are submitted herewith :—

(*a*) A signed copy of the B. register of claims.
(*b*) The draft notification under section 16.
(*c*) The sketch-map of the reserve.

9. The date from which reservation is to take effect has to be inserted in the draft notification.

ENCLOSURE No. 3.—Draft notification.

ENCLOSURE No. 4.—Area statement.

ENCLOSURE No. 5.—Map.

Endorsement by A. W. PEET, Esq., Conservator of Forests, Northern Circle, dated Waltair, 22nd July 1896, R. C. No. 205.

Forwarded.

Resolution—Forest Mis. No. 108, dated 2nd February 1897.

From the sketch-map of the Kandikuppa block, submitted with the letter read above, it would appear that the village-sites of (1) Molleti-moga, (2) Neelarevu and (3) Lotukalva are close to the reserve boundary, being not even half a furlong from the boundary line. The Collector is therefore requested to report whether it is possible to revise the boundary so as to leave an ample margin between the reserve and the village-sites.

2. It is also observed that in the case of the villages and hamlets, &c., damarcated out as enclosures on the sketch-map, the extent of occupied lands, if any, and that of lands allowed for extension of cultivation and other village privileges, have not been given in the settlement records. The omission should now be supplied.

3. The following discrepanices are also noticed in the settlement records and require rectification :—

(i) *Claim No.* 7.—The total extent of the lands dealt with is only 10·88 acres and not 11·18 acres as recorded in the register.

(ii) *Claim No.* 16.—Similarly the total assessment of the lands claimed comes to Rs. 11-2-0 and not Rs. 12-2-0 as given in the register.

(iii) *Claim No.* 48.—Some of the paths have not been described with sufficient precision. Certain pencil alterations have, however, been made in the register and notification so as to accord with the map. These should be verified and amended, if necessary.

(iv) *Claim No.* 51.—It is noted that the access allowed in this claim to the spring wells at Karuvaka is merged in foot-path No. 8 of claim 48. The Forest Settlement-officer should have added a note to this effect in the register so as to make it corresponed with the notification.

(v) *Claim No.* 55.—The exact situation of the temple and the area covered by the enclosure should have been given.

4. With reference to paragraph 6 of the Forest Settlement-officer's report, the patta fields excluded at settlement should be indicated on the sketch-map if the new village maps of the recent survey are now available, and opportunity should be taken to rectify mistakes, if any, on the present sketch-map before re-submission.

5. An early reply is requested.

draft notification, sketch-map and area statement),
through the Conservator of Forests, Northern Circle.

READ—also the following letter from V. A. BRODIE, Esq., Collector of Gódávari, to the Secretary to the Commissioners of Land Revenue, Madras (through the Conservator of Forests, Northern Circle), dated Cocanada, 9th September 1897, Dis. No. 440-For. :—

In re-submitting herewith the settlement papers of the Kandikuppa reserve returned for revision with Board's Proceedings, Forest Mis. No. 108, dated 2nd February 1897, I have the honour to reply as follows to the remarks made in the Board's Proceedings in question. These replies are based on the results of the joint inspection of the block made by the Forest Settlement-officer and the District Forest-officer. The block is reported to be a mangrove swamp intersected by creeks and there are consequently no cultivable lands within it.

2. *Paragraph* 1 *of the Board's Proceedings.*—The Forest Settlement-officer reports thus with reference to this paragraph :—

"(1) The village of *Molletimoga* is surrounded on three sides by canals—on the east boundary the reserve line runs somewhat adjacent to the village-site and it has accordingly been removed to a distance of one furlong, the additional space allowed being a piece of land 10 chains broad by 12 chains long.

(2) *Neellarevu* is a zemindari village and the reserve boundary follows the zemindari boundary, but as the temples of Danamma and Sattamma, which are separated from the village by a canal, belong to the zemindari, it has been thought advisable to exclude them from the reserve with an area of about 60 acres, whereby ample space has been left between the reserve and village-site.

(3) *Lotukalva* is a hamlet of Kandikuppa containing 12 houses with a population of 60 persons; it is situated on the margin of the swamp and no revision of the reserve boundary is necessary, as there is a distance of ten chains from the village-site to the reserve boundary on the east side of the village and on the west side a large space of uncultivable land," but as stated above, these three villages are only inhabited by fishermen and there is no land under cultivation.

Paragraph 2 *of the Board's Proceedings.*—There being no cultivation within the reserve or in the villages adjoining it, no land has been allowed for extension of cultivation. The area of lands occupied by the village-sites and the area of the enclosures are now given in the settlement records.

Paragraph 3 *of the Board's Proceedings*—

(*i*) *Claim No.* 7.
(*ii*) *Claim No.* 16. } The discrepancies noticed are now rectified.
(*iii*) *Claim No.* 48.
(*iv*) *Claim No.* 51.—A note has been made in the B. register as directed.
(*v*) *Claim No* 55.—The temples are now excluded from the reserve by an alteration of its boundary.

Paragraph 4 *of the Board's Proceedings.*—If the patta fields excluded at settlement are now to be shown on the sketch-map according to the recent survey, it would entail the preparation of a new map and B. register. As the boundary of the reserve is not, however, affected by the recent survey, the numbers of fields on the sketch-map have not been altered.

3. The Forest Settlement-officer and the District Forest-officer report that, during their inspection, they ascertained that the Gollamanda huts are now deserted, so that the enclosure is no longer necessary. A note to this effect is now made in the B. register. Since the time of the settlement, a temporary lighthouse and two buildings have been erected in the reserve by the Marine Department apparently without any intimation either to myself or the District Forest-officer. The District Forest-officer has referred the matter to the Port officer and the question is now under the consideration of the Government. In its order, Mis. No. 3747, Revenue, dated 20th July 1897, the Government referred the question to the Board of Revenue for report as to whether it would not be better to exclude the ground on which the lighthouse and out-buildings stand temporarily from the reserve under the ruling in paragraph 2 of Government Order, No. 74, Revenue, dated 11th February 1889, and the Board in its turn has referred the matter to me for report (*vide* Reference on Forest No. 2167 of 1897, dated 26th July 1897). I have replied to that reference that I am of opinion that a temporary exclusion may be made as suggested by Government.

4. I very much regret the delay in the submission of my reply which was due to the local inspection that had to be made by the Forest Settlement-officer and the District Forest-officer and subsequent correspondence with the Tahsildar and the Forest Settlement-officer.

