Note by the Chief Engineer, Public Works Department:-

The Executive Engineer, Nellore, reports that the Collector's description of the soil is not accurate and that the soil was hard loam. The rate allowed should have been at least Rs. 3 per 1,000 cubic feet (As 1-3 per cubic yard), and an error of judgment was made in fixing a lower rate. The officers concerned have been informed accordingly. Some delay of a temporary character occurred in payments, but this appears to be due to causes difficult to avoid.
