REVENUE BOARD OFFICE MADRAS

Proceedings of the Board of Revenue

(Separate Revenue),

Dated 21st April, 1898.

Mis. No. 1565

Read Government Order No.3767, dated 10th November 1897 sanctioning with remarks the local purchase of three Norton's tubes and points for use in the Pulidivak, Attipat and Vallur factories of the Ennore Circle.

Read also letter from Messrs Oakes and Co, Madras, dated 14th February 1898, submitting revised account for tube wells etc.

Resolution.

A cheque on the Bank of Madras for Rs.171-12-0 being the amount of the two revised bills received with their letter read above and detailed in the margin on account of materials for 3 additional Norton's tube wells supplied to the Ennore Circle, is herewith forwarded to Messrs Oakes and Co and they are requested to send a stamped receipt for the amount.

2. With reference to para 2 of the Government Order read above the Board begs to report that the cost of the three additional tube wells is only Rs.171-12-0 as detailed in the margin

margin of para 1 above, and not Rs.401/as presumed by Government. This presumption was evidently based on the fact that the cost of the tube well originally supplied to the Ennore Circle ~~xxxx~~ amounted to Rs.181 (Vide Government Order Mis.No.2080, Revenue, dated 26th May 1897) which included Rs.90 the price of a driving apparatus. As the same apparatus was utilized for sinking the additional wells in the Circle the total cost was Rs.171-12-0 only. This amount can be met from ~~the~~ General Savings in the Budget.