48	Kaladi Danaraj, village munsif of Pandi, Pora and Molletimoga, in the Amalápur taluk.	Do.	Claims the following rights of way:— (*a*) Right of way for men over the following footpaths which are each two yards wide:— (1) From Chirrayanam to Pandi. It enters the reserve at Pandigaruvu (a place so known) and runs* north-east to Pandi, its length in the reserve being about two miles. (2) Lothukalva to Pandi. It enters the reserve about a furlong east of Lothukalva, hamlet of Kandikuppa, runs through it south-east, adjoins Chirrayanam-Pandi path No. 1 at its entrance, its length up to the junction being about three fourth mile. (3) Kandikuppa to Pandi, about three-fourth mile long. It enters the reserve about a furlong south-east of survey No. 629 of Kandikuppa and runs south-east to Pandi. (4) Pandi to Neellarevu, hamlet of Brahmasamedhiem, about a mile long. It enters the reserve east of Pandi, runs south-eastwards and leaves it about a furlong north-west of Neellarevu. (5) Pandi to Pora, about two miles long.‡ It enters the reserve north of Pandi and runs north-east to Pora. (6) Kandikuppa to Pora, about three-fourth mile long. It enters the reserve about three furlongs south-east of Adivimalapalli, hamlet of Dontikurru, and runs almost south-eastwards to Pora. (7) Kandikuppa to Molletimoga, about a mile long. It enters the reserve about two furlongs south of the north-west corner of the proposed reserve, runs through it east and leaves it west of Molletimoga. (8) From Molletimoga to the sea-shore, about three-fourth mile long. It enters the reserve east of Molletimoga and runs eastwards to the sea. (*b*) Right of navigation over the undermentioned creeks:— (1) From Kandikuppa to Pandi over the creek called Musarapadu. (2) From Pandi to Neellarevu over Vaddisalapa. (3) Pandi to Pora over Pandi Godavari. (4) Kandikuppa to Pora over Peddirevukalva. (5) Kandikuppa to Molletimoga over Kollarevukalva. (6) Pora to Molletimoga over the creek called Bidarukalva. (7) Pora to sea-shore over the Chikatikalva. (8) From Gazangi Tippa to Pandi over Nidikalva.	Two witnesses have been examined for the claimant who prove that the rights of way claimed have been in use from a long time and that they know of it personally for the last 50 and 30 years according to the age of the witness. No. 2 enters the reserve about half a furlong east of the village-site of Lothukalva, hamlet of Kandikuppa, and running south-east and north-east for about one and three-fourth mile, joins the footpath No. 1. No. 3 enters the reserve about seven chains north-east of the north-east corner of survey No. 629 of Kandikuppa and runs south-east for about three-fourth of a mile to Pandi † (4) This enters the reserve south-east of Pandi village site and running south-east for about a mile, leaves the reserve about fourteen chains west of Neellarevu village-site. No. 7 enters the reserve about two furlongs south-west of the trijunction of Kandikuppa, Guttinadivi, and the forest block, running generally east for about six and a half furlongs and leaves § it north-west of Molletimoga village site. No. 8 enters the reserve east ‖ of the village-site of Molletimoga and running south-east by the Karuvaka chakali huts for about seven furlongs and crossing the foot and cattle path from one arm of the Gódávari to the other admitted in claim No. 51, leaves it on the sea-shore.	The District Forest-officer's has no remarks to offer.	29th June 1891. As the rights claimed are proved to have been exercised from a long time, the claim is admitted in the name of the general public and the rights claimed are allowed through the reserve. (Signed) D. JAGANNADHA RAU, Forest Sett.-officer. RAJAHMUNDRY, 11th July 1891.
49	Akula Reddi of Pallam, hamlet of Kandikuppa, in the Amalápur taluk.	25th June 1891.	Claims on behalf of himself and all the fishermen of Pallam, Pandi, Pora, Molletimoga right of fishing in all the creeks within the limits of the proposed Kandikuppa reserve.	....	The District Forest-officer has no remarks to offer.	The claimant admits that the fishermen of each village had certain limits fixed for them when moturpha tax was levied some 30 years back, but that when the tax was abolished, they were allowed to fish free without any restrictions. It is thus manifest that the fishermen had never any right as against Government. As no easement has been established in their favour, the claim is rejected. (Signed) D. JAGANNADHA RAU, Forest Sett.-officer. RAJAHMUNDRY, 11th July 1891.
50	Sri Raja Bollapragadu Venkata Subba Rau Garu, Zemindar of Madanapalli estate, in the Amalápur taluk.	15th Mar. 1892.	Claims, on behalf of himself and his younger brother Sri Raja Sundara Rama Swami Garu, the strip of beach between Kottapalam on the north and Bramhasamedhiem on the south, about four miles long and half a mile wide on average, and lying to the east of Government villages of Molletimoga, Pora and Pandi, as the zemindari property attached to the cusba village of Bramhasamedhiem.	Twelve witnesses were examined for the claimant, seven of whom say that the land in question is said to belong to the zemindari village of Bramhasamedhiem, one of whom is the karnam of Kandikuppa. Of the remaining five, two are persons who have recently settled themselves on the beach. The remaining two are the claimant's Pullari contractors who say that up to three years back the right of grazing was leased out to them by the claimant for about 10 or 15 years and that they collected fees on cattle grazed on the beach in question.	The District Forest-officer opposes the claim.	¶ It appears that the boundary marks were at the time of survey erected at a distance of about 70 or 80 yards from the sea, but they seem to have been erected there to avoid being washed away by the sea in the same way as they have been erected to the east of the zemindari villages of Balusutippa and Masumtippa (*vide* survey map, exhibit marked C), where the zemindar says all the land up to sea belongs to him though the boundary marks stand in the same way as at Molletimoga, Pora and Pandi. Thus the written evidence, namely the survey maps produced by the claimant himself, are in favour of Government and go against him. The oral evidence adduced by him is as quite meagre and unsatisfactory. His assertion that the strip belongs to him further seems to be absurd from the position of the land. Under these circumstances, I reject the claim and declare the land to be Government property available for reservation. (Signed) D. JAGANNADHA RAU, Forest Sett.-officer. PEDDAPUR, 16th May 1892.
51	The District Forest-officer, Gódávari.	1st June 1892.	Claims, on behalf of the general public, rights of way for the use of men and cattle from one arm of the Gódávari to the other along the beach which enters the reserve about a mile east-south-east of Molletimoga village, runs through it south-west and leaves it about a mile north-east of Neellarevu village, its length being about four miles and width two yards; and (2) right to the inhabitants of Molletimoga and Kottapalam to the use of water of spring wells at Karuvaka (beach) for domestic purposes with access to them by a foot-path about three furlongs long and two yards wide and which enters the reserve about eight chains south-east of Molletimoga and runs south-east to the wells.	This enters the reserve at its easternmost corner and after running south-west parallel to the seashore for about four miles, leaves it near the north-east corner of Neellarevu village limits.	....	The two rights claimed having been found to be necessary on inspection both by myself and the District Forest-officer, the claim to the right of way along the beach is admitted in the name of the general public, and the right to the use of water with access ** to it is admitted in the name of the villagers of Molletimoga and Kottapalem. (Signed) D. JAGANNADHA RAU, Forest Sett.-officer. COCANADA, 8th June 1892.
52	Kottapalli Subbadu of Molletimoga.	6th April 1895.	Claims on behalf of himself and two others exclusion of hamlet of Karuvaka, which consists of four huts where he and the others referred to above live, and situated at a distance of about half a mile south-east of Molletimoga, as also four wells at it.	The claimant has examined one witness who proves that the huts claimed have been in existence from a long time and states that he knows of them personally from his childhood.	The District Forest-officer has no objection to the exclusion of the huts and wells, and requests that they may be treated as enclosures within the reserve.	The hamlet of Kuruvaka having been proved to have been in existence for a long time, the claim is admitted in the name of the claimant and the others referred to above, and the hamlet together with the wells is ordered to be excluded from the reserve but retained as an enclosure in it as demarcated by the Forest Department, the hamlet itself being free from reservation. RESOLUTION—Forest No. 59, dated 8th February 1898.

