GOVERNMENT OF FORT ST. GEORGE.

LEGISLATIVE DEPARTMENT.

QUESTIONS proposed to be asked at the Meeting of the Legislative Council to be held on the 13th May 1893 by the Honourable C. Jambulingam Mudaliar.

Revenue Department.

VII (a). Is it a fact that frequent representations were made to the Board of Revenue in the year 1891 and once in the same year to Government by the ryots of Angadu, Kummur Sirvian, Orakkadu and adjacent villages in the Ponneri Taluk, Chingleput District, which are irrigated by the Sholavaram Tank, complaining about the irregular and scanty supply of water to their lands by reason of competition of the ryots of numerous other villages situated nearer the sluice of the tank, and praying for the settlement of a scheme for the regular and equal supply to all the villages situated under the tank?

(b). Was a scheme for regular and equal distribution of water proposed by the Taluk or District authorities in 1892 and the same approved and notified in all the villages irrigated by the said Sholavaram tank, to be strictly adhered to on pain of prosecution for disobedience?

(c). Is the Government aware that beyond notifying the scheme for distribution in the villages, nothing further has been done to carry out the order in spite of repeated representations to the Taluk and District authorities in regard to the continued scanty and irregular supply?

(d). Will the Government be pleased to order enquiries to be made into the matter, and issue such directions as it may deem fit to remedy the long standing grievances of the ryots of the abovementioned villages?

Approved.

Question VII proposed. Was asked by Mr. Hon. C. Jamban lungam kundahis.

To Secretary.

VII (a)

One petition was received in 1891 from the Ponneri taluk praying for a regular supply of water to the petitioners' lands, and it was forwarded to the collector in G.O. 5009 of 21-9-91. This paper is now at Madras and a telegram ^{has been} sent yesterday for it. It is not known whether this paper has any reference to the irrigation from Sholavaram tank. There appears to have been no further correspondence on this petition.

(b)

There are no papers either in the ^{dept} or in the Irrigation Branch to show that the ~~water~~ is not in the river.
