To

The Board of Revenue, L. R.
Accountant General.

Note. The facts are concisely
stated in the Conservator's letter.

The Accountant General says that
Government can sanction the
allowance under Art. 1102 of the
Civil Service Regulations.
Under that Art Govt can sanction
the increased allowance if it comes
that the Officer was, by reason of
holding both appointments, obliged
to incur additional travelling &
what he was allowed to do.

A
How is this made out. As in charge
of one range he might have had
say 2000. If he had 2 or 3
ranges instead of one, the area
might be different but the total
distances or amount of his work
differ? *[Signature]* 2/11/88

Office

How many days in a month or in a half year or year must a ranger travel? How many days did this one travel during the time he was in charge of both ranges? How many of these days did he travel in each range.

Sankaranarayana Pillai
Ind P. H. M. / 4. 4. 98

Note for the H.C.

The telephonic message received from the Board's Office is herewith sent for your perusal G.O. No 629 is put up.

Ind N. S. / 15. 4. 98

Submitted to the Under Secy, with the original of G.O. No 629 which having been put up with another current could be obtained only today. I was sure that the Govt. had not prescribed the number of days during which a Ranger should travel and desired the to ascertain whether the Bo.

had prescribed any. The tele-
phonic message now received
shows that it has not. The
Board however says that in
para 3 of G.O. No 629 Rev. dy
1st July 1891 it was taken at
between 12 and 20 days in a
month, according to the class
of Officers. This however was
but a rough estimate made
at the time of drawing up the
notes connected with G.O. (in
consultation with an Extra
Asst. Conservator, Mr. Alwar
Chetty who was at the time at
Ootacamund) and was merely
intended to find out
to show the approximate in-
crease in travelling allowance
due to the reorganization of
the Forest Staff. From the notes
it will be seen that in the case
of Rangers the average number
of days in a month during which
they were likely to travel was
then taken as 20 days.

As regards the second
question of the Under Secy, it
is noted that the Forest Staff
is now being reorganized.

sent it appears that during
the 49 days the Officer was
in charge of the two ranges
he travelled 36 days or at the
rate of about 22 days per
incense. The days during
which he travelled in each
range (the Under Secy's third
question) cannot however be
exactly ascertained as there
is no information in the office
as to the particular range
in which some of the places
mentioned in the travelling
allowance bills.

Another point which
has to be brought to notice in
this connection is that Rangers
charged placed in charge of more
ranges than one do not draw
any charge allowance and the
practice of giving double travel-
ling ^{or conveyance} allowance in such cases
is being followed on the au-
thority of G.O. No 845 Rev. dy
29th Aug. 1897. The cases are
now submitted for the orders
of the A.C. who

opinion that each one should
under the strict rules contained
in the C.B.R. be considered by Govt
on its own merits (G.O. no 996
Res: of 21st Oct 1897) and six
five precedents (separately tied
up with red tape) are submitted.

It may also be
mentioned here that in addi-
tion to the fixed conveyance
allowance of Rs 15 per mensem
Rangers get daily allowances when
a chey travel.

old ranging rules
have since been
given up

mm
6.5.98

Secy

The above information
was furnished in order to
reply to the Secy's note
on the Draft G.O. above
& (4-4-8). The Ranger
by being in charge of
both ranges had to
travel for more days
than he ^(probably) would have
done had he been in
charge of one range only.

I agree that too increased to
can only be granted where the Ranger
has been more expensive than
the travelling for Rs 15 a
month is provided, & this is not
even assumed in this case.

The two precedents put up
extra expense was proved or
assumed & believed. In one
case it was because of longer
stay in forests where supplies
were expensive, in another it
was extra rail charges.

14/5/98

travelling allowance is
not being ~~sanctioned~~ ^{applied for}
so much in this form
as with the object of
giving the man some
remuneration for his
extra work - ranger
not being entitled to
any additional charge
allowance. There are
precedents as given above.
Ull
7.5.98

Hu.

I don't think increase
t. a. can properly be
sanctioned. A man does
not travel more in the
appetate by being in charge
of two ranges than one.
~~I do not think it is proper to~~
~~the increase in the~~
~~allowance~~

To pass it as a
sort of remuneration for
being in charge of two
ranges is illegitimate

9/5/98

Read B.P. For no 119 Refd of
18th march 1898

Order misno. 2139 of 18th May 98.

~~The Govt does not~~
consider that a case has been
made out for the grant of
double conveyance allowance to
the Ranger for the period he
was in charge of the Kantha
and Begur ranges and can-
not therefore accept the Con-
servator's proposal.

It does not appear that the
Ranger was by reason of
holding both appointments
obliged to incur addl travel
Expenses beyond what
he wd have incurred if
he had held only one of
them. The grant of the
increased allowance is
therefore inadmissible.