With reference to the Board's Proceedings read above, the Collector now re-submits the settlement papers. A joint inspection has been made by the Forest Settlement-officer and the District Forest-officer who report that the block is a mangrove swamp intersected by creeks, and that there are no cultivable lands within it or in the adjoining villages. Consequently, only the area occupied by the hamlets and villages enclosed within the reserve have been entered in the settlement records, and the boundary line has been shifted only in respect of two of the village-sites referred to in the above Proceedings.

2. The papers will be submitted to Government with the request that the revised draft notification, as amended by the Board, may be approved and ordered to be published in the *Fort St. George Gazette*, the reservation to take effect from the 15th May next.

3. The points of entrance and exit of some of the paths not being precisely fixed, the Board has made the necessary corrections in the register and draft notification in accordance with the sketch-map.

4. *Claim* 52.—The means of access to the Karuvaka hamlet enclosed within the reserve is not recorded in the register, though the draft notification wrongly shows it as path No. 9 instead of No. 8. The Board has supplied the omission in the former and corrected the latter.

5. *Claims* 53 *and* 54.—With reference to the Forest Settlement-officer's note in the remarks column that the Gollamunda hamlet has since been deserted, and that access thereto is unnecessary, the Board considers that the entries in question may be struck out in the draft notification.

6. The records having been resubmitted after revision subsequent to the issue of Board's Proceedings, No. 578, dated 18th December 1896, it is not understood why the serial numbers adopted in the draft notification in respect of the admitted rights have not been given in the register and map for facility of reference. The Board has supplied the omission.

7. With reference to the correspondence ending with Government Order, Mis. No. 5116, dated 29th September 1897, the site on which the light-house and the outbuildings stand, should be excluded from reservation and the necessary access thereto allowed by departmental order, as indicated by the Collector in paragraph 3 of his letter read above.

8. The block lies in the Amalápur taluk and covers an area of 8,070 acres as finally settled.

Regd B.P. Forest No. 59
8.2.98

(Cos 1374/98)

Noti... With the above Proceedings the Board of Revenue forwards for approval and publication in the Fort St George Gazette the draft notification relating to the final reservation of the Kodaikkapal block in the Godavari district.

During the settlement of this block claims were preferred for the exclusion of the hamlet of Gollamandadi free from reservation and for the grant of the necessary access thereto. The claims were admitted by the Forest Settlement officer who recorded the rights in his decisions dated the 19th April 1897.

On sending up the settlement records, the Board found that the boundary line of the reserve was close to certain village sites, and Collector was therefore requested to report whether the boundary might not be altered so as to leave an ampler margin between the reserve and the village sites.

C. 19/3/98

In the Collector's reply it would appear that the Forest Settlement Officer and the D.F.O. thereupon jointly inspected the Village in question and found that the Village as it Boundaries had been deserted after the Settlement. The D.F.S.O. then appears also to have entered* his remarks in the B. Register. He then affirms that the Village has been deserted and that the notice as to it was unnecessary.

The para 5 of the Proceedings dated 8.2.98 of the Board points out and considers that the entry in the draft notification relating to the demarcated limits of the village free from rights and to the grant of the necessary rights may be omitted.

The authority for such a recommendation is not known to the Board. The Forest Settlement has to consider that the objects for which the right was granted having ceased, the right itself might be extinguished. Orders are requested as to whether the Board's recommendation may be approved or whether in view of the fact that the rights have already been admitted, they should be left

Standing that there might be nothing to prevent the villagers from returning in case they should choose to do so. It is not likely that any benefit can accrue by restoring the village site. In this connection it might be mentioned that the F.S.O's subsequent entries in the B. Register that the village has been deserted and that the access thereto was unnecessary cannot be regarded as a review of his decisions adjudicating the rights, as the F.S.O. has no power to review his own decision (please see the Government Pleader's opinion in B.P 442 (Forest) & 27.8.89).

Efforts have been made to have proceedings taken by the Govt. of India to intervene in the matter but as yet without success.

Anyhow no harm will be done by accepting the draft notification & ordering its publication.

