Resolution

Replying to Government Order Mis No. 198 Revenue dated 14th January 1898 the Board begs to report that, upon reconsideration of the whole matter, it is of opinion that it will be best to grade the whole of the Customs Establishment with that employed on Salt and Akbari work. It has now under consideration a scheme, which it proposes — shortly to submit to Government, for grading the clerical with the executive establishment throughout the department, and it proposes, if Government approve, to include the

clerical establishments employed on Customs work, excepting of course the clerks in Land Revenue offices, in this grading. At the same time it understands that a change in the personnel of the peons at many of the posts is eminently desirable and this it would secure by grading them with the peons employed on factory and preventive work.

2. Should Government approve these suggestions it appears that by far the best means of adjusting the charges debitable to Customs will be to charge the whole cost of the establishment in the first instance to 'Salt' and to make a lump adjustment as is done in the case of 'Excise' at the close of the year.

3. The Board is quite prepared to undertake the auditing of Customs bills, but it cannot do so without an increase in its Auditing establishment which is already overburdened. It has had for some time under consideration proposals for increasing this branch of the office as well as others but has refrained from submitting them on account of the financial pressure. If Government is now prepared to receive them it will submit them at once embodying in

in them the provision necessary for Auditing bills of the Customs branch.

Proceedings of the Board of Revenue

(Separate Revenue.)

Dated 9th September 1897.

Mis No. 3947.

Read Government Order, Revenue Department, Mis No 4179 dated 10th August 1897.
Resolution.

The Board begs to submit two proposition statements in duplicate for decreased establishments under Customs including the Superintendents and Assistant Superintendents drawing Rs 30 and over, with reference to the first para of the Government Order.

NT.

In September 1896 the Govt. revised the salaries of certain Supervisors & Asst. Supds. of Customs and in doing so suggested to the Board of Revenue the desirability of grading with the Sub-Inspectors of the Salt & Akhaur Dept. all Supds. & Asst. Supds. of Customs whose pay was Rs 30 & upwards. The Board accepted the suggestion and proposed to grade Supds. drawing Rs 125 and upwards as Asst. Inspectors, & to exclude from the grading Port Officers doing the duties of Sea Customs Supds. The Accountant General, who when the Board's proposal was passed, stated that to give effect to the grading a general proposition statement was necessary; which was accordingly called for from the Board.

2. The proposition statement was submitted by the Board, & when a draft order sanctioning it was circulated, the Hon. Member made the

the following remarks:-

"Is it wise to carry out this practical amalgamation (1) before we have definite rules under which the Salt & Akhar people will generally supervise the Custom houses. Unless definite rules are first prescribed, clashing of authority and comminations are almost certain to occur."

The Board was requested to draw up rules ^{on the subject} towards the close of 1895 and Mr. Marshall was placed on deputation for the purpose. The rules have not yet been submitted.

(2) "ought not this proposition statement for increased establishments under Salt to be accompanied by one for decreased establishments under Customs." A proposal for the latter purpose has since been received (vide under C. N. 9065). While the total monthly cost according to the present scale is Rs 2690, the cost of the proposed grading is Rs 2710 as shown below:-

H.M.'s remarks

(3) "Apparently some Assistant Inspectors for hemp drugs are included & the results thus observed."

Asst Inspectors for hemp drugs were sanctioned before the proposed scale under consideration came in. They are included both under present & proposed scales.

(4) "The effect of grading & x x x will, I take it, be to transfer a charge from a wholly Provincial head (Customs) to a divided head (Salt). Can we do this without reference to India."

With reference to this the marginally noted correspondence has taken place, the substance of which may be briefly stated as

Customs

as follows: -

(i) The Secy General suggested that the pay of the officers actually doing Customs work should be debited to 'Salt-Cash Remittance'. The vouchers would, then, be forwarded to the Board of Rev. & the charge would be debited to 'Customs' by it in its consolidated monthly returns to the A.G. The advantages claimed for this plan are that the cost of regrading would not be transferred from 'Customs' to 'Salt', and a reference to the Govt. of India would be unnecessary.

(ii) The office note proposed to debit the expenditure directly to 'Customs' without passing it thro' 'Salt-Cash Remittance'. The Financial Secy approved of the proposal; but the Secy General provided out that the vouchers would then not pass thro' the Board; and that it might be put to inconvenience in maintaining the history of services of the officials.

officials concerned and in granting them leave. This objection will be obviated by the Board undertaking the auditing of Customs bills, which it is prepared to do, if Govt. will sanction an addition to its establishment. Under the A.G.'s plan numbered (i) the Board would have to audit only the expenditure incurred on behalf of the 48 officers to be graded.

(iii) A third plan, which is however, not recommended by the A.G. is that the charge should be debited to 'Salt'. The excess to 'Imperial' should then be adjusted by the A.G. annually thro' the Land Revenue head with the sanction of the Govt. of India. The objection to the adoption of this course is that besides the annual reference to the Govt. of India, the charge under 'Customs' would be divided between two heads - i.e. the inspecting staff under 'Salt' & the clerks & menials under 'Customs'.

'Customs.'

(iv) The last plan which is recommended by the Board is to debit the charges to 'Salt' and make a lump adjustment at the close of the year in the case of Excise. The Financial Dept. pointed out that as the Salt establishment is likely to develop more quickly than the Customs, the charges to be transferred to the latter (a purely Provincial head) would increase with no benefit to it, unless the proportion was changed from time to time.

(v) If any one of plans (i), (ii) & (iii) be adopted, the question arises how in case of the employment of officers of higher grades on Customs work, the excess over the sanctioned cost should be met. The A.G. is of opinion that the excess should stand under 'Customs', as the regrading is in the interest of the Customs Dept. If this is not approved, an annual adjustment will be necessary, which would consist

consist in three-fourths of the excess being added to the Provincial share & deducted from the Imperial; & this would require the sanction of the Govt. of India. Regarding this adjustment the Financial Dept. states that the Customs Dept. would benefit without any extra cost at the expense of Salt. On the other hand Customs would lose savings owing to leave, &c. In this connection the Board states that by far the best plan would be to grade the whole of the Customs establishment with that employed in the Salt & Shikari work and that it has had under consideration the question of grading the clerical with the executive establishment throughout the Salt & Shikari Dept. & of increasing the auditing and other establishments in its own office. It has refrained from submitting proposals on this subject owing to financial pressure.
