## PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following

Letter from the Executive Engineer, in charge  
I circle to the Chief Engineer, Public Works Deptt.  
no. 2309 G.O. dated 22<sup>nd</sup> March 1898.

With reference to G.O. no. 42 W. dated  
7<sup>th</sup> January 198, I have the honour to report that the  
Executive Engineer, Godavari Eastern Division states  
that he had addressed the Conservator of Forests,  
Northern Circle, regarding the supply of timber by  
the Forest Department and that the officer in  
reply expressed his inability to undertake Depart-  
mental operations as his staff was small and  
suggested that all timber required might be purchased  
from merchants at Rajahmundry.

2. Other arrangements have therefore been  
made for the supply of timber required for use  
in the Government Workshops Dowlaivaram.

Order thereon No: 886 Wg 31.3.98

Communicated to the Revenue  
Department, in continuation of G.O. no. 783 W.  
d/23<sup>rd</sup> March 1898.

For orders.

The procedure  
laid down in G. O. no 362 dated  
22nd May 1894 for the supply  
of timber required by the  
Ordnance Department having  
been extended to by G. O. no  
1001 dated the 29th November  
1897 to all other Depart-  
ments requiring supplies of  
~~timber~~, the Executive Engi-  
neer, Kistna Northern Division  
sent up to the Conservator  
of Forests Northern Circle, <sup>on the 29th Jan 1898</sup> an  
estimate of ~~the~~ his require-  
ments of Godavari teak <sup>(675 tons)</sup> and  
asked him if he could supply  
the timber in ~~timber~~ Novem-  
ber next. The collector  
of Godavari to whom the re-  
quisition was forwarded  
by the Conservator ~~stated~~  
stated

C27/4/98

stated that no departmental supply of timber could be undertaken at present and that all the timber required could be purchased <sup>from the merchants</sup> at Rajahmundry. The Conservator concerned with the Collector and informed the Executive Engineer that he considered it 'practically useless to undertake any departmental contracts with our limited staff.'

The above correspondence having been communicated to this Department by the P. W. D., ~~the~~ it was referred to the Board of Revenue in G.O. No 646 & 31.3.98 for early remarks.

In the first of the above currents, the Board ~~now~~ says that it agrees with the Collector and the Conservator and has no further remarks to offer.

In the meantime, in the

Letter No 456 & 23.2.98  
in G.O. No 646  
31.3.98  
W.F.

N.

the second of the above currents, the P. W. Deptt has communicated to this Department, a letter from the Executive Engineer in charge of N. Circle, in which he says that the Conservator N. Circle having expressed his inability to supply the timber <sup>asked</sup> ~~here~~ for ~~forward~~ by the Executive Engineer Godavari Eastern Division, owing to the staff being limited, other arrangements have been made for the supply needed for the Govt Workshops at Dowleswarum.

In these circumstances orders are requested as to whether the plea urged by the Collector, the Conservator and the Board for not complying with the demands of the P. W. Deptt may be accepted and the P. W. D. informed that other arrangements must be made for the supply required by the Executive Engineer, Krishna Northern

Division also.

See

The  
I submit that function of our  
Forest Dept at present  
is more to develop  
forest growth & to meet  
the requirements of the  
mfrs than to take  
the place of the  
timber merchant.

Mr  
25/4/88

At the same time it  
is their duty to do all they  
can to supply the wants  
of govt departments. Of  
course if they have not  
the established to manufacture  
the timber, they cannot  
undertake the actual supply  
but at any rate they shd.  
make available, if they  
can, in the forest the kind of  
timber required & leave it to  
contractors to bring down.

Yes, in a way we are engaged  
to this extent.