~~Delete the F.S.O. to hear claims to be heard before declaration effected~~

As the F.S.O. did hear claims in respect of the exclusion of the hamlet & decided to exclude it, we cannot now merely because it is stated the deceased admit the reservation. Should F.S.O. is still clothed with authority, not having completed the settlement & he may therefore give a fresh notice that if the village being declared it will be declared reserved unless a case to the contrary is made out before him. Such a hearing should be given before the proposed notice is issued; & a revised decision worked by the F.S.O., otherwise we should not be safe

The notification may be issued as some questioning the village. If the F.S.O. & the Govt think the village should be restored a fresh notice & records must be issued, & all the forms gone through.

Reserved Forest.

The draft notification under section 16 of the Madras Forest Act for the constitution of the Kandikuppa block in the Amalápuram taluk as a —, ordered to be published in the Fort St. George and the Gódávari District Gazettes.

GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

Read—the following Proceedings of the Board of Revenue (Land Revenue), Forest No. 59, dated 8th February 1898:—

Read—again the following Proceedings of the Board of Revenue (Land Revenue), Forest Mis. No. 108, dated 2nd February 1897:—

Read—the following letter from V. A. BRODIE, Esq., Collector of Gódávari, to the Secretary to the Commissioners of Land Revenue, Madras (through the Conservator of Forests, Northern Circle), dated Cocanada, 20th July 1896, Cur. No. 10:—

I have the honour to forward, herewith, letter No. 562, dated 27th June 1896, with all its enclosures from the Forest Settlement-officer, Nellore, &c., districts, submitting his final report on the settlement of the proposed reserve of Kandikuppa in Amalápur taluk.

2. The draft notification under section 16 of the Act has been countersigned by my District Forest-officer in token of his having verified the boundary description, and a statement showing the area, &c., of the proposed reserve is also enclosed.

3. The reservation may be ordered to take effect from 1st October 1896.

Enclosure No. 1.

From E. A. SMITH, Esq., Special Deputy Collector on Forest Settlement Duty, Nellore, &c., districts, to the Collector of Gódávari (through the District Forest-officer, Gódávari), dated Camp, Tripurantakam, 27th June 1896, No. 562.

I have the honour to report the conclusion of the settlement of the proposed Kandikuppa reserve in the Amalápur taluk of your district.

2. The initial notification under section 4 of the Madras Forest Act proposing to constitute this area into a reserved forest appeared in the *Fort St. George Gazette*, dated 18th October 1889, and the proclamation issued under section 6 of the said Act was published in the District Gazette, dated 2nd December 1889. The three months' time allowed for the presentation of claims expired on the 2nd March 1890.

3. M.R.Ry. D. Jagannadha Rao Pantulu Garu was originally appointed to settle this block; then Messrs. J. T. Lever and R. H. L. Lushington; and in notification No. 583 published at page 1241 of the *Fort St. George Gazette*, dated 5th November 1895, I was appointed the Forest Settlement-officer.

4. The reserve was inspected, perambulated and enquired into by M.R.Ry. D. Jagannadha Rao Pantulu Garu and 56 claims were preferred for ten following rights:—

(i) Two claims to cut firewood free from the jungle.
(ii) Forty-five claims to Government patta lands.
(iii) One claim to rights of way over eight foot-paths and to right of navigation over eight creeks.
(iv) One claim to a foot-path.
(v) One claim to a right of fishing in the creeks.
(vi) One claim to a strip of the beach between Kotapalem on the north and Bramhasamedhiem on the south to a length of four miles and to a width of half a mile.
(vii) One claim to a right of way along the beach and to a right to use the water of the spring wells at Karuvaka beach.
(viii) Two claims to exclude two hamlets from the reserve.
(ix) One claim to the temples of Danamma and Sattamma.
(x) One claim to a right of way to the above temples.

The claims to cut firewood free from the jungle were rejected; of the forty-five claims to Government patta lands involved in item No. (ii), 43 claims were admitted and the patta lands have been excluded by an alteration of the boundary of the reserve; the remaining two claims were rejected; the claim to rights of way over eight foot-paths and to right of navigation over eight creeks, the claim to a foot-path and the claim to a foot-path and to a right to use the water of the spring wells at Karuvaka beach involved in items Nos. (iii), (iv) and (vii) were admitted; the claim to a right of fishing over the creeks involved in item No. (v) was rejected; the claim to a strip of the beach involved in item No. (vi) was rejected on the ground that the strip of land claimed belonged to the Government villages and not to the zemindari village of Bramhasamedhiem. This was upheld in appeal suit No. 261 of 1892 on the file of the District Court of Gódávari and the appeal was dismissed with costs. The claims to exclude the two hamlets of Karuvaka and Gollamanda, the claim to the temples of Danamma and Sattamma, and the claim to a right of way to the above temples involved in items Nos. (viii), (ix) and (x), respectively, were admitted and the hamlets and the temples have been ordered to be demarcated out and retained as enclosures within the reserve free from reservation.

5. The villages of Pandi and Pora referred to in the remarks column of the schedule attached to notification under section 4 published at page 707, dated 15th October 1889, have also been excluded from the reserve, the same having been ordered to be demarcated out and retained as enclosures within the reserve free from reservation.

6. The patta fields excluded at the settlement have not been shown on the map, as the District Forest-officer, Gódávari, says in his letter R. C. No. 601, dated 10th April 1895, that this cannot be done in the absence of the new village map of Kandikuppa according to recent survey.

7. The reserve is thus free of all rights except those stated above.

8. The following are submitted herewith:—

(*a*) A signed copy of the B. register of claims.
(*b*) The draft notification under section 16.
(*c*) The sketch-map of the reserve.

9. The date from which reservation is to take effect has to be inserted in the draft notification.

Enclosure No. 2.—B. Register.

Enclosure No. 3.—Draft notification.

Enclosure No. 4.—Area statement.

Enclosure No. 5.—Map.

Endorsement by A. W. PEET, Esq., Conservator of Forests, Northern Circle, dated Waltair, 22nd July 1896, R. C. No. 205.

Forwarded.

Resolution—Forest Mis. No. 108, dated 2nd February 1897.

From the sketch-map of the Kandikuppa block, submitted with the letter read above, it would appear that the village-sites of (1) Molleti-moga, (2) Neelarevu and (3) Lotukalva are close to the reserve boundary, being not even half a furlong from the boundary line. The Collector is therefore requested to report whether it is possible to revise the boundary so as to leave an ample margin between the reserve and the village-sites.

