Budget.

Reviewing the Tanjore District Board — for 1898-99.

GOVERNMENT OF MADRAS.
LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following papers:—

From J. ANDREW, Esq., President, District Board, Tanjore, to the Secretary to Government, Local and Municipal Department, dated 14th December 1897, Dis. No. 1321-D.B.

I have the honour to submit herewith the consolidated revised estimate for 1897-98 and the budget estimate for 1898-99 of receipts and charges of the Local funds of the Tanjore district, together with the prescribed statements as per list enclosed.

2. The estimates were placed before, and approved of by, the district board at a meeting held on 14th December 1897 (*vide* copy of resolution No. 1 enclosed).

3. The subjoined statement shows the revised estimated receipts and charges for 1897-98:—

REVISED ESTIMATE FOR 1897-98.

	District Board.	Tanjore Taluk Board.	Kumbakonam Taluk Board.	Negapatam Taluk Board.	Mannargudi Taluk Board.	Pattukkottai Taluk Board.	Total, Taluk Boards.	Grand Total.
Balance on 1st April 1897..	Rs. 3,09,430	Rs. 28,500	Rs. 38,330	Rs. 11,660	Rs. 25,750	Rs. 4,560	Rs. 1,06,800	Rs. 4,16,230
Receipts	6,15,820	63,610	87,920	70,580	42,310	21,130	2,85,560	8,95,800
Total	9,25,250	92,110	1,24,250	82,240	68,060	25,690	3,92,350	13,12,030
Expenditure	7,75,380	73,100	96,870	82,240	68,060	25,690	3,92,350	13,12,030
Balance	1,49,870	19,010	27,380	7,510	10,910	22,040	3,23,890	10,93,700
						3,650	68,460	2,18,330

As compared with the sanctioned budget of 1897-98, the revised estimate stands as under:—

	As per budget, 1897-98.	As per revised estimate.	Increase.
Opening balance	Rs. 2,64,620	Rs. 4,16,230	Rs. 1,51,610
Receipts	8,60,610	8,95,800	35,190
Total	11,25,230	13,12,030	1,86,800
Expenditure	9,98,570	10,93,700	95,130
Balance	1,26,660	2,18,330	91,670

4. The revised estimate of receipts shows a net increase of Rs. 35,190 over the budget estimate, the items chiefly contributing to this increase being "Choultry rents" (Rs. 14,270), "Land-cess" (Rs. 6,180), "Sundry receipts" (Rs. 5,670), "Investment in Government securities" (Rs. 4,100), "Fishery rents" (Rs. 1,560) and "House-tax" (Rs. 1,270), counterbalanced by small decreases in other items. Under charges the investment of Rs. 1,25,000 in favour of Railway Guarantee fund in addition to the amount provided in the budget mainly contributes to the increase. The above and other variations under receipts and charges, except those noted below, are fully explained in the remarks column of Statement No. IX.

5. *Grant 1, Repairs—Miscellaneous Public Improvements.*—A lump sum of Rupees 50,000 was provided in the budget under this head for the survey of chattram villages as the precise mode to be adopted in conducting the survey was not then decided. During the progress of the survey it was found desirable for various reasons not to unduly press forward the work, and consequently it is expected that not more than Rs. 22,120 will be spent during the current year. It is hoped that the work will be completed during 1898-99 and necessary provision has been made in the budget for next year (*vide* paragraph 25 *infra*).

6. *Grant 2, Secondary Schools—Salary System.*—A provision of Rs. 180 was made during the current year by the Negapatam Taluk Board for the temporary entertainment of an additional teacher for one year on Rs. 15 per mensem for another section of the first form of the Tiruválur high school. The appointment was rendered necessary owing to the increase in the strength of the class.

7. *Secondary Schools—Salary-result System.*—On the recommendation of the Educational officers, the board primary school, Kilayur, was raised by the Negapatam Taluk Board to the lower secondary grade. A new teacher on Rs. 12 per mensem was therefore entertained for this school.

8. *Grant 3, Medical—Clerks and Servants.*—A gardener on Rs. 4-8-0 per mensem was entertained by the Negapatam Taluk Board for the Tiruválur hospital.

