D.P.W./5th Circle No.15 R.D. South Arcot Divisional Office.

Camp ------

Dated 26 February 1898.

From

J.E. Paul Esquire

Executive Engineer,

South Arcot Division.

To

The Collector of

South Arcot.

Sir,

With reference to your No.217/ver dated 11th February 1898, I have the honour to state that I have not as yet received any orders of Government that the clearance of Wallajah channel, Minor Irrigation Work, Public Works Department, No.245 is hence forwarded to be carried out in this Department, instead of by "kudimaramut" as heretofore.

2. I note however that in the Proceedings of the Board of Revenue, you have kindly sent me, that the Chief Engineer for Irrigation states that " the maintenance of channel and masonry works is properly a charge on Public Works Department funds".

3. I have therefore ordered that the necessary estimates be prepared.

4. I should however state that before work can be done at the head of the channel, a considerable area of land will have to be acquired for depositing silt, and of itself the preparation of the estimate for this work, which has been neglected for years, will take a considerable time.

5. I should say that the channel would not be put in efficient order certainly for two years from now.

6. It remains therefore for you to consider from what time the cess should be charged, if the Board of Revenue's

proposal

proposal is approved by Government.

I have &c

(sd) J.E.Paul

Executive Engineer.

REVENUE BOARD OFFICE. MADRAS.

Proceedings of the Board of Revenue

(Revenue Settlement, Land Records and Agriculture),

Dated 22nd April 1898.

No.2733 Mis.

x 440 of 27-1-98

L.2.1307

READ the following letter from the Collector of South Arcot, No.542/ver dated 18th April 1898:-

I have the honour to report that, on receipt of Board's Proceedings 676 Mis. dated 1st February 1898 communicating G.O. sanctioning the collection of cess for the maintenance of the Wallajah channel in the Cuddalore Taluk, I asked the Executive Engineer to put the channel and masonry works in order at once to admit of the collection of the cess from the current fasli. From his reply (copy enclosed) it would appear that no work is likely to be done this fasli, as Estimates have to be prepared and land acquired at the head of the channel for the deposit of silt. I have the honour therefore to recommend that the collection of cess should be deferred till next fasli.

Resolution.

Submitted to Government, with reference to its Order, No.440 dated 27th January 1898.

2. In the circumstances reported by the Collector in his letter read above, the Board supports his recommendation that

that the collection of cess should be deferred till next fasli.

(True copy and Extract.)

R. B. Sundaresa

Secretary.

To

The Secretary to Government, Revenue Department.

Copy to the Collector of South Arcot.

Copy to the Chief Engineer for Irrigation.
