(34) Brings to notice the existence of the following patta lands of his village included within the reserve :—	Evidence of the karnam and village accounts. The lands will be demarcated out free from reservation and be retained as enclosures. *Claim* 35.—The right to clear the feeding channels of a Government tank would be invalid, but the channels in question feed a dasabandam tank and it is incumbent on the dasabandamdars to keep the tank in proper repair and order. Such being the case, they are entitled to have the control of the feeding channels to the same. I accordingly hold the claim to be valid and admit it subject to the conditions— (*a*) That due notice be given to the officers of the Forest Department at the time of making the clearing.