9. *Grant 4, Bungalows.*—Provision has been made by the Pattukkottai Taluk Board for the entertainment of a kavalgar at Sethubava chattram bungalow for a period of three months of the current year, the bungalow having been just taken over by the taluk board.

10. *Choultries—Establishment.*—The appointment of a watchman on Rs. 5 was sanctioned by the district board in August 1897 to watch the chattram Alayathi forest at Muttupet as his entertainment was likely to increase the income of the forest and to prevent smuggling of wood from the same.

BUDGET ESTIMATE FOR 1898-99.

Receipts.

11. The year is expected to open with a balance of Rs. 2,18,330. Adding to this Rs. 8,68,150, the estimated receipts of the year, the total assets amount to Rs. 10,86,480. Deducting Rs. 10,00,440, the amount proposed to be spent, the year is expected to close with a balance of Rs. 86,040. Of this sum, Rs. 9,330 belongs to the Railway Guarantee fund, Rs. 51,210 to the Endowment fund and Rs. 25,500 to the General fund, the distribution between the district and taluk boards being as shown in the margin.

The subjoined statement shows in one view the estimated figures of the year under the district and taluk boards:—

12. (1) *Rates and Taxes—(a) Cess on Land.*—The receipts under this head are estimated at Rs. 4,43,230 and are based on the land revenue collections estimated for the Provincial budget:—

	Budget for 1897-98.	Revised estimate for 1897-98.	Budget estimate for 1898-99.
Nine pies	Rs. 3,27,200	Rs. 3,31,840	Rs. 3,32,420

Total	4,36,270	4,42,450	4,43,230

13. *House-tax.*—Rs. 20,680 are entered as income under this head against Rs. 18,900, the budget estimate of the current year. The increase is due to the revision of the tax in the unions of the Tanjore, Kumbakonam and Mannargudi Taluk Boards.

14. *Education—(a) School-fees.*—The increase of Rs. 1,310 under the taluk boards is chiefly due to expected higher collections in the Tiruválur high school and in the Tirutturaippundi middle school under the Negapatam and Mannargudi Taluk Boards, respectively.

15. *Interest on Government Securities.*—The amount shown under this head for 1898-99, viz., Rs. 47,000, represents the interest at $3\frac{1}{2}$ per cent. on the investment made in favour of the Railway Guarantee fund (Rs. 8,66,000), Medical school, Tanjore (Rs. 1,00,100), Raja's chattrams (Rs. 1,22,200) and chattrams and hospitals under the taluk boards (Rs. 2,54,400).

16. *Choultry Rents.*—The decrease is due to the absence of large arrears under this head as in previous years.

17. *Fishery Rents.*—The increase is due to the anticipated keen competition at the sales in the Tanjore and Kumbakonam Taluks.

18. (vi) *Public Works—Contributions from Private Individuals.*—Credit is taken for Rs. 1,835 under this head on account of the contribution promised by the Tambiran of Tiruppanandal mutt for constructing an out-patient dispensary building at that place.

19. *Earnings from the Mayavaram-Muttupet Railway.*—Rs. 52,000 is taken credit for under this head with reference to G.O., No. 826 R., dated 14th October 1897, communicated in G.O., Mis. No. 2219 L., dated 16th November 1897.

	Rs.
Tanjore Taluk Board	310
Kumbakonam Taluk Board	90
Negapatam	220
Mannargudi	90
Pattukkottai	80
Total	790

20. *Allotment from Taluk Funds.*—A sum of Rs. 790 is proposed to be recovered from the taluk boards on account of Provident fund for 1896-97 (*vide margin for particulars*).

Expenditure.