2. It is also observed that in the case of the villages and hamlets, &c., demarcated out as enclosures on the sketch-map, the extent of occupied lands, if any, and that of lands allowed for extension of cultivation and other village privileges, have not been given in the settlement records. The omission should now be supplied.

3. The following discrepancies are also noticed in the settlement records and require rectification :—

(i) *Claim No.* 7.—The total extent of the lands dealt with is only 10·88 acres and not 11·18 acres as recorded in the register.

(ii) *Claim No.* 16.—Similarly the total assessment of the lands claimed comes to Rs. 11–2–0 and not Rs. 12–2–0 as given in the register.

(iii) *Claim No.* 48.—Some of the paths have not been described with sufficient precision. Certain pencil alterations have, however, been made in the register and notification so as to accord with the map. These should be verified and amended, if necessary.

(iv) *Claim No.* 51.—It is noted that the access allowed in this claim to the spring wells at Karuvaka is merged in foot-path No. 8 of claim 48. The Forest Settlement-officer should have added a note to this effect in the register so as to make it correspond with the notification.

(v) *Claim No.* 55.—The exact situation of the temple and the area covered by the enclosure should have been given.

4. With reference to paragraph 6 of the Forest Settlement-officer's report, the patta fields excluded at settlement should be indicated on the sketch-map if the new village maps of the recent survey are now available, and opportunity should be taken to rectify mistakes, if any, on the present sketch-map before re-submission.

5. An early reply is requested.

(True Copies and Extract.)

(Signed) R. C. C. CARR,
Secretary.

To the Collector of Gódávari, with five enclosures
(Forest Settlement-officer's report, B. register,
draft notification, sketch-map and area statement),
through the Conservator of Forests, Northern Circle.

Read—also the following letter from V. A. BRODIE, Esq., Collector of Gódávari, to the Secretary to the Commissioners of Land Revenue, Madras (through the Conservator of Forests, Northern Circle), dated Cocanada, 9th September 1897, Dis. No. 440-For. :—

In re-submitting herewith the settlement papers of the Kandikuppa reserve returned for revision with Board's Proceedings, Forest Mis. No. 108, dated 2nd February 1897, I have the honour to reply as follows to the remarks made in the Board's Proceedings in question. These replies are based on the results of the joint inspection of the block made by the Forest Settlement-officer and the District Forest-officer. The block is reported to be a mangrove swamp intersected by creeks and there are consequently no cultivable lands within it.

2. *Paragraph* 1 *of the Board's Proceedings.*—The Forest Settlement-officer reports thus with reference to this paragraph :—

"(1) The village of *Molletimoga* is surrounded on three sides by canals—on the east boundary the reserve line runs somewhat adjacent to the village-site and it has accordingly been removed to a distance of one furlong, the additional space allowed being a piece of land 10 chains broad by 12 chains long.

(2) *Neellarevu* is a zemindari village and the reserve boundary follows the zemindari boundary, but as the temples of Danamma and Sattamma, which are separated from the village by a canal, belong to the zemindari, it has been thought advisable to exclude them from the reserve with an area of about 60 acres, whereby ample space has been left between the reserve and village-site.

(3) *Lotukalva* is a hamlet of Kandikuppa containing 12 houses with a population of 50 persons; it is situated on the margin of the swamp and no revision of the reserve boundary is necessary, as there is a distance of ten chains from the village-site to the reserve boundary on the east side of the village and on the west side a large space of "uncultivable land," but as stated above, these three villages are only inhabited by fishermen and there is no land under cultivation.

Paragraph 2 *of the Board's Proceedings.*—There being no cultivation within the reserve or in the villages adjoining it, no land has been allowed for extension of cultivation. The area of lands occupied by the village-sites and the area of the enclosures are now given in the settlement records.

Paragraph 3 *of the Board's Proceedings*—

(*i*) *Claim No.* 7.
(*ii*) *Claim No.* 16. } The discrepancies noticed are now rectified.
(*iii*) *Claim No.* 48.
(*iv*) *Claim No.* 51.—A note has been made in the B. register as directed.
(*v*) *Claim No* 55.—The temples are now excluded from the reserve by an alteration of its boundary.

Paragraph 4 *of the Board's Proceedings*:—If the patta fields excluded at settlement are now to be shown on the sketch-map according to the recent survey, it would entail the preparation of a new map and B. register. As the boundary of the reserve is not, however, affected by the recent survey, the numbers of fields on the sketch-map have not been altered.

3. The Forest Settlement-officer and the District Forest-officer report that, during their inspection, they ascertained that the Gollamanda huts are now deserted, so that the enclosure is no longer necessary. A note to this effect is now made in the B. register. Since the time of the settlement, a temporary lighthouse and two buildings have been erected in the reserve by the Marine Department apparently without any intimation either to myself or the District Forest-officer. The District Forest-officer has referred the matter to the Port officer and the question is now under the consideration of the Government. In its order, Mis. No. 3747, Revenue, dated 20th July 1897, the Government referred the question to the Board of Revenue for report as to whether it would not be better to exclude the ground on which the lighthouse and out-buildings stand temporarily from the reserve under the ruling in paragraph 2 of Government Order, No. 74, Revenue, dated 11th February 1889, and the Board in its turn has referred the matter to me for report (*vide* Reference on Forest No. 2167 of 1897, dated 26th July 1897). I have replied to that reference that I am of opinion that a temporary exclusion may be made as suggested by Government.

4. I very much regret the delay in the submission of my reply which was due to the local inspection that had to be made by the Forest Settlement-officer and the District Forest-officer and subsequent correspondence with the Tahsildar and the Forest Settlement-officer.

48	Kaladi Danaraj, village munsif of Pandi, Pora and Molletimoga, in the Amalápur taluk.	Do.	Claims the following rights of way:— (*a*) Right of way for men over the following footpaths which are each two yards wide:— (1) From Chirrayanam to Pandi. It enters the reserve at Pandigaruvu (a place so known) and runs* north-east to Pandi, its length in the reserve being about two miles. (2) Lothukalva to Pandi. It enters the reserve about a furlong east of Lothukalva, hamlet of Kandikuppa, runs through it south-east, adjoins Chirrayanam-Pandi path No. 1 at its entrance, its length up to the junction being about three-fourth mile. (3) Kandikuppa to Pandi, about three-fourth mile long. It enters the reserve about a furlong south-east of survey No. 629 of Kandikuppa and runs south-east to Pandi. (4) Pandi to Neellarevu, hamlet of Brahmasamedhiem, about a mile long. It enters the reserve east of Pandi, runs south-eastwards and leaves it about a furlong north-west of Neellarevu. (5) Pandi to Pora, about two miles long.‡ It enters the reserve north of Pandi and runs north-east to Pora. (6) Kandikuppa to Pora, about three-fourth mile long. It enters the reserve about three furlongs south-east of Adivimalapalli, hamlet of Dontikurru, and runs almost south-eastwards to Pora. (7) Kandikuppa to Molletimoga, about a mile long. It enters the reserve about two furlongs south of the north-west corner of the proposed reserve, runs through it east and leaves it west of Molletimoga. (8) From Molletimoga to the sea-shore, about three-fourth mile long. It enters the reserve east of Molletimoga and runs eastwards to the sea. (*b*) Right of navigation over the undermentioned creeks:— (1) From Kandikuppa to Pandi over the creek called Musarapadu. (2) From Pandi to Neellarevu over Vaddisalapa. (3) Pandi to Pora over Pandi Godavari. (4) Kandikuppa to Pora over Peddirevukalva. (5) Kandikuppa to Molletimoga over Kollarevukalva. (6) Pora to Molletimoga over the creek called Bidarukulva. (7) Pora to sea-shore over the Chikatikalva. (8) From Gazangi Tippa to Pandi over Nallakalva.	Two witnesses have been examined for the claimant who prove that the rights of way claimed have been in use from a long time and that they know of it personally for the last 50 and 30 years according to the age of the witness. No. 2 enters the reserve about half a furlong east of the village-site of Lothukalva, hamlet of Kandikuppa, and running south-east and north-east for about one and three-fourth mile, joins the footpath No. 1. No. 3 enters the reserve about seven chains north-east of the north-east corner of survey No. 629 of Kandikuppa and runs south-east for about three-fourth of a mile to Pandi † (4) This enters the reserve south-east of Pandi village site and running south-east for about a mile, leaves the reserve about fourteen chains west of Neellarevu village-site. No. 7 enters the reserve about two furlongs south-west of the trijunction of Kandikuppa, Guttinadivi, and the forest block, running generally east for about six and a half furlongs and leaves § it north-west of Molletimoga village site. No. 8 enters the reserve east ‖ of the village-site of Molletimoga and running south-east by the Karuvaka chakali huts for about seven furlongs and crossing the foot and cattle path from one arm of the Gódávari to the other admitted in claim No. 51, leaves it on the sea-shore.	The District Forest-officer's has no remarks to offer.	Claim admitted being verified by the village accounts and the land is ordered to be excluded from the proposed reserve by alteration of its boundary. (Signed) D. JAGANNADHA RAU, Peddapur, Forest Sett.-officer. 29th June 1891. As the rights claimed are proved to have been exercised from a long time, the claim is admitted in the name of the general public and the rights claimed are allowed through the reserve. (Signed) D. JAGANNADHA RAU, Rajahmundry, Forest Sett.-officer. 11th July 1891.
49	Akula Reddi of Pallam, hamlet of Kandikuppa, in the Amalápur taluk.	25th June 1891.	Claims on behalf of himself and all the fishermen of Pallam, Pandi, Pora, Molletimoga right of fishing in all the creeks within the limits of the proposed Kandikuppa reserve.	....	The District Forest-officer has no remarks to offer.	The claimant admits that the fishermen of each village had certain limits fixed for them when moturpha tax was levied some 30 years back, but that when the tax was abolished, they were allowed to fish free without any restrictions. It is thus mainfest that the fishermen had never any right as against Government. As no easement has been established in their favour, the claim is rejected. (Signed) D. JAGANNADHA RAU, Rajahmundry, Forest Sett.-officer. 11th July 1891.
50	Sri Raja Bollapragadu Venkata Subba Rau Garu, Zemindar of Madanapalli estate, in the Amalápur taluk.	15th Mar. 1892.	Claims, on behalf of himself and his younger brother Sri Raja Sundara Rama Swami Garu, the strip of beach between Kottapalam on the north and Bramhasamedhiem on the south, about four miles long and half a mile wide on average, and lying to the east of Government villages of Molletimoga, Pora and Pandi, as the zemindari property attached to the cusba village of Bramhasamedhiem.	Twelve witnesses were examined for the claimant, seven of whom say that the land in question is said to belong to the zemindari village of Bramhasamedhiem, one of whom is the karnam of Kandikuppa. Of the remaining five, two are persons who have recently settled themselves on the beach. The remaining two are the claimant's Pullari contractors who say that up to three years back the right of grazing was leased out to them by the claimant for about 10 or 16 years and that they collected fees on cattle grazed on the beach in question.	The District Forest-officer opposes the claim.	¶ It appears that the boundary marks were at the time of survey erected at a distance of about 70 or 80 yards from the sea, but they seem to have been erected there to avoid being washed away by the sea in the same way as they have been erected to the east of the zemindari villages of Balusutippa and Masumtippa (*vide* survey map, exhibit marked C), where the zemindar says all the land up to sea belongs to him though the boundary marks stand in the same way as at Molletimoga, Pora and Pandi. Thus the written evidence, namely the survey maps produced by the claimant himself, are in favour of Government and go against him. The oral evidence adduced by him is as quite meagre and unsatisfactory. His assertion that the strip belongs to him further seems to be absurd from the position of the land. Under these circumstances, I reject the claim and declare the land to be Government property available for reservation. (Signed) D. JAGANNADHA RAU, Peddapur, Forest Sett.-officer. 16th May 1892.
51	The District Forest-officer, Gódávari.	1st June 1892.	Claims, on behalf of the general public, rights of way for the use of men and cattle from one arm of the Gódávari to the other along the beach which enters the reserve about a mile east-south-east of Molletimoga village, runs through it south-west and leaves it about a mile north-east of Neellarevu village, its length being about four miles and width two yards; and (2) right to the inhabitants of Molletimoga and Kottapalam to the use of water of spring wells at Karuvaka (teach) for domestic purposes with access to them by a foot-path about three furlongs long and two yards wide and which enters the reserve about eight chains south-east of Molletimoga and runs south-east to the wells.	This enters the reserve at its easternmost corner and after running south-west parallel to the seashore for about four miles, leaves it near the north-east corner of Neellarevu village limits.	....	The two rights claimed having been found to be necessary on inspection both by myself and the District Forest-officer, the claim to the right of way along the beach is admitted in the name of the general public, and the right to the use of water with access ** to it is admitted in the name of the villagers of Molletimoga and Kottapalem. (Signed) D. JAGANNADHA RAU, Cocanada, Forest Sett.-officer. 8th June 1892.
52	Kottapalli Subbadu of Molletimoga.	6th April 1895.	Claims on behalf of himself and two others exclusion of hamlet of Karuvaka, which consists of four huts where he and the others referred to above live, and situated at a distance of about half a mile south-east of Molletimoga, as also four wells at it.	The claimant has examined one witness who proves that the huts claimed have been in existence from a long time and states that he knows of them personally from his childhood.	The District Forest-officer has no objection to the exclusion of the huts and wells, and requests that they may be treated as enclosures within the reserve.	The hamlet of Kuruvaka having been proved to have been in existence for a long time, the claim is admitted in the name of the claimant and the others referred to above, and the hamlet together with the wells is ordered to be excluded from the reserve but retained as an enclosure in it as demarcated by the Forest Department, the hamlet itself being free from reservation. Rajahmundry, (Signed) J. T. LEVER, 19th April 1895. Forest Sett.-officer.