21. *Grant 1, New Works—(i) Communications.*—In addition to the provision of Rs. 18,590 for the works already undertaken, a sum of Rs. 26,050 is to be spent on the works detailed in Statement No. III-A. Owing to want of funds in the Pattukóttai Taluk, the district board has undertaken to contribute the amount required for metalling the important road from Arantangi to Kattumavadi and has provided Rs. 10,000 for metalling the first four miles of the road from Arantangi. The work is entered with an allotment of Rs. 10,000 against the Pattukóttai Taluk Board. On the strong recommendation of the Local Fund Engineer that the railway feeder road from road No. 35 to Kottagam (Vellaur) railway station on the Máyavaram-Muttupet line should be metalled, the district board has provided for an allotment of Rs. 3,200 for the work from the Mannárgudi Taluk Board funds and for the usual contribution of a moiety of the cost (viz., Rs. 1,600) from the district board funds for the same—*vide* paragraph 41 *infra*. As the Mannárgudi Taluk Board had a closing balance of about 10 per cent., the district board has raised the taluk board's allotment for the improvements to the village road from Peruvalandam to Muttupet from Rs. 3,250 to Rs. 5,000. The reason why the taluk board had not made larger provision for this road was that it had overlooked the new orders as to the sufficiency of a 5 per cent. balance.

22. *New Works—Civil Buildings.*—Under this head the Kumbakónam Taluk Board proposes to construct a dispensary building at Tiruppanandal, an important village situated on the trunk road leading to the lower anicut, twelve miles from Kumbakónam and to open the dispensary in 1899-1900, after the completion of the work. The Tambiran of the local mutt has consented to contribute a moiety of the cost—*vide* paragraph 18 *supra*.

(1) Renewing three miles of road No. 39 from Pápanásam to Saliyamangalam, Kumbakónam taluk ..	Rs. 3,500
(2) Renewing three miles of road No. 35 from Máyavaram to Tiruválúr, Nannilam taluk ..	3,500

+ Moiety of land-cess at nine pies ..	1,66,210
Estimated net receipts from tolls including municipal contribution ..	39,740

Total .. 2,05,950

Allotments for communications including those under Public Works Department under new works and repairs ..	2,16,860
--	----------

23. *Repairs—Communications.*—The district board has provided Rs. 7,000 for renewals of the marginally-noted works,* the Local Fund Engineer having represented that the gravelled surface of both the roads is so worn out in many places that special renewals are necessary to preserve them from going to pieces.

24. With reference to G.O., No. 1686 L., dated 14th September 1895, ordering that not less than one-half of the estimated income from land-cess *plus* the anticipated net receipts from tolls should be allotted for communications, Rupees 2,16,860 or Rs. 10,910 over the minimum is proposed to be spent on communications—*vide* margin for particulars. †

25. *Repairs—Miscellaneous Public Improvements.*—Under this head, Rs. 22,030 is provided for the completion of the survey of the chattram villages referred to in paragraph 5 *supra*. A sum of Rupees 10,790 or Rs. 1,340 more than in the current year is to be spent by the district board on the maintenance of avenues. The balance of Rs. 8,340 is provided for the repair of the chattram irrigation works and for the improvement of the markets. The increase under the taluk boards is chiefly due to the provision of Rs. 700 for the survey and demarcation of the Védáranniyam union to prevent encroachments.

26. *Local Fund Engineering Establishment.*—Provision is made for the increase of Rs. 88-14-8 to the original pay of the Local Fund Engineer referred to in this office Dis. No. 1246, dated 22nd November 1897. On the representation of the Local Fund Engineer that his present establishment is insufficient for the work, the district

board has sanctioned the entertainment of an additional clerk on Rs. 20. It has also sanctioned an increase of Rs. 5 per mensem as a personal allowance to his office head clerk S. Sundararaghava Aiyangar who has not had any increase to his pay of Rs. 30 for the last seventeen years.

27. *Contribution to Provincial Funds.*—Provision is made for the proposed grant of Rs. 4,000 for the completion of the trial station at Tirunellikaval on the Máyavaram-Muttupet Railway—*vide* G.O., No. 804 R., dated 11th October 1897, recorded in G.O., Mis. No. 2127 L., dated 2nd November 1897.

28. *Unforeseen Charges.*—A sum of Rs. 7,390 is provided under this head to guard against any possible breaches with reference to G.O., No. 1235-A L., dated 30th June 1897.

	RS.	29. <i>Grant 2, Education — Sessional Schools.</i> —Provision is made for the continuance of the three sessional schools working in the current year for a period of four months each during 1898-99 at a cost of Rs. 1,200— <i>vide</i> margin for particulars.

30. *Secondary School—Salary System.*—The increase under salaries of masters is due to the provision for an additional teacher for the Tiruválúr high school rendered necessary by the increase in the class attendance and to the raising of the present scale of establishment in the school consequent on the very satisfactory financial condition of the school, while that under "Clerks and servants" is due to the increase of Re. 1 to the pay of the school writer.

31. *Secondary Schools—Salary-result System.*—The variation under the district board is due to the exhibition of the transactions of the Nídámangalam girls' school under "primary schools, Salary-result system" instead of under "Secondary schools" as in the current year's budget. Under taluk boards, the increase under "Salaries of masters" is due to the raising of the Kilayur elementary school under the Negapatam Taluk Board to the lower secondary grade and to certain changes in the Tirutturaippúndi middle school—*vide* margin for particulars; while that under "Clerks and servants" is due to the entertainment of a peon on Rs. 3 to the Kilayur school above referred to.

32. *Elementary schools—Salary-result System.*—The figures shown against the district board for 1898-99 under this head represent the transactions of the Nídámangalam girls' school referred to in the preceding paragraph. The increase under taluk boards is provided at the instance of the Educational officers with a view to improve the efficiency of the schools. There is a net increase of Rs. 470 in the Tanjore taluk, Rs. 60

in Kumbakónam, Rs. 30 in Negapatam, Rs. 30 in Pattukkóttai counterbalanced by a decrease of Rs. 150 in the Mannárgudi taluk. The decrease of Rs. 30 under "Clerks and servants" is due to the abolition of the post of the peon attached to the Adiakamangalam school under the Negapatam Taluk Board, his retention being considered unnecessary in a primary school.

33. Grant 3, (a) Hospitals and Dispensaries.

The increase under the marginally-noted heads is due to the fact that some of the medical officers and compounders in the several institutions attain higher grades in 1898-99. Provision is made, on the recommendation of the District Medical and Sanitary Officer, for an increase of Re. 1 to each of the three compounders at the Raja Mirasidar hospital, their present pay of Rs. 5 being unduly low, and for the entertainment of a dhoby on Rs. 3-8-0 for the Porayar hospital. The district board is under the impression that the municipality should contribute more largely to the Raja Mirasidar hospital, and the matter is under correspondence.

34. Medical Pupils.—On the motion of the Superintendent, Raja Sir Ramaswami Mudaliyar's Lying-in hospital, Madras, the Tanjore and Mannárgudi Taluk Boards have made provision for the training of a midwife on Rs. 7 per mensem at Madras, as trained midwives are not locally available. At the instance of the Honorary Secretary, Countess of Dufferin fund, Madras, a provision of Rs. 240 has been made to meet the stipends of the female apothecary now undergoing training at Madras.

35. (b) Vaccination—Fixed Charges.

Provision is made for the entertainment of two additional second-class vaccinators on Rs. 10 each, and also for a peon on Rs. 7 for the deputy inspector of vaccination, Pattukkóttai range. As one first-class vaccinator and two probationers have been taken for general vaccination work to the central animal vaccination depôt at Tanjore, the entertainment of the two second-class vaccinators above referred to will, it is hoped, tend to increase the efficiency of the vaccine department. Even if the district board should eventually decide to obtain the lymph required from the Mysore Government vaccine institute at Bangalore, it may be found necessary to retain the services of these two vaccinators as vaccination has been backward in the district.

36. (c) Sanitation—(5) Other Sanitary Outlay.—Provision is made under this head for the sanitary inspector and his peon sanctioned in G.O., Mis. No. 1130 L., dated 12th June 1897, for the Kumbakónam Taluk Board. The same taluk board has proposed to increase the fixed travelling allowance of the sanitary inspector above referred to from Rs. 10 to Rs. 15. The Tanjore and Mannárgudi Taluk Boards have each made provision for a sanitary inspector on Rs. 35 plus Rs. 15 allowance. It is gratifying to see that all the taluk boards except Pattukkóttai which has no funds have made provision in this direction.