Resolution—Forest No. 59, dated 8th February 1898.

With reference to the Board's Proceedings read above, the Collector now resubmits the settlement papers. A joint inspection has been made by the Forest Settlement-officer and the District Forest-officer who report that the block is a mangrove swamp intersected by creeks, and that there are no cultivable lands within it or in the adjoining villages. Consequently, only the area occupied by the hamlets and villages enclosed within the reserve have been entered in the settlement records, and the boundary line has been shifted only in respect of two of the village-sites referred to in the above Proceedings.

2. The papers will be submitted to Government with the request that the revised draft notification, as amended by the Board, may be approved and ordered to be published in the *Fort St. George Gazette*, the reservation to take effect from the 15th May next.

3. The points of entrance and exit of some of the paths not being precisely fixed, the Board has made the necessary corrections in the register and draft notification in accordance with the sketch-map.

4. *Claim* 52.—The means of access to the Karuvaka hamlet enclosed within the reserve is not recorded in the register, though the draft notification wrongly shows it as path No. 9 instead of No. 8. The Board has supplied the omission in the former and corrected the latter.

5. *Claims* 53 *and* 54.—With reference to the Forest Settlement-officer's note in the remarks column that the Gollamunda hamlet has since been deserted, and that access thereto is unnecessary, the Board considers that the entries in question may be struck out in the draft notification.

6. The records having been resubmitted after revision subsequent to the issue of Board's Proceedings, No. 578, dated 18th December 1896, it is not understood why the serial numbers adopted in the draft notification in respect of the admitted rights have not been given in the register and map for facility of reference. The Board has supplied the omission.

7. With reference to the correspondence ending with Government Order, Mis. No. 5116, dated 29th September 1897, the site on which the light-house and the outbuildings stand, should be excluded from reservation and the necessary access thereto allowed by departmental order, as indicated by the Collector in paragraph 3 of his letter read above.

8. The block lies in the Amalápur taluk and covers an area of 8,070 acres as finally settled.

Order—No. 184, Revenue, dated 28th March 1898.

Forest No. 47.

In paragraph 5 of the Proceedings read above, the Board of Revenue expresses the opinion that the hamlet of Gollamanda having been deserted after the Settlement-officer's decision to exclude it, the entries in the draft notification excluding the village from reservation and granting a right of access thereto, may be omitted. The Government, however, considers that, as the Forest Settlement-officer decided to exclude the hamlet on a claim preferred before him, it cannot be treated as included in the reserve on the ground that it is now deserted. The entries will therefore be retained, and the draft notification will be published in the Fort St. George and Gódávari District Gazettes, the 1st June 1898 being entered as the date from which reservation shall take effect.

2. If the Collector considers that the excluded area or any portion of it should be reserved, a fresh notification under section 4 of the Act should be drawn up and submitted for approval and publication.

NOTIFICATION.

His Excellency the Governor in Council is pleased to declare under the provisions of section 16 of the Madras Forest Act (V of 1882), that, from the 1st June 1898, the area, the boundaries of which are set forth in the schedule appended to this notification, shall be constituted "reserved forest."

Schedule.

District.	Taluk.	Name of forest.	Boundaries.
Gódávari	Amalapur ..	Kandikuppa reserve.	*North-West.*—Starting from a village boundary stone on the eastern surveyed boundary of Chirrayanam, about one furlong south of the village-site of Lotukalva, hamlet of Kandikuppa, a straight line north-east to a point five chains east-north-east of the southernmost corner of survey No. 640 of Kandikuppa; then a straight line north-east to a point one and a half furlongs east of the Great Trigonometrical station which is situated near the westernmost corner of survey No. 627 of Kandikuppa; then a straight line in nearly the same direction to the village boundary stone about twelve chains north-east of the easternmost corner of survey No. 647 of Kandikuppa; then a straight line north-east by east to the trijunction of Kandikuppa, Guttinadivi and the forest block. *North-East.*—Thence the southern surveyed boundary of Guttinadivi to a point about half a furlong north by west of the shrine of Molletimoga; then three straight lines to exclude the shrine and the village-site of Molletimoga, the first running nearly south for about twenty-five chains, the second east by south-east for about twenty-nine chains and the third north-east by north for about nine chains to a point on the aforesaid village boundary east-north-east of the village site of Molletimoga; then again the southern surveyed boundary of Guttinadivi up to a point nearly eight chains west-south-west of G. T. Station and about twenty-eight chains north-east of the north-east corner of Karuvaka enclosure demarcated within the reserve; thence a straight line south-east for nearly nine chains; thence another south-east for nearly fourteen chains to the Bay of Bengal. *South-East.*—Then the sea up to the Brahmasamedhiem zemindari limits; then along its eastern and northern surveyed boundary to a point about two furlongs north-east of the boundary stone west of the village-site of Neellarevu; then a straight line north-west for twenty-two chains to a cairn; then a straight line south-west for six chains to a cairn; then a straight line south-south-west for six and a half chains to a cairn; then a straight line in the same direction for eight and a half chains to a cairn; then a straight line south for twenty-five chains to a cairn on the village boundary of Bramhasamedhiem zemindari south-west of the village-site of Neellarevu; then along the northern surveyed boundary of Brahmasamedhiem zemindari to the village boundary stone about twenty-two chains north-east of its village-site. *South-West.*—Then again that boundary and the eastern surveyed boundary of Chirrayanam to the starting point.