40. *Establishment in the Taluk Board Offices.*—The marginally-noted changes in the offices of the Tanjore, Negapatam and Pattukkóttai Taluk Boards were sanctioned by the respective taluk boards, but the district board has disallowed the increases of pay for want of satisfactory reasons. The district board has, however, approved of the provision made by the Tanjore Taluk Board for the entertainment of a clerk on Rs. 15 for the Tanjore taluk office to attend to Local fund work which is very heavy. The present taluk establishment is not able to look after such work properly and promptly. Provision is made from the taluk board funds for one-sixth pensionary contribution in accordance with G.O., Mis. No. 3328, Revenue, dated 17th August 1895, communicated in Board's Proceedings, No. 317, Land Revenue, dated 29th August 1895.

45. Proposition statements for the several changes as per separate list are enclosed.

From the Hon'ble Mr. D. DUNCAN, M.A., D.Sc., LL.D., Director of Public Instruction, to the Secretary to Government, Local and Municipal Department, dated Madras, 6th January 1898, No. 105.

With reference to the educational portion of the budget estimate of the Tanjore District Board for 1898-99, I have the honour to state that the provision made under the several heads is in accordance with the recommendations of this department and may be accepted.

2. The net expenditure proposed by the board under Grant 2 is Rs. 53,170 (Rs. 77,750—24,580), which is about 16 per cent. of the estimated income from land-cess.

From Surgeon-Major-General C. SIBTHORPE, C.B., F.R.C.P.I., Surgeon-General with the Government of Madras, to the Secretary to Government, Local and Municipal Department, dated Madras, 25th January 1898, No. 71.

I have the honour to state that the provision made in Grant 3 of the budget estimate of the District Board, Tanjore, for the maintenance of the dispensaries for the year 1898-99 is adequate.

2. The recommendations of the District Medical and Sanitary Officer regarding the (1) appointment of a separate hospital assistant for the out-patient department of the Raja Mirasidar hospital, (2) increased provision under medicines and surgical instruments, furniture, bedding and clothing and sundries for the institutions at Tirutturaippundi, Avadaiyarkóvil, Adirampatnam, Muttupet and Kuthanallur, and (3) increase in the pay of the head clerk and the second clerk attached to the office of the District Medical and Sanitary Officer by Rs. 10 and Rs. 5, respectively, require to be attended to and provided for.

From Surgeon-Lieutenant-Colonel W. G. KING, M.B., C.M., D.P.H., Sanitary Commissioner for Madras, to the Secretary to Government, Local and Municipal Department, dated Fort St. George, 4th February 1898, No. 262-S.

I have the honour to state that the expenditure on vaccination and sanitation, as estimated by the District Board, Tanjore, for 1898-99, does not call for any remarks from me. The board's proposal to increase the number of certificated sanitary inspectors, contained in paragraph 36 (5) of the budget letter, is well advised and has my support. It is a matter for regret that the Pattukkóttai Taluk Board is unable from pecuniary considerations to provide for the employment of a sanitary inspector. If it is possible for the district board to make a contribution to the taluk board in question to enable it to employ a certificated man, I would unhesitatingly advise the adoption of this course.

Under sanitation a provision of Rs. 3,450 is made to meet the expenditure incidental to epidemic outbreaks, such as, cholera or plague. The item is very much under-estimated and should be raised considerably. That there is solid reason for

radical changes in the sanitary control of this district is effectually illustrated by the fact that, during the current month up to date, 8,951 deaths from cholera have been reported with 12,398 attacks. These figures show that the local authorities are completely out of touch with the epidemic, as 9,000 deaths must represent about 18,000 attacks.

2. Under Grant 1, a sum of Rs. 2,155 is set apart for expenditure on certain sanitary works, which it is proposed to carry out next year.

ORDER—No. 513 L., dated 19th March 1898.

REVISED ESTIMATE FOR 1897-98.

2. The current receipts and charges are now estimated at Rs. 8,95,800 and Rs. 10,93,700, respectively, against Rs. 8,60,610 and Rs. 9,98,570 anticipated in the sanctioned budget. The increase in the receipts occurs chiefly under land-cess, house-tax, school-fees, choultry rents, fishery rents, sundry receipts, public works and investment in Government securities, while the increase in the charges, which appears chiefly under Grants 3 and 5, is partly met by decreases under Grants 1 and 4. With reference to G.O., No. 1045, Financial, dated 14th December 1897, communicated with G.O., No. 52 L, dated 11th January 1898, the receipts expected from the Mâyavaram-Muttupet Railway will be reduced from Rs. 54,000 to Rs. 53,000. The contribution to Provincial funds on account of the Peralam junction station will be reduced from Rs. 34,000 to Rs. 28,000 with reference to G.O., No. 215, Financial, dated 3rd March 1898. The additions to the educational, medical, choultry and

bungalow establishments, referred to in paragraphs 6 to 10 of the President's letter, are sanctioned. The closing balance to be carried forward to the ensuing year's budget will be Rs. 2,23,330, distributed among the several funds as shown below :—

BUDGET ESTIMATE FOR 1898-99.

3. *Receipts.*—The receipts are placed at Rs. 8,68,150 against Rs. 8,94,800 in the revised estimate, the decrease which appears chiefly under choultry rents, sundry receipts, provincial grants for education and the Mâyavaram-Muttupet Railway and investment in Government securities being partly counterbalanced by an increase under tolls and interest on Government securities. With reference to G.O., No. 1045, Financial, dated 14th December 1897, quoted above, the receipts from the Mâyavaram-Muttupet Railway will be reduced from Rs. 52,000 to Rs. 51,000.

4. *Charges.*—(1) The probable charges are put down at Rs. 10,00,440 against Rs. 10,87,700 in the revised estimate, the decrease which appears under Grants 1 and 5 being partly met by an increase under Grants 2, 3 and 4.

(2) *Grant 1.*—No expenditure should be incurred on any of the new works provided for in the budget until the plans and estimates have been sanctioned by competent authority. The addition to, and alterations in, the Local Fund Engineering establishment, proposed in paragraph 26, excepting the increase in the pay of the Engineer, are sanctioned. The contribution to Provincial funds will be raised from Rs. 4,000 to Rs. 6,000, with reference to G.O., No. 215, Financial, dated 3rd March 1898.

(3) *Grant 2.*—The additions to, and alterations in, the educational establishments, referred to in paragraphs 30 to 32, are sanctioned. As the proportion of Panchama boys under instruction in 1896-97 was only 5.1 per cent. of the male population of school-going age, the provision for the board's primary schools will be raised by Rs. 1,500 in order that at least ten additional schools may be opened for this class of people.

(4) *Grant 3.*—The increase of Re. 1 in the salaries of the compounders of the Raja-Mirasidar hospital and the entertainment of (1) a dhoby on Rs. 3-8-0 for the Porayar hospital, (2) the additional vaccination establishment, and (3) the two sanitary inspectors on Rs. 35 each with a travelling allowance of Rs. 15 per mensem and the increase in the fixed travelling allowance of the sanitary inspector under the Kumbakonam Taluk Board, referred to in paragraphs 33, 35 and 36, are sanctioned. The recommendations of the Surgeon-General and the Sanitary Commissioner in paragraphs 2 and 1, respectively, of their letters read above will be referred to the local boards for consideration.

(5) *Grant 4.*—The additions to, and alterations in, the choultry and bungalow establishments, proposed in paragraphs 38 and 39 of the President's letter, are sanctioned.

(6) *Grant 5.*—A sum of Rs. 8,800 is provided in lump for controlling establishments at the Presidency and for printing work done at the Government Press. Of this, Rs. 7,880 will be entered under the former head with reference to G.O., No. 2473 L, dated 22nd December 1897, and the remaining sum of Rs. 920 under the latter. The proposal of the Tanjore Taluk Board to entertain a gumastah on Rs. 15 with the usual pensionary contribution in the taluk office at Tanjore is approved. The necessary orders for his entertainment will be passed in the Revenue Department. The provision made for the purchase of the Lawrence Asylum Press Almanac and of Woodman's Digest must be disallowed as unnecessary.