I. The following public rights of way are allowed:—

(1) *Foot-path two yards wide for men only from Chirrayanam to Pandi.*—This enters the reserve at Pandigaruvu (a place so called) and running north-east for about two miles leaves it at a point one and a half chains south-east of the south-west corner of Pandi village enclosure.

(2) *Foot-path two yards wide for men only from Lotukalva to Pandi.*—This enters the reserve half a furlong east of the village-site of Lotukalva, hamlet of Kandikuppa, and running south-east and north-east for about one and a three-quarter miles joins the foot-path No. 1 *supra*.

(3) *Foot-path two yards wide for men only from Kandikuppa to Pandi.*—This enters the reserve about seven chains north-east of the north-east corner of survey No. 629 of Kandikuppa and runs south-east for about three-quarters of a mile to Pandi leaving the reserve at a point four chains north-east of the south-west corner of the Pandi enclosure.

(4) *Foot-path two yards wide for men only from Pandi to Neellarevu, hamlet of Brahmasamedhiem.*—This enters the reserve south-east of Pandi village-site and running south-east for about a mile leaves the reserve about fourteen chains west of Neellarevu village-site.

(5) *Foot-path two yards wide for men only from Pandi to Pora.*—This enters the reserve north of Pandi about two and a half chains north-west of its north-east corner and running north-east for about two miles leaves it into Pora at a cairn seven chains east of the westernmost point of the Pora village-site.

(6) *Foot-path two yards wide for men only from Kandikuppa to Pora.*—This enters the reserve about three furlongs south-east of the village-site of Adivimalapalli, hamlet of Dontikurru, and running south-east for about three-quarters of a mile leaves the reserve into Pora enclosure near its westernmost corner.

(7) *Foot-path two yards wide for men only from Kandikuppa to Molletimoga.*—This enters the reserve about two furlongs south-west of the trijunction of Kandikuppa, Guttinadivi and the forest block and running generally east for about six and a half furlongs leaves it about two chains north-west of the shrine of Molletimoga.

(8) *Foot-path from Molletimoga to the sea-shore two yards wide for men only.*—This enters the reserve one and a half furlongs south east of the village-site of Molletimoga and running south-east through the Karuvaka chakali huts for about seven furlongs and crossing foot-path No 9 leaves the reserve on the sea-shore.

(9) *Foot and cattle path two yards wide from one arm of the Gódávari to the other along the beach.*—This enters the reserve about three chains north-west of its easternmost corner and after running south-west parallel to the sea-shore for about four miles, leaves it on the eastern boundary of Brahmasamedhiem zamindari about three chains north-west of its junction with the Bay of Bengal.

(10) *The foot and cattle path from Gollamanda to Pora two yards wide.*—This enters the reserve at a point about one chain north of the village-site of Gollamanda and running through it in an almost north-westerly direction for about one mile leaves the reserve about half a chain east of the village-site of Pora.

II. Right of Navigation over the undermentioned creeks are allowed:—

(1) From Kandikuppa to Pandi over the creek called Musarapadu kalva.
(2) From Pandi to Neellarevu over the creek called Vaddisalapa.
(3) From Pandi to Pora over the creek called Pandi Gódávari.
(4) From Kandikuppa to Pora over the creek called Peddirevu kalva.
(5) From Kandikuppa to Molletimoga over the creek called Kollarevu kalva.
(6) From Pora to Molletimoga over the creek called Bidaru kalva.
(7) From Pora to sea-shore over Chikati kalva.
(8) From Gazangi Tippa to Pandi over the creek called Nidi kalva.

III. The following have been ordered to be demarcated out and retained as enclosures within the reserve free from reservation :—

(1) The hamlet of Karuvaka together with the four wells with access by the path No. I (8) :—

Starting from a point two chains west of the pathway from Molletimoga, a straight line eastwards to a cairn for five chains; then a straight line due south to a cairn eight chains distant; then a straight line nearly west to a cairn seven chains distant; then a straight line north-west to a cairn three chains distant; then a straight line nearly north to a cairn five chains distant; then a straight line north-east to a cairn two and a half chains distant; then a straight line to the starting point.

The area of the enclosure is acres 1·75.

(2) The hamlet of Gollamanda together with the three wells with access by path No. I (10) *supra* :—

Starting from a cairn on the foot-path from Pora to the village-site of Gollamanda, a straight line nearly south-east to a cairn three and a half chains distant; then a straight line south-south-west to a cairn four and a half chains distant; then a straight line south-west to a cairn three chains distant; then a straight line north-west to a cairn five and a half chains distant; then a straight line to the starting point.

The area of the enclosure is 0·70 cents.

(3) The village of Pora with access by path Nos. I (5), (6) and (10) *supra* :—

Pora.—From a cairn one chain west of the creek north of the village, a straight line south-east to a cairn eight and a half chains distant; then a straight line south-west to a cairn six and a half chains distant; then a straight line west-north-west to a cairn seven and a half chains distant; then a straight line north-west for about five chains to a cairn; then a straight line in nearly the same direction for about two chains to a cairn; then a straight line to the starting point.

The area of the enclosure is acres 1·70.

(4) The village of Pandi with access by paths Nos. I (1), (2), (3), (4) and (5) *supra* :—

Pandi.—From a cairn eight chains north-east of the point of entrance of the pathway from Gazangi Tippa to Pandi into the enclosure a straight line east-south-east for about seventeen chains to a cairn; then a straight line south-west to a cairn eighteen chains distant; then a straight line west-north-west to a cairn six and a half chains distant; then a straight line north-west to a cairn about eight chains distant; then a straight line to the starting point.

The area of the enclosure is acres 5.

IV. Right on behalf of the inhabitants of Molletimoga and Kottapalem, hamlets of Guttinadivi to the use of the water of spring wells at the Karuvaka beach for domestic purposes is allowed with access by the path No. I (8) *supra*.

Note.—Of the above, the villages of Pandi and Pora were excluded from reservation prior to settlement under section 4.
